## PLAN OF THE BOOK.

Each of the children of William Smith<sup>1</sup> will be found at the head of one of the families of the family tree.

This brings the parents, children, and grandchildren of a family together, in order, leaving them registered all through the book in generations.

The generation to which each person belongs, however, will be known by the small figure on the right of a name.

The number of a child is practically the name by which it will be identified, as the same number always means the same person.

At a marriage the number is put in brackets for distinction.

### EXPLANATION OF LETTERS AND FIGURES.

A small b. for born; m. for married; unm. for unmarried; d. for daughter or daughter-in-law; c. for no children.

Successive generations will be understood by the given names with their generations as shown in the book, which read from right to left, is follow:—

(James H.<sup>1</sup>, George A.<sup>2</sup>, George<sup>3</sup>, Ann<sup>3</sup>, Samuel<sup>3</sup>, Thomas<sup>3</sup>, William<sup>3</sup>).

### FOR DATES.

1. 1. 25. is April 1, 1825. The first figure for the month.

---

In 1842, the Legislature authorized the printing of the JOURNAL OF THE NEW YORK PROVINCIAL CONGRESS, which work was accordingly published in two volumes folio. The first volume contained the Journal, proper; the second consisted of Correspondence.

During their Sessions sundry papers were laid before the Congress and placed on file, reference being occasionally made to them in the minutes. These papers consisted of Credentials of Delegates; Lists of persons who had signed, or refused to sign, the Association to sustain the Continental Congress and Provincial Convention; Petitions; Proceedings of the Military Committee; Military Returns, and other Miscellaneous Papers, which were not printed in the Journal.

JOHN MCKESSON, one of the Secretaries of the Congress, having deposited these Manuscripts in the office of the Secretary of State, they were ordered, in 1822, to be bound, and were accordingly included in sixteen volumes. Unfortunately, however, no chronological order was observed in the arrangement of the papers, which were mixed up promiscuously, without any reference to dates, and, in many instances, documents were separated, part having been bound in one volume, and part in others.

After much study and labor, copies of these papers have been brought together in proper order and chronologically arranged as now printed, and a few Petitions and Muster Rolls have been added from the unpublished "Assembly Papers" in the office of the Secretary of State.

The title and number of the manuscript volume, as well as the page, are given at the head of each document, in order that the original may hereafter be consulted, in case such reference be found necessary.

A General Index will be found at the end of the second volume of this work, which will facilitate any research or inquiry Historical or Genealogical writers may desire to make.

YONKERS, 21<sup>st</sup> October, 1776.

MY DEAR SIR: The continual movements of our Army have prevented my answering your favor of the 4<sup>th</sup> Current. The Warrants for filling up the four Regiments were delivered out in so irregular a manner and no final arrangement made of them, that it is impossible for me to give you a Rank Roll of our present Regiments. Secretary McKesson is the only one I know can furnish you with what you want.

All the discerning Officers of the Army See the necessity of having good Officers in it: without that you never can have a regular or Brave Army. The Contrast between those Troops who are well, and those who are ill Officered now in the Service, is so great, that it's impossible to have an adequate Idea of it, but by experience. It has made such an impression on the Minds of every Man of Sense (Civil as well as Military) from the neighbouring States who have viewed the Army, that they are determined to make one Vigorous Effort to obtain good Officers for the New Army. I hope ours will not be wanting in a Measure so necessary for their Honour, and the Common Safety. Old men without experience are utterly unfit for the Army; they want ambition which is the life and Soul of a Soldier; nor are they fit for it if they have seen Service, unless they are men of Genius, capable of improving by Service, otherwise they are a burthen to it; they are useless old boys, who pride themselves on having been in service without profiting by it. If

you would have Officers and Soldiers, the former must be men of condition in the Country, or Men who have a Sense of Honor and whose class in Life is respectable: These are necessary qualifications among others to make the Officer. Where these meet in men of Genius, those they Command will be Soldiers, but without it they will only be men. The Honor & Security of my Country have induced me to be thus free in giving you my sentiments on this important Subject. My old Regiment has no field Officer, which has been of great prejudice to it. Colonel Zedwitz being Cashiered, and Major Tuthill dismissed the Service, at his own request. It is greatly reduced by the desertion of the men who had wives &c in New York, and those belonging to Captains Hyatt's & Steenrod's Companies recruited out of the County of Westchester; however there are some good officers, and men in it, worthy to be retained in the Service; even the Bones of a Regiment are of great Moment in the forming one. No time should be lost in appointing Field Officers for it. It gives me great concern that many valuable Officers of my Regiment of last year, will not enter the service unless they are placed in their relative Rank with Colonel Dubois. I have stolen this Moment, and know not how soon my Brigade may be called to Engage the Enemy. I must therefore refer you to the inclosures. I am with Sentiments of Respect,

Yours and the Committees Very Hum<sup>l</sup> Servant,

ALEX<sup>R</sup> McDOUGALL.

On a Drum head in the woods. }

DEAR SIR: As I apprehend the Convention will soon be upon the bussiness for appointments for the New Army I cannot in Justice either to the Country or the following worthy men whose names I mention omitt recommending them in the strongest manner, Viz Capt. Edward Meeks, L<sup>ts</sup> Ja<sup>s</sup> Blake, Prentice Bowen, Aspinwall, Cornwall, & John M. Foght, and Mr John Sanford my Adjutant.

I have had such repeated proofs of their Qualifications as Officers, that I with the utmost freedom I can Sollicett Company's for each of them. They are Brave, active, sober, and well disciplin'd—& I am sure Gen<sup>l</sup> Scott will join very heartily in my Sollicitation for them—they are willing to serve in the Capacity of Captains.

Since writing the above I find the enemy have left their Camp—the fog is just clearing away, and I have sent out 50 men from my Regiment to take possession of the Court house & the Rangers to Reconoitre to the Eastw<sup>d</sup> and shall detain Mr Mitchell at my post, (which is a mile advanced from our Army & for 8 days within musket shot of the Enemy's advanced post) untill I can send more certain intelligence—our conjectures are various—a country man just in says “they are gone to York.” If so we shall have a Chase. It is now past 8 o'Clock, the enemy are moved of to our right i. e. to the Height N. W. of the Court house.

I can make no farther discoveries in this Quarter, but that I am delivered from troublesome neighbours & have a prospect of sleep to-night. I therefore dispatch Mr Mitchell on to Gen<sup>l</sup> Scott who perhaps will have som Intelligence.

I have only to add that I always am with Esteem,

D<sup>r</sup> Sir your mo ob<sup>t</sup> S<sup>t</sup>

WHITE PLAINS, 7<sup>th</sup> Nov., 1776.

SIR: Since Mr Harper and you left me, I find that if Henry G. Livingston, late Brigade Major to Lord Sterling, should be appointed Lieut. Coll. of my old Regiment, those Officers who are worth retaining in the service will not continue. I therefore judged it my duty to give you this intelligence.

As I expect my Brigade will move in a few days, I cannot answer Mr Courtlandts letter on the subject of the Cloathing of the Troops till we take our next Post. The Enemy have moved to the Northward, and westard towards Dobbs Ferry yesterday. But we have not been able with certainty to gather their design.

They have destroyed all Furniture before them, and drove off the Cattle and sheep within their Reach. Time will only permit me to add, that I am with respect

From our intimacy for Some Time and my constant Observation of the Conduct of the Officers of my Division, I flatter myself that you will not take it amiss if I should hint a wish that you would take notice of an officer who I think has Done great Honor to himself, to you Sir, and the State to which he belongs, and great Service to the Publick, I mean your Brigade Major Pawling. ROBERT COCHRAN, Major.

General McDougall's Recommendation of Lieutenant-Colonel Cortlandt.

[Mil. Commit. 25: 845.]

As Lieut. Col. Cortlandt is the oldest of that rank, I take it for Granted as he is a young Gentleman of Family & Spirit, he will be appointed to the Command of my old Regiment. General Washington wishes to see Mr Henry G. Livingston provided for; he acted as Brigade Major to Lord Stirling. I think him a lively spirited young man, who will not disgrace the State. I know none of his rank who will serve, that will make you a better Lieut. Colonel. Captain Johnston the oldest in the regiment is known to the Convention; he is past improvement for a Major.

The officers of the Corps do not think him Qualified for the Majority. Captain Ledyard who is the second, is the man they have their eye on. I think him by far the best Qualified for it. 1 Question whether he will continue with a Company. Andrew Taylor is well Qualified for Adjutant.

The following are those who are proper to retain in the service:

Captains Johnston, David Lyons, John Wiley. Captains Hyatt, Steenrod, unfit. Cap<sup>t</sup> Forbus wishes to Quit the Service.

Capable of taking Charge of Companies: Lieut. Benjamin Walker & Henry Tiebout.

For first Lieut<sup>s</sup>: Leonard Bleeker, Tho<sup>s</sup> Lefoy, James H. Hughes; Jno. Johnston, sickly; William Tapp; Lieut. John Huston, an excellent officer.

Qualified for Sec<sup>d</sup> Lieut.: Lieut. Theodocius Fowler, Ensign James Fairly, Ensign James Bonnel; Gilbert Livingston, Ensign; William Glenney, Sergeant, will make a good Ensign.

[Mil. Commit. 25: 188.]

GENTLEMEN OF THE COMMITTEE OF ARRANGEMENT: If there should be a vacanse for a Lieutenant in Capt. McKean's Company I would recommend Joseph Harper who had served under said McKean this last Campaign as a Volunteer at his own expense on purpoe to qualify him self for the service, and is capable of enlisting a number of men & would be very agreeable to Capt. McKean & Lutt French. But if there cannot be a provision made there I would request some other place.

From Gentlemen your humble servant,

WILLIAM HARPER.

SIR: Being informed that the Regiment in which I now serve, is shortly to be disbanded, & probably I may be out of office, unless the Interposition of my Friends may prevent it, & as I hear there are four Regiments to be raised for the State of New York. In consequence therefore of the good opinion you was pleased to entertain of me, while I had the honor of Boarding with you at Mr Scotts in New York, and of your willingness to promote my Interests, I now take the Liberty of requesting the Favor of you to use your influence with the Convention in my Behalf for an office in one of the above Regiments. Of my military Character, Colonel Wiessenfels & others with whom I had the Honor to Serve, can give you a particular account. In other Respects I flatter myself I am not altogether unknown to several of the members of the Convention.

GENTLEMEN: When I consider the Misfortunes of the Rev<sup>d</sup> M<sup>r</sup> Tetard, I cannot refrain from recommending him to your Committee, as I flatter myself you will pay some attention to his case in Forming the Staff of the New York Brigade. Our provincial Congress were pleased to appoint him to the Offices of Chaplain and Interpreter with the Rank of Major in the Canada Service. He will produce to you Gen<sup>l</sup> Arnolds Certificate as a Testimony of his good Conduct. The losses he has met with since his Return merit in my opinion no small attention. His House in the City which Rented for £70 per Annum with some valuable Furniture in it has been reduced to Ashes—His farm in the Country entirely destroyed by our own Troops, and thirteen Slaves most probably captivated by the enemy. He is therefore reduced to abject poverty. As to his political sentiments Collected not only from private Conversation but from his preaching he appears to be a regular Friend to the American Cause. I must therefore, in justice to him take the Liberty earnestly to recommend him for the Office of Chaplain in the New York Brigade.

PEEKSKILL Nov<sup>r</sup> 26<sup>th</sup> 1776.

DEAR SIR: I intended to have sent you a concise dissertation upon the subject of our late conversation at Fish Kills; but the constant Hurry and innumerable other inconveniences of a camp life put my mind not accustomed to these scenes into such an unsettled state, that I was seldom in a temper for attempting this necessary service. Being still in the same situation I can send you only a few lines argumentorum without illustration or arrangement. These are the sacred rights of conscience, and the policy of indulging even such of its scruples as appear whimsical. the solemnity of an oath, and the requisites necessary to make us feel its binding energy, the exceptionableness of the English Mode of making oath, as originating from superstition,

\* Son-in-law of General MacDougall.

as not containing an Explicit appeal to Heaven, and as being offensive to the greatest part of the Protestant Church. the visible tendency of the Scots' mode to to impress the conscience of the Swearer, and to draw from him a discovery of the truth, and the Sanction it receives from the concurring practice of God, Angels and the best of men in the ages of inspiration. I might add other considerations but if these were set in a full light the evidence against the English and in favour of the Scot's mode of making oath would in my opinion be demonstrative. I hope the Honb<sup>le</sup> Convention in Settling the Constitution of this State, will at least make the Scot's mode as legal as the English. At the same time I hope they will take proper steps for stemming the torrent of profanity and vice, that disgrace our Country and expose it to the vengeance of Heaven, especially profane cursing and swearing, and the open violation of the 4<sup>th</sup> Commandment, and that they will declare clergymen of every denomination ineligible for a place of authority in the civil department.

Next week I return to my family, near Bound Creek impressed with the melancholly reflection that my congregation is dispersed that I have little prospect of being useful whilst every visible source of supporting a rising family is dried up. I do not however despond. My allsufficient God will provide, and will not I hope suffer me to be altogether useless. I am open to his direction, and wait for a call to serve him in the station of a Chaplain for the Army, or any other consistent with my office.

May God direct you and make you eminently useful in your present station.

I am Dear Sir Your Obed<sup>t</sup> Serv<sup>t</sup>

JOHN MASON.

P. S. Give me leave to beseech you to urge in Convention the absolute necessity of making every preparation for rendering our river unnavigable by ships of War through the Highlands. I believe you will scarce be able to read these hasty unconnected sentences.

Captain Sacket to Robert Yates.

PREECKILL, 27<sup>th</sup> Nov<sup>r</sup> 1776.

SIR: By desire of Coll Livingston I have to inform you that Lieut Ebenezer Mott who was appointed to our Regiment has declined Serving. Joshua Drake's Resignation who was appointed Ensign to my Company, Coll: Livingston informs me he had reported to you.

I desired the Coll: to recommend some other person to you to supply the place of M<sup>r</sup> Drake but he told me any person that I should think capable would be agreeable to him, and did not doubt a Recommendation from me would be sufficient as it was by his desire.

I therefore take the Liberty to mention to you M<sup>r</sup> Gilbert Strang as a very fit person for an Officer, his abilities render him capable of making a figure in Military Life and I doubt not his exerting himself for his Country's Good. I should take it a particular favour to have him appointed Ensign to my Company for which purpose he now waits upon you.

SIR: The Committee of Arrangem<sup>t</sup> have been informed by the members of Tryon County that Capt<sup>n</sup> McKeen, and his Lieutenants Ebenezer French, Albert Vander Werke and Gerrit Pottman instead of having discharged his Company are still in service and at the same time recommended those officers as well qualified to continue in service. Without relying however too much on recommendations which probably may be partial or interested the Committee have directed me to apply to you for

farther information: If they are officers with qualifications such as Congress requires by their late Resolves, the Committee will without hesitation place them upon the present Establish<sup>mt</sup> and the more so as the County of Tryon may probably conceive that it has been not sufficiently noticed.

The Committee as soon as they can compleat the arrangement, will furnish you with a copy. I have the honor to be with the greatest Esteem, Sir,

Your most ob<sup>t</sup> h<sup>l</sup> Serv<sup>t</sup>

FISH KILL, Nov. 29<sup>th</sup> 1776.

Whereas we are informed that it has been Reported that Capt. McKean & Lieut. French had last summer discharged their Company without any leave, order or authority. We do hereby certify that the above Report is false & groundless. That the said Company has been kept up in service. That we have lately seen the said officers and the Company and know of our own knowledge that the said Company was in service on the Twenty first Instant when we were on our way to Fish Kill. We do farther certify that the said Captain McKean & Lieutenant French are good and worthy officers in our opinion. We farther certify that Captain Jacob Seber's Company is dispersed which may probably have given rise to the report that Captain McKean had discharged his Company.

ALBANY, December 9, 1776.

DEAR SIR: Colonel Van Schaack has returned to the Committee of Arrangement Mr Van Valkenburgh amongst the number that declined to serve.—Mr Van Valkenburgh is now here, and has requested me to write you, and begs his name may not be taken off the arrangement, and in the company he was fixed to, and that he now has consent from his parents,—I think him a very fine young fellow, and should be sorry to lose him. He also assures me that Mr. Samuel Thorn will accept. He has received a letter from him. Mr Henry Devandorph, who was given up to us as indifferent, has, since we were at Saratoga, done some very extraordinary services. This I have from Col Van Schaack; and I believe he will make a good officer. He is full of spirit and pride I know, and from what I can learn, he is sorry for the offence he has given some time ago to one of his Field Officers.

I am, sir, your most obedient,

FISHKILL, December 31, 1776.

GENTLEMEN: As the appointment of Ensigns in our Battalion is not completed, I beg leave to recommend Christopher Hutton, a young man late of the City of New York, who served during the last campaign in Colonel Malcolm's battalion, Sergeant in Captain Brasher's company with great credit, as I have been informed by sundry officers of said battalion. At a time when there are so large a number looking out for appointments, I should not mention any person, was I not very well acquainted with this young man, and did I not personally know him to be of great merit for a youth of his opportunities, and that he has such virtue as is too seldom to be found in our days. His military talents I have reason to believe from good accounts, are such as promises him to be an ornament to the army.

I am, gentlemen your very humble servant,

To the Honorable the Members appointed by the Convention a Committee for arrangement of officers of the State of New York.

The Memorial of Lieutenant Colonel John Fisher, Sheweth,

That your Memorialist was an officer in the American Forces the last war and the war preceding and at the close of the last war was Captain of a Company raised in the Province of New York. That immediately after the taking of Ticonderoga an

application was made to your Memorialist by the Committee of the County of Albany in consequence of which your Memorialist did raise a Company of Seventy five Men and then proceeded to the Post then esteemed the most dangerous and absolutely requisite to be defended for the safety of the Province, where your Memorialist remained till the arrival of his Honor the late Brigadier General Montgomery.

That your Memorialist was present at the Reduction of St Johns and Montreal and Second in Command when General Carleton was repulsed in his attack on Longuille. That your Memorialist was particularly noticed by his Honor Brigadier General Montgomery, and by his Express orders was selected and did accompany him in the unfortunate attempt upon the Town of Quebec. That your Memorialist has received two appointments from the Honorable the Continental Congress, the first dated the 11<sup>th</sup> of July 1775, Commissioning him a Captain in the Second Regiment of New York Forces and the Second dated the 21<sup>st</sup> June 1776 appointing him Lieutenant Colonel of the Regiment under Command of Col<sup>l</sup> John Nicholson Esq<sup>r</sup>.

That your Memorialist doubts not that his character as a Soldier is well known to the Members of this Honorable Board and requests that you Gentlemen will be pleased to take this state into your serious and attentive consideration.

SIR: You would much oblige me if you would let Captain Smith of my Reg<sup>t</sup> know who his Officers are if they are appointed and where they are to be found. The Committee of Arrangements in their Nomination of Officers I believe have overlooked a very Good Officer who I Should be very Glad was appointed to the Vacant Field Officers Commission in the fourth Reg<sup>t</sup> if Maj<sup>r</sup> Derusua Cant be appointed, his Name is Smith and has acted in Capacity of Engineer at New York, a man of Approved Spirit and who might be of Great use to us if Dettached. He was L<sup>t</sup> Col<sup>l</sup> of Artillery but resigned on a Freuche Gentlemans being promoted over his Head His Christian Name I cant Recollect just now but doubt not but many Gentlemen of your Committee know him. he is vastly superior in my Opinion to either of the Officers you Mentioned to me last Night in Point of Military Capacity. Francis Harmone is Recommended for a Q<sup>r</sup> Master by Gen<sup>l</sup> James Clinton.

These are the Last persons I will venture to mention to you lest my recommendations should be taken as a desire to promote those who are my favourites in the Reg<sup>t</sup> with me. Tho far from being the Case, nothing but a Desire of forwarding the Service by Getting Men of Capacity in it Could have induced me to go the Length I have. ## Petition of Arondt Van Hook.

[Petitions, 33: 660.]

To the Honorable the Committee of Arrangement for the State of New York.

The Memorial of Arondt Van Hook Sheweth

That your Memorialist having served in the New York forces under the late arrangement as Lieu<sup>t</sup> & Adjutant with fidelity & honour (as can be made fully to appear) is greatly desirous of continuing in the Service but your Memorialist finding himself (as well as others) neglected in the new Establishment has reason to conclude it to have proceeded from inadvertency your Memorialist not having apply'd as others did for a future continuance readily concluding that the old officers who had acted well would be notic'd without an immediate application from them for that purpose. But your Memorialist finding it far otherwise has taken this method to apply to the Honorable Committee for the purpose of future Services. your Memorialist esteems it scarce necessary to mention his continued services & perseverance in his Country's cause from the first of the present contest. They are known. Your Memorialist however deems it but just to intimate to the Honorable Committee that by the evacuation of New York he has suffered greatly, all his tobacco instruments & snuff mills by which he carried on that Manufactory being entirely consumed in the City by which he is Deprived of a branch of Business whereby he earned a comfortable subsistence for his family, and as your Memorialist is well convinced that the Honorable Committee require only a knowledge of facts whereby to remove just complaints so he hopes to be found among the number of those who while in a Military capacity fully supported the character of an officer & a Gentleman and that the Honorable Committee will do justice to your Memorialist & enable him to act with vigor against the common Enemy of our invaluable Rights & Liberties.

ARONDT VAN HOOK.

Your Memorialist was the first Second Lient in the Reg<sup>t</sup> to which afterwards was annexed the Adjudancy of said regiment which he held during the service.

SIR: I understand by Co<sup>l</sup> Dubois that there are two vacancies for Companies in his Reg<sup>t</sup> and there are Several applications by Persons who are not at present in the Army—when I saw you last I understood when the Regts were once form'd that the Officers should rise regularly—if Commissions are given to all those who now Solicit, Officers who at first accepted, & have been in Service from the beginning,

will be degraded, & those who now only seek will have Promotion. In the Rank Roll Mr Norton was placed before me but it is an entire mistake -- He served a 2<sup>d</sup> Lieut. when I was a first. I desire nothing more than my just due.

I have Rec<sup>d</sup> an Answer from Mr Teunis Van Waganer who was to have been appointed an Ensign provided he would accept, he does, and is now Recruiting he wants to know his Off<sup>r</sup> and what Date his Commission will bare. Lieut. French accepts and is recruiting. he begs his Rank may be maintained. he was a first Lieut. last year in Col Wynkoop's Regt.

I shall be Happy to be Informed which of the Capts Copp or McKeen is to serve in the 2<sup>nd</sup> Bat<sup>n</sup> that I may give one of them orders to join the Regt.

If their Should be a Vacancy after the above amend<sup>e</sup> I Shall be glad if the Committee will indulge me to name the person to fill it up. Please S<sup>r</sup> to send me a Copy of the Arrangement as amended the one I have being Very Imperfect.

Recruiting goes on very Slow the New Englanders give Twenty Dollars more than we are Enabled to promise.

I hope some allowance will be made the Recruiting officers whose Expences are large in going about the Country besides if they had Something allowed them it would make them more Industrious.

PEEKS KILL 19<sup>th</sup> Nov<sup>r</sup> 1776.

D<sup>r</sup> Sir: I am favoured with yours of yesterday, in answer to which I can only  
 say that the two lists of Officers, to wit, that of Colo Daboys's Regiment which I  
 inclosed to Mr Duer, and the one which your Sect<sup>y</sup> Copied yesterday, contain the

5<sup>th</sup>  
 Captain, John Bellknap (middling).  
 1<sup>st</sup> Lieut., Zachariah Hasbrouck.  
 2<sup>d</sup> Lieut., Henry Pawling (good).  
 Ensign, David Hunter (Indifferent).  
 6<sup>th</sup>  
 Captain, Abraham Swartwout (good).  
 1<sup>st</sup> Lieut., Simeon Tryon, Do.  
 2<sup>d</sup> Lieut., Eli Parsons.  
 Ensign, Gilbert Livingston, ap<sup>d</sup> Sept.  
 1<sup>st</sup> (good).

7<sup>th</sup>  
 Captain, Increase Childs (middling).  
 1<sup>st</sup> Lieut. John Lloyd (good).  
 2<sup>d</sup> Lieut. Sam<sup>l</sup> Dodge (Ind<sup>t</sup>).  
 Ensign, John Punderson (Ind<sup>t</sup>).

8<sup>th</sup>  
 Captain, Daniel Roe. —  
 1<sup>st</sup> Lieut., Jonathen Titus.  
 2<sup>d</sup> Lieut., George Smith.  
 Ensign, Benjamin Titus.

Doct<sup>r</sup> Petrus Tappen (good).  
 Mate, Van De Linden (Do).

of all the Officers under the Degree of Field Officers in my Brigade who I cannot recommend for the Standing Army, and I believe many of them were appointed would not accept.

I have no Ensigns in my Brigade. I have some good Sergeants but how well I am for a higher office I can't answer, nor do I know whether they would Continue in the Service. I hope I have no officer now above a 2<sup>d</sup> Lieutenant who would accept of a 2<sup>d</sup> Lieutenantancy in the Standing Forces. If I am so happy as to have recommended any such, Be assured I have been deceived in the Man. Do (if there are any such) be good enough to strike him out of my List. There is a certain young Mr Sam<sup>l</sup> Hunt, son of Cap<sup>t</sup> Hunt near New Rochelle, who I have had occasion to employ on Long Island this summer, he is very sensible, active, faithfull and well educated, I believe he would accept of a 2<sup>d</sup> Lieutenantancy and I wish it offered him.

James Duboys, Son of Matthew Duboys of Newwindsor, was named as a 2<sup>d</sup> Lieutenant in Duboys's Regiment. He had a Brother a Captain in the Service last year who behaved well and is since Dead; I believe it would answer to appoint him. The men who were with his Brother would incline to enlist with him. Many other young Fellows in the Country may be found who will answer & incline to serve, but I dont at present recollect their Names.

I am Your Most Obedient Servant,

GEO. CLINTON.

Since writing the above Colo<sup>s</sup> Graham & Swarthoudt have furnished me with the following names of Persons for 2<sup>d</sup> Lieuts — to wit

Quarter Master George Morehouse.

2<sup>d</sup> Lieut Oostrander.

2<sup>d</sup> Lieut Ebenezer Mott.

2<sup>d</sup> Lieut Van Bunschoten.

2<sup>d</sup> Lieut Benjamin Bogardus.

2<sup>d</sup> Lieut Horton.

2<sup>d</sup> Lieut Lawrence.

I cant conclude without Mentioning It as my opinion as well as that of most of my principal Officers, that the acceptance of the Officers I have recommended, should they be appointed, as well as the raising of Men out of my Brigade will much depend on the Field Officers who may be appointed & from Col<sup>o</sup> Dubois's being annexed to my Brigade, and having served with many of them last year, I am convinced they have strong attachments towards him, & believe him to be a good Officer.

[27 March 1777.]

GENTLEMEN: By the Copy of the Resolutions of this House of the 27 Day of March 1777, last herewith sent you you will collect their Intentions in raising a Corps of Rangers which as you will perceive by our Resolutions of this day you are directed to pay and arrange.

These Rangers have not as we are informed been raised according to the Direction or true Intent and Meaning of those Resolutions, 1<sup>st</sup> because many of them are not from the Tenor of their Inlistment bound (as they say) to serve during the War. 2<sup>dy</sup> because many of them are not holden to serve out of their several Counties & 3<sup>dy</sup> because they conceive themselves not to be under the absolute Direction of this Convention as was by the said Resolutions intended.

There objections arise as we are informed from two capital Sources, 1<sup>st</sup> that the Officers in order to complete their Companies have in some Instances deceived the Soldiers, 2<sup>dy</sup> that the Soldiers being well acquainted with the true Intent and Meaning of the Resolutions have made sinister Contracts with their Officers to be released in Case they Should be drafted obliged to do Garrison Duty and the like. To this they add that in some Instances the Resolutions have not been fully understood in that extensive Latitude with which they were drawn. As the Convention conceive themselves bound to keep Faith between the State and Individuals and at the same time to be faithful Guardians of the several Trusts reposed in them by their Constituents and particularly not to lavish the public funds. And as they cannot possibly attend to the adjustment of these accounts while matters of higher moment so loudly claim their attention. Reposing therefore especial Confidence in you they have delegated in this Instance their authority to you. You will therefore in the first Place generally discharge all such of the said Rangers as being unwilling to serve will forego their Pay, Bounty and Subsistence and in Lieu thereof accept a reasonable Compensation for the Services they have actually performed.

Secondly, All such of the said Rangers as shall enlist in one of the five Regiments now raising within this State you shall allow the full Pay & Subsistence during their Time of Service together with the whole Bounty, taking Care that you do receive of the Officer under whom they enlist the sum of twenty Dollars for each Man.

Thirdly, where it shall appear that the Men have actually been deceived by their Officers, you shall return the Names of such officers and make a small allowance to the Men for the said Bounty proportioned to the Times of their actual Service even tho they do refuse to enlist as aforesaid.

Fourthly, where it shall appear that the Soldiers have not been Deceived by their Officers but together with their officers have joined in such contracts (either

as are above stated you shall in like manner return the Names of such Men and you shall pay such men for their actual Services without any of Bounty unless they shall re-enlist as aforesaid.  
 If any of the said Soldiers having received already their Bounty, Pay and shall refuse to re-enlist as aforesaid and shall also refuse to accept a Compensation for their Services in Lieu of such Bounty, Pay and Sub- shall draft the said Men into one of the said Regiments and make their Names and Places of abode, together with the Regiments into which have been so drafted as aforesaid.  
 where it shall appear to you that any of the said Officers have done their fully and honestly and are worthy of holding Commissions you shall make of their several Names, Offices and Places of abode.

that the Companies of Rangers commanded by Captain Elias Haasbrouck, Ratson D. Witt, Alex<sup>r</sup> Baldwin, John A. Bradt, John Winn, Joshua Conckey, Lieut. Gideon Squ... be and they are hereby discharged.

that Copies of the foregoing Resolution be served upon the Persons therein named and that their several Companies be paid until the Time of the Service in such copies respectively.

Monday Morning, 10 O'clock, March 31<sup>st</sup> 1777.

The Commissioners met pursuant to adjournment.

*Present:* Lewis Burwell, Esqr. Chairman, &c.

The Committee made their report which being read was ordered to lay on the Table for consideration and is in the words following to wit:

Your Committee to whom was recommitteed the report of a Plan to prevent the evils arising from a spirit of monopoly so prevalent at present with an instruction to prepare a system of measures for remedying the evil occasioned by the present fluctuating and exorbitant prices of Labour, manufactures, Internal Produce and goods imported from foreign Parts have taken the same into consideration and are of opinion that the present fluctuating and exorbitant prices of those articles are owing to the following causes.

1<sup>st</sup> The great quantity of Paper currency brought into circulation for the purpose of supporting the war whereby that medium greatly exceeds the quantity of transferable property especially in those states in the neighbourhood of the Army and is therefore so far forth decreased in its value to those who have no further use for it than to purchase the necessaries and conveniences of life.

2<sup>a</sup> The nonimportation agreement which subsisted while any Hope remained that Great Britain would do justice to the Colonies and the great risk attending a foreign commerce since the Declaration of war have prevented the Inhabitants of these states from receiving the usual supplies of Foreign commodities which together with the scarcity of raw material and Implements requisite for their manufacturing the necessaries and conveniences of Life within themselves have reduced the quantity on hand greatly below the Demand for the actual consumption of the Country. Add to these that a number of disaffected and inimical persons in the different states who eagerly seize every opportunity of perplexing and distressing the good people in their present glorious struggle for every thing that ought to be Dear to Free men have refused to receive the continental and other curreneys in payments and where that could not be avoided have by investing their money in Silver, Gold and other commodities which have an Intrinsic Value and by giving high and extravagant prices for the same led the way for many inconsiderate persons to follow so pernicious an example whereby the spirit of monopoly and extortion have increased great quantities of the necessaries and conveniences of Life have been purchased and held up by some under an expectation that should the event of the war prove unfavourable to the United States property would be more secure in those articles than in

paper currency. By others with a view to the rapid increase of their Fortunes by extorting an exorbitant advance upon the prime cost of their goods which has induced the manufacturer to withhold his commodities and the labourer his service unless they could obtain a price equally extravagant.

For the remedy of which and to prevent the like evils in future your committee are of opinion That a general and permanent system for giving stability to and preventing extortion in the prices of Labour, of manufactures and of Internal produce within the United States and goods imported from Foreign Parts ought to be adopted and for this desirable purpose Beg leave to report the following Resolves:

*Resolved first*, That it be recommended to the several Legislatures of New York, New Jersey, Pennsylvania, Delaware, Maryland and Virginia by Taxes and otherwise according to the abilities of their respective states to collect as much as possible of the Paper currency already emitted and not to issue the same again but in cases of the most urgent necessity.

*Resolved secondly* That it be recommended to the several Legislatures aforesaid to fix the prices and enforce the sale of such commodities as now are or hereafter shall be in the hands of those persons who engross, monopolize or withhold them from market the same being necessary for the use of the Army or Navy or the consumption of the Inhabitants and that the following articles which may be so engrossed, monopolized or withheld from market be sold at a Rate not exceeding the price hereinafter mentioned viz. And that the prices of all other articles that are or may be Engrossed, monopolized or withheld from market as aforesaid be fixed by the respective Legislatures in such manner as that they shall bear the same proportion to those already enumerated which they usually did before the commencement of the present war.

And whereas the price of Labour and of Manufactures ought to be proportionate to each other,

*Resolved*, That it be recommended to the Legislatures aforesaid to pass Laws for the purpose of Fixing and settling the rates and prices hereinafter enumerated viz.

And further That the manufactures not herein enumerated be Rated by the respective Legislatures in such manner as that the prices may bear the same proportion to the price of Labour as now fixed that they did before the commencement of the present war and whereas the practice of exposing goods and Merchandize to sale by way of publick vendue has tended to increase the present fluctuating and exorbitant prices of the necessaries and conveniencies of Life and encourage the spirit of Monopoly,

*Resolved* that it be recommended to the respective Legislatures aforesaid to pass Laws for restraining such practice in future except in the case of commodities which shall have been condemned in a Court of Admiralty or taken by process Issuing out of the other Courts of Law in which cases to Regulate the sale by providing that no goods, wares or merchandize be sold in large lotts and that no lott be removed from the warehouse in which it shall be stored under the care and direction of the proper officer untill the purchase money for the same be first paid down. And whereas the most speedy and effectual measures ought to be pursued for procuring a sufficient supply of those commodities which are more immediately necessary for the use of the Army and Navy and the consumption of the Inhabitants.

*Resolved*, That it be recommended to the respective Legislatures aforesaid to encourage the commerce of foreign Parts by establishing Publick Assurance offices on the account of the respective states, To encourage by premiums and otherwise for a limited time the importation of medicines, woolen and Linnen cloths, coarse Hosiery, Felt Hats, Raw Hides, Tanned Leather, Men's common shoes, salt and wool, cotton and tow cards. To discourage by every prudent measure the importation and use of fine woolen and Linnen clothes and all kinds of superfluities, To prohibit the exportation of skins and Furs of all kinds except to some one or other of the United States. To encourage by Premiums and otherwise the encreasing the number and improving the Breed of Sheep, the Raising of Flax, Hemp & Cotton, the Manufacturing of coarse woolen and linnen Cloths and the Erecting of slitting and wire Mills and all salt works. Adjourned till 3 o'clock afternoon Monday.

The Commissioners met pursuant to adjournment.

*Present:* Lewis Burwell, Esqr Chairman, &c.

After some time spent in consideration of the Report the Commissioners came to the following Resolutions Viz:

Whereas it appears in the course of the proceeding of this Board That there is a great dissimilarity of Sentiments among the Commissioners about the measures to be adopted for remedying the evils occasioned by the fluctuating and exorbitant prices of Labour, Manufacture and internal produce within these States and of goods imported from Foreign Parts except Military Stores some conceiving themselves restricted by the resolves of Congress and the instructions received from their respective Legislatures from entering into any Regulations but such as shall directly limit the prices of those articles while others conceiving that such regulations will be productive of the most fatal consequences to these states are for adopting measures which in their opinion will in their operation tend to counteract the causes which have occasioned the evils so justly complained of from whence it is evident That this Board cannot proceed with unanimity in establishing any particular system of measures for answering the purpose of their meeting

*Therefore Resolved* unanimously that certified copys of the proceedings of the

Board be Transmitted to Congress and to the respective Legislatures of New York, New Jersey, Pennsylvania, Delaware, Maryland and Virginia and that this meeting be dissolved.

[Miscel. Pap. 37: 361.]

The evidence of John More taken before the Committee of the Precinct of Mamaroneck this 31<sup>st</sup> Day of March 1777.

That on Wednesday last at Major Deckers Samuel Haring came to him to persuade him to joyn in a certain Plot that they intended to put in Execution next Wednesday against the Whigs upon which More replied that he did not choose to act against them for he lived amongst them and they used him well and More asked him how they intended to proceed upon which Haring replied that Joseph Barton was to meet them with 3000 men at Sussex Court-house and the Design is that the men of war was to sail up the North River upon which they expected that the Militia would be called to guard along the North River and that they were to divide themselves into parties the one to come along this way and the other some other way and they expected a party from the Northwards across the Lakes to be joined by the Indians and so all at once fall upon the Country and cut off and destroy what they can.

And farther the Deponent saith that Haring told him that there was Recruiting Officers out a Raising all the men they could and for encouragement every man that joyns is to have 100 Acres of Land and that he the said Haring was to have the command of a Capt and that he had raised 28 men; Briant Hammon had 39 men and Francis McGee had 32 men; McGees men all sworn; said Haring likewise said that his brother in law Jacobus brink was one of his Principle men and James McCormick was one of his Serjants; that they were all to go over the mountain to Sussex Courthouse to join Joseph Barton. Said Haring likewise told More that if he did not joyn them they would certainly shoot him.

*Report on clearing the Jail of Kingston and removing Prisoners confined therein*

[Miscel Pap. 39: 309, 315.]

Your Committee to whom was recommitteed the Report of a Committee to devise ways and means for clearing the Goal in Kingston and removing the prisoners from <sup>Conce</sup>

Do report that there are now twenty nine State prisoners confined in the Goal of Ulster County whose several names and offences are specified on the other page.

1. That of those Persons Joseph Sheldon, John Savage, James Robinson, Jacob Schureman, Sam<sup>l</sup> Haines, John Van Etten, Joseph Turner, John Cummins, Bloomer Nelson, Samuel Divine & Alexander Crookshanks, stand committed for such crimes & under such circumstances, that your Committee are of Opinion they ought to remain in confinement, that there can be no Inconvenience in continuing a few Prisoners in the present Goal if a proper attention is paid to Cleanliness & a suitable apartment appointed for their reception.

2. That Jacob Scureman, Samuel Haines, Joseph Turner & Bloomer Nelson who are charged with being taken in arms with Lounsberry were examined by your Committee to whom it appears that these prisoners have already been confined in Goal seven months; that they are convinced of their misconduct, penitent for it, and desirous to take the oath of allegiance to this State, and to assert and maintain the Common Cause. Your Committee are therefore of Opinion that on taking such Oath of Allegiance to be administered by either of the Secretaries of Convention they be immediately discharged.

3. That upon considering the case of Malcolm Morrison, the several circumstances in mitigation of the charge; his past Imprisonment, and the earnest Intercession of many Petitioners who are known to be firm and zealous Friends to the Rights & Measures of America; His Contrition and promises of good behaviour, and finally his offer of giving all the proof of sincerity which remains in his power, by taking the Oath of Allegiance to this State. Your Committee from all those Considerations are of opinion that it will be best to discharge the said Malcolm Morrison from his Imprisonment on his taking the Oath of Allegiance in manner aforesaid.

Your Committee further Report that they have also examined Moses Knap who stands committed as a prisoner of War. That he asserts his Resolution to unite in the defence of the Common Cause; laments his past Errors; expresses his aversion to go to the Enemy if it should be permitted and offered and requests that he may be permitted to take the Oath of Allegiance to this State; and your Committee are thereupon of Opinion that on his taking such Oath to be administered by either of the Secretaries of this Convention, he be discharged.

Your Committee further Report that they have considered the case of Samuel Divine sentenced to death by a Court Martial for Treason against the State. That General Clinton as well as the Court Martial before whom he was tried and convicted have recommended him for Pardon.

They have also considered the Case of Jacobus Ousterhout Sentenced by a Court Martial to pay a fine of 40s. and also of Matthew McKenny Sentenced by the said Court to be whipped 39 Lashes. That your Committee are of Opinion that the delay which has unavoidably been occasioned on the Subject of General Clinton's Enquiries concerning these Sentences has exposed the two last mentioned prisoners to a close confinement which is a punishment adequate in the opinion of your Committee to that which has been denounced against them by the said Court Martial.

Your Committee therefore beg leave to recommend that a full & free Pardon be granted to the said Samuel Divine, Jacobus Ousterhout and Matthew McKenny respectively of their several Crimes and offences & of the Punishments aforesaid and that they thereupon be discharged upon taking the Oath of Allegiance to this State to be administered as aforesaid.

Your Committee further Report that the remaining Prisoners (to wit) John Finch, William Wing, Thomas Briggs, Daniel Crane, Nathan Sheldon, Enoch Hoag, Jacob Hoozeboom, Daniel Chace, Talman Chace, David Pemorook, John Sax, Frederick Countryman, William Eligh, and William Wood, who are respectively charged with disaffection to the American Cause have also been examined by us, and having severally expressed their attachment to the Common Cause and their desire to take the Oath of Allegiance to the State, and being entitled to the Benefit of the Resolutions of this House passed on the

Your Committee are therefore of opinion that the Oath of Allegiance be by the Secretaries of Convention or one of them administered to the last named fourteen Prisoners except that Enoch Hoag, Daniel Chace and Talman Chace being of

People called Quakers be permitted to affirm, and that they thereupon be discharged.

Your Committee further report that in their opinion it will be advisable to give notice to the Commission appointed by the Convention to enquire into and detect and defeat all conspiracies &c, and to the Committees of the Counties of Dutchess, Albany, Orange, Westchester & Tryon that no Prisoners ought to be sent to the Goal of Ulster County during the session of the Convention at Kingston.

*Resolved* that the Convention agrees with their Committee in the said Report.

*Resolved* that the said prisoners Complying with the direction before mentioned be discharged on paying the Gaoler and turnkey fees and Bill for their Support, where they are of ability to pay the same, and where they are not of such ability that such persons shall nevertheless be discharged & this Convention be answerable to the said Gaoler for what may be due to him from them of which the said Committee who made the above Report, or any two or more of them shall judge.

[On the 13 March, 1777, Messrs. Platt, Lawrence and Duane were appointed a Committee to inquire into the circumstances of the prisoners then confined at Kingston. They made a report accordingly on 20 March, which was read and recommitted, and Messrs. Phil. Livingston and Jay were added to the said Committee. Several of those prisoners were pardoned 23 May, 1777.]

*Petition from Westchester County.*

[Petitions, 33: 710.]

The Petition of the General Committee for the County of Westchester the Sub-Committee of Bedford and Poundridge, April 3<sup>rd</sup> 1777 humbly Sheweth,

That your Petitioners at this Hour labour under the greatest apprehension and Fear of being taken off by the Enemy, who are Night after Night making their Incursions a very considerable distance up the Country, They have actually captivated and taken off Judge Thomas W<sup>m</sup> Miller, Gil Budd Horton, and several other warm Friends to our Country. They are continually pillageing and plundering all before them, taking away Cattle, Horses and Stock of every kind from the well affected Inhabitants of our County and the worthy Friends in General. Never were we more exposed to the Ravages and Depredations of the Enemy than at this present time, whilst we are almost destitute of Troops to protect us. This is a moment loudly calls for Relief which we flatter ourselves lays in the Breasts of your Hon<sup>ble</sup> House to grant us. It is but for the want of a few Troops only that the warm advocates for our Cause in this County are compelled to desert their peaceable Habitations and what is more alarming to leave their wives and families exposed to the merciless Ravages of our most Inveterate Foes. If any thing can awaken or demand the attention of your Hon<sup>ble</sup> house the present alarming situation in which we now stand, must in a most ample measure; We your humble Petitioners Express our Willingness and Earnest Desire of repelling the efforts exerted by our Enemies to subdue and distress us, but at the same time our Efforts only cannot prove effectual unless your Hon<sup>ble</sup> House grants us some Troops to strengthen us which we humbly conceive you will, persons that were but a few days ago in our service and such as were deemed warm and hearty Friends to our Cause are continually flying to the Enemy for protections, because we have no Troops amongst us to defend them and their property. We absolutely think that the Enemy receives more supplies that pass through this County than from all the other parts of the Continent besides, both as to men & Cattle. The Insurrections of the Tories and disaffected in our County of late are more flagrant than ever which might be easily quelled provided we had some Troops amongst us, from the Idea we can form of the Enemies Ravages of late since our Passes have laid open, we imagine that they have taken off upwards of five hundred Head of Cattle, besides a large Number of Horses, Sheep &c They

more audacious and bold than ever since our late Defeat at Wards. If they  
 are permitted to carry on their Ravages in so unrestrained a manner, We your  
 Petitioners must inevitably fall a Prey and as victims into their hands. We your  
 Petitioners earnestly beg your Hon<sup>ble</sup> House's immediate Compliance with our  
 Request, and that your Hon<sup>ble</sup> House will be pleased to deliver your  
 Orders and orders respecting this Petition to the Bearer hereof, Capt Elijah  
 Hunter, who was appoin<sup>d</sup> by your humble Petitioners to wait upon your Hon<sup>ble</sup>  
 House with the aforesaid petition.

Signed by Order of Committee,

EDWARD THOMAS, *Secretary.*

KINDERHOOK, 9 April 1777.

Sir: I am Encouraged by the Known Humanity of your Character to recommend  
 the Inclosed Petition to your Particular attention and to request of you Sir that  
 you will Procure it that Notice which a Multiplicity of Business of more Publick  
 Concern might otherwise Prevent. M<sup>r</sup> Van Alens situation is very singular he  
 went away a year ago Publickly from hence to Connecticut from thence to the  
 Missispy where he has remained ever since, nor has it ever been pretended that he  
 did or Could take any part against the Publick Measures so far from it that he  
 Could have been Informed of the Transactions of the Country but very imperfectly.  
 After his return he was not four & twenty hours at home before he was taken from  
 his famely & friends, whom he had travelled Eight hundred Miles to see, and put  
 into a nausious Jail. I hope Sir the Honourable House will take this Matter into  
 Consideration. If they think he has not been Guilty of Crimes sufficient to Deserve  
 such severity that they will give him such relief as they think right, and I trust Sir  
 you will be so good as to obtain a speedy Consideration of this Matter in the house  
 in which you will for ever oblige as well his other Friends as his Distressed wife  
 who subscribes herself Sir,

Your Very Humble Servant,

NANCY VAN ALEN.

To the Honourable The President and Members of the Honourable Convention of  
 the State of New York now Convened at Kingston, &c:

The Petition of John E. Van Alen Humbly Sheweth,

That your Petitioner after a Twelve months absence was in a few hours after his  
 return apprehended, and having been arraigned before a Committee of your  
 Honourable House and by their order conveyed to the County Goal of the County  
 of Albany where he is now Detained a prisoner in close confinement, and for no  
 other Crime than asking time to consider of taking the oath of Allegiance to the  
 State. That your Petitioner, on account of the too great number confined in this  
 apartment, and many other weighty reasons which it may here be needless to tire  
 your Honours patience with a Rehearsal of, finds his confinement so very uncomfort-  
 able that he is not without the greatest apprehensions it may prove prejudicial to  
 his health, and cannot fail to give the greatest pain to a feeling mind to see his  
 Family in a place like this and well convinced that your Honourable House wishes  
 not to increase the distresses of those whose hard fortune it is to be detained as  
 prisoners the more as the Honourable Committee before whom he was arraigned  
 gave him the greatest encouragement that his confinement should be made as easy  
 as possible &c. Your Petitioner therefore most humbly begs the Honourable  
 House to take into their wise and serious Consideration his really unhappy situation,  
 and that prompted by Humanity, they may be pleased to direct the Committee of  
 this City to remove him from this place, and order him to be confined either on

Parole or Reasonable security in some private house, as near home as possible or in the Fort in this City (where a prisoner is now confined) to the end that he may live more comfortable and that his Family may have access to him and your Petitioner as in duty bound shall ever pray.

*Petition of Abel Noble and Peter Townsend.*

[Petitions, 33: 716.]

To the Honorable Convention at Kingston in the County of Ulster and State of New York.

The Humble Petition of Able Noble and Peter Townsend owners of sterling Iron ancor and Steel works. Your Petitioners Humbly Sheweth,

That whereas your Petitioners have been at Great Expense in Errecting the Iron ancor and Steel works at Sterling aforesaid, and have the last year Improved them chiefly in furnishing the Contentental Army with Iron ancors and Steel and are under Contract with M<sup>r</sup> Hughs Dep<sup>t</sup> Quartermaster which we have not yet half Completed from the want of hands to push on the Business as our hands many of them have absconded owing chiefly as we suppose from the weakness of their minds in not believing that its Reasonable men of so low fortunes as the most of them are should be Called away with the Millitia so frequently to Defend as they Immagine the Rich people of the Country, and upon such weak principles great part of them last fawl, winter and this present Spring have left the said works and those that still remain there and we believe Dont mean to hurt the American Cause and are Inclined to remain and follow their Business, but as they say they are threatened to be Drove of from the Works by some of the Millitia Officers as they report to us are therefore very much Discouraged and Cant follow their Business with any sattisfaction, and whereas the said M<sup>r</sup> Hughs has lately made proposals for a much larger Quantity of Iron and Steel than we heretofore have Contracted with him for, and as we are very willing to undertake to supply M<sup>r</sup> Hughs with all the Iron and Steel we can make Excepting what the farmer shall want for their use (who ought to be supplied) as they say and more Especially as it is for the use of the Continental Service, but dare not undertake the same Except our workmen can be protected and Excused from the Militia Service, therefore Humbly pray that the Honorable Convention will be pleased to take the same under their Delibered Consideration and order such protection as may Enable your Petitioners to fulfill their Engagements above mentioned and your Petitioners as in duty bound shall ever pray.

### *Memorial of Major Pawling.*

[Petitions, 33: 554.]

To the Honorable the Convention of the State of New York.

The Memorial of Albert Pawling Major of one of the sixteen additional Regiments ordered to be raised by the Honorable the Congress for the Service of the United States of America and Officered by his Excellency General Washington Humbly Sheweth,

That as well your Memorialist as the officers of four Companies in one of the said Regiments are Members of this State, as will appear from the inclosed List. That most of them are persons who have fled from the City of New York or Long Island leaving their all behind them rather than desert the cause of liberty and their Country by falling into the hands of the Enemy, and all of them (one or two sabal-terns excepted) have served as officers appointed by this State in the Service of the United States of America and tho' with some Degree of Military Reputation as will appear by the Recommendations given them to the Committee of Arrangement by the General officers under whom they more immediately served, yet they were (from unavoidable necessity as your Memorialist believes) unprovided for in the five Regi-

are assigned to this State to raise. Your Memorialist further begs leave to advise that the officers of the said sixteen Regiments are not confined to any particular State to recruit the same, notwithstanding which it has been the policy of the States of Connecticut and Massachusetts Bay to grant their respective State Bounties as well to Recruits (wheresoever enlisted) for those Regiments as for the Artillery where the Recruiting officers only are Members belonging to either of those States, by means whereof they furnish officers and this State men for those Regiments, and besides the honour of apparently furnishing a large Proportion of men for the War, at the close of it from the well known attachment that men generally have to the officers they will acquire by this stroke of policy whole Regiments of new subjects at the Expence of this and other of the States. Your Memorialist however means not by this reasoning to ask a Bounty or any Extra Encouragement for the Recruits of his officers and as he wishes so he will exert himself to raise as many in other States as he possibly can, for which purpose his recruiting officers have proper directions. But your Memorialist cant help humbly thinking that a late Resolve of this Honourable House giving an Exemption to such of the Militia from being drafted in the service as shall furnish or enlist men for either of the five Regiments of this State only bears extremely hard on his officers and will greatly retard if not totally prevent their filling their Companies except the same Resolve shall be extended to them. Your Memorialist therefore from a Desire of promoting the Interest of the State of which he has the Honor of being a Member and of promoting the recruiting service at large, by having his officers put on an equal footing with others of the same State, has thought it his Duty to lay the state of Facts contained in the above Memorial before this Honorable House with the fullest confidence (arising from the high opinion he entertains of their wisdom and Justice) that the said Resolution will be extended equally to the above four Companies as to the other Troops now raising in this State. And your Memorialist as in duty bound shall ever pray &c &c

I the Subscriber Do most solemnly swear that I Renounce all allegiance to the King of Great Britian that I will be a good and true Subject to the State of New York that I will to the utmost of my Power defend the said State against the Enemies thereof and that I will Discover all Plots & Conspiracies against it which may come to my knowledge and Pray God Almighty so to keep me as I do faithfully and sincerely keep this Oath and Declaration.

After taken this Oath the above mentioned Van Etten, McDarmoth & Newkerk subscribed their names seperately under said Oath and then Discharged them on paying the Cost & Expenses accrued in apprehending them.

Whereas Cornelius Newkerk and William McDarmoth in their Journey home in the Night being Afraid to ride through The Creek called at the house of Mr Joseph Ousterhoudt about 4 mile out of town and asked Mr Osterhoudt whether they could Lodge there? Mr Ousterhoudt Consented to Lodge them and after Their being a Little time in the house Mr Osterhoudt told them they could go to bed and Lit them to bed in an upper Room. Before the said Newkerk & McDarmoth went up Mr Elizabeth Yeomans lying in bed unknown to Newkerk & McDarmoth and Drew the Curtains of the bed Close Together so that she could not be seen by Newkerk & McDarmoth. After Mr Osterhoudt Left the Room the said McDarmoth & Newkerk when Laid Down supposing themselves Alone in the room began to talk About The Transaction of the Day before the Committee; being at the time overheard of Mrs Elizabeth Yeomans begun according to her Information as follows (to wit)

First Newkerk said they take us to be good Whigs but my heart is the same as before, then McDarmoth said so is mine but we now have taken the oath it is well, Newkerk said they read the Oath to me several times but I have taken Care that I should not hear it for I stopt my ears with wool. McDarmoth asked Newkerk where he got the wool, Newkerk answered I Brought it from Home as I Expect it that they should offer the Oath to me, McDarmoth said I Did not think so far when the Oath was offered To Me I asked what Oath I was to swear, they told me to be True To the Country and I Could do that and free my Conscience for it is our Country where we was born but the King is the Ruler of the Country. And one of them

said to the other Dont talk so Loud if we should be heard it would be worse for us than Ever. Newkerk asked M<sup>d</sup>armoth if he Did not think that they Could Force them to bring home their Arms, M<sup>d</sup>armoth said No, but M<sup>d</sup>armoth said I will keep an account so as one Did he mentioned his name but M<sup>r</sup> Yeomans Did not understand who they Named but he kept an account of Every Day that he was Confined and of Every meal of Victuals and so you must Do and Gysbert also If he will that we be allowed for it. Newkerk I would do it but I cannot Write but if my son Jacobus was Out of Goal he could Do it but I Expect he shall not Come out before he Takes the Oath. Then they talked About hanging a man; that would be the right way then they shall hare by and by how they shall Climb. Then Newkerk said it was Not true that was said of Me that he said he wished that the Regulars would Come here, that I should said that I Did not know what to Do with my son. Newkerk said he taught That if he would Give them money that they would not go and I would Not be willing to give them money for if it was to be Run against Them that he would always be sorry afterwards they must do there Own mind and farther said not. In the Morning when M<sup>r</sup> Yeoman Got up Early and reported the Discourse that was betwixt M<sup>d</sup>armoth & Newkerk in the Night to M<sup>r</sup> Osterhoudt, M<sup>r</sup> Osterhoudt immediately went to Cap<sup>t</sup> Silvester Salisbury and acquainted him thereof and immediately Cap<sup>t</sup> Salisbury Apprehended them and brought them to Town and the Committee Immediately called and met on the tenth Instant and heard the Information of M<sup>r</sup> Yeomans and ordered the said Newkerk and M<sup>d</sup>armoth to Appear.

The Committee acquainted them of the Charge Against them; they heard the Charge and Confessed Every word that M<sup>r</sup> Yeomans said.

The Committee Considered the Charge and adjudged that the said Newkerk and M<sup>d</sup>armoth should be Confined and Report the matter to the Commissioners Appointed by the Convention of this State of New York to Detect all Treasons, Conspiracies, &c., against the said State of New York.

The Committee pray the honorable the Convention of the State of New York to send this report to the Commissioners to Detect treasons & Conspiracies or take such order therein as to the honorable Convention shall seem meet touching the three prisoners (to wit) Cornelius Newkerk, William M<sup>d</sup>armoth & Jacobus Newkerk, mentioned in this report.

By order of the Committee,

JOHN DUMONT,

*Chairman of the Committee of Kingston.*

[April 9, 1777.]

[Miscel. Pap. 39: 449.]

Sam<sup>l</sup> Smith being duly sworn says Rob<sup>t</sup> Denton told him that he was going to the Enemy, & that he had tryed twice to go before but had failed; but swore he would go now—& that if his Horse would do for a Light Horse he would enlist in the Light Horse for he had always been a loyal subject to King George & would serve him that John Fluining said repeatedly that he was determined to go to N. York to join the Enemy.

SAMUEL SMITH.

William Wisner being sworn says—That he heard John Fluining ask Major Wisner whether he was going to New York—upon being answered in the affirmative he told Major Wisner that he himself was going there & had procured a Pilot & that they would go together & that he had twelve more men to join him—That he heard Fluining say he lately had a Conference with Coll. Beardley that Coll. Beardley broke off the Conversation with saying he did not care to stay any longer for fear People would mistrust them & that he said he believed Coll. Beardley was as good a subject as any in the Country & as the deponent understood meaning subject of the King of Great Britain—the Deponent further saith that he heard Robert Denton say he had attempted to go to New York last Winter—but was determined to go now.

WILLIAM WISNER.

Lieut Henry Dobbin being duly sworn Says—on Wednesday Last he met with John Fluining & his Son in the mountains a Little North of Stoten Berg who asked him Dobbin whether he was a loyal subject to King George & was going to New York upon being answered by Dobbin in the affirmative, he told Dobbin that he was also going to New York then & would furnish him with a Pilot which Pilot Fluining produced & also told him there were twelve more true Subjects to the King going with him & directed him where they were—and the Deponent further saith that he heard Robert Denton say he was going to New York & to the best of his Remembrance to join the New Recruits.

HENRY DOBBIN.

William Benedict being duly Sworn Saith—that John Fluining asked Major Wisner whether he was a true subject & wanted to see New York, upon being answered by Major Wisner in the affirmative Fluining said I am the Man will go with you. I have been waiting here ever since Last Monday—the Deponent further saith that he heard Robert Denton Say he had attempted to go to New York once before but had Failed but said he would go now at the Risque of his life—that Denton advised them in case they should meet the Continental Light Horse to form and fire on them—That John Fluining said that if he could go home for three days he could get one hundred or one hundred & fifty men to Join the Kings Troops from New Burgh.

Major Henry Wisner of Warwick in Orange County informed this Committee that Sometime last week gained intelligence of a Party of Tories going down to join the Enemy upon which he raised a party of Men and went in quest of them, that a little north of Stoten Berg he fell in with John Fluining and his Son, and on pretence of being on the same Errand himself & his party, drew a confession from Fluining that he & a number of others were then on there way to New York with a Pilot & that Fluining led him with his party to the place of Rendezvous—Where he seized the said Fluining & twelve others belonging to this State, viz<sup>t</sup> James Fluining, Elnathan Foster, David Wiot, Solomon Combs, Benjamin Smith, Stephen Wood, John Moffit, Benjamin Derby, Timothy Wood, Robert Denton, James Causman and Amos Ireland; and also four others belonging to the State of New Jersey viz<sup>t</sup> Micajah Waggoner, Coonrod Sly, Ebenezer Ellis & — Van Anden.

*Petition of Matthew Goes and Dirck Gardenier.*

[Petitions, 33: 662.]

To the Hon<sup>l</sup> the Representatives of New York in Convention.

The Petition of Matthew Goes Jun<sup>r</sup> and Derck Gardinier, Humbly Sheweth

That your Petitioners have been deprived of their Liberty ever since the 9<sup>th</sup> Day  
of October last, part of the time in Close Confinement and the remainder upon  
their parole of Honor. That their Families have greatly suffered and their Farms  
been reduced to a Ruinous Condition on account of their absence. While at the  
same Time that they have been deprived of improving and Reaping the Benefit of  
their Estates they have been put to very great additional Expence so that as their  
disbursements have been greater their Income has been less. Your Honours are too  
well acquainted with the Nature of a Farmers business & the necessity of his personal  
Presence to require any further arguments to point it out Especially at this season

& in the present well known scarcity of Labourers. That your petitioners have not During their Imprisonment tho' now six months been made acquainted with their Crime, but whatever it may be they hope your honours as Guardians of the Publick will find out a method by which the State may be secured from any Danger Real or supposed, and by which the petitioners may not be Restrained from taking Care of their Farms. The Rather as the Community in their Humble opinion is interested in the labours of Individuals & the Improvement of Husbandry. Your petitioners cannot but suggest to the Honorable House that Numbers of those who were sent from Albany with them were ordered to the New England States from whence they have returned Either by Permission of the authority there or in consequence of the late notice of the Commissioners at Fish Kill, and are now at Home while we are still obliged to undergo a painfull and Expensive absence from our Families and yet that your petitioners were kept at Fishkill and the rest sent to New England was not as they conceive owing to any Extraordinary Degree of Malignity charged against them. But whatever offence it may be supposed your petitioners have Committed they hope all things considered that it is not of so Enormous a Nature but that it may be Expiated by the Confinement they have already undergone, and whatever suspicions may have been entertained of any Dangerous Designs being harboured by them they hope will be Removed by a consideration of their strict observance of their Parole and Conformity to the Regulations prescribed for them, and that from these considerations the Honourable House will be of opinion that they may safely be Trusted to go home subject to the Restrictions which by them shall be Imposed, which they now most Humbly pray.

HURLEY the 18<sup>th</sup> Day of April 1777.

SOPAS, April y<sup>e</sup> 18<sup>th</sup> Day, 1777.

GENTLEMEN: We your Humble petitioners think our selves much a grieved in many instances and we Begg the favour of your Honours to take it into Consideration and form a way whereby we may Have Satisfaction.

In the first plase gentelmen we your Humble petitioners Recieved warants for inlisting men from this Bord for the Contanental servis whereupon we joined Corn<sup>le</sup> McDogle & Ritzemas Regments and served the Contry faithfully untill the first of January last and are Home now three months Pay due for ourselves and Companys and our poor Soldiers Complained to us for there pay and thought they was used ill, whereupon we advansed money to them some there Hall and some part of there pay and when we aplid to the pay master for the money He says that He should Not pay any men that Did not Crose the River and that he would Not pay any money to us that we had advansed, many of our men was then sick in the Con-

wounded and many Lost there Cloathes in the Batel at the plaines, poor  
 had not so much as shoes to there feet and scarcely cloaths to there Backs  
 other Extream Cold and they stayd and Did Duty 2 or three weeks on  
 side of the River therefore we think it very Hard that those poor Soldiers  
 be Deprived of there pay and we think it Hard that we are Not allowd to  
 the mony for our men as we formerly Did for it is very Hard that those poor  
 Be at the Expence of traveling forty miles for there pay therefore gen-  
 we pray you woud come into some method whereby we may be prevented  
 further trouble so we subscribe ourselves

Your Humble petitioners,

*Court Martial on Simon Mabce.*

[Miscel. Pap. 37: 383 387.]

Proceedings of a General Court Martial held by order of the Honourable Brigadier  
 General McDougall, April 11<sup>th</sup> 1777.

Col. PHILIP VAN CORTLANDT, President.

Col. Hooker,	Capt. Pearcey,	Capt. Sheppard,
Lt. Col. Wiessenfells,	Capt. Wright,	Capt. Bray,
Lt. Col. Renier,	Capt. Smith,	Capt. Johnson,
Capt. Riker,	Capt. Titus,	Capt. Camp.
Capt. Ben. Walker, Judge Advocate.		

Simon Mabce was brought before the Court and Charged with being Employed  
 by the Enemy as a Spy & for Enlisting men into their Service. The Prisoner on  
 his Arraignment Plead Not Guilty.

Abraham Van Wert being sworn deposeth that he had the Command of a Scout  
 at the 1<sup>st</sup> April that he went to the House of one John Hunt near the White  
 Plains, that suspecting some Tories were there they surrounded the House & the  
 Evidence went in with three Men to search, that they found a Man hid betwene a  
 Feather & a Straw Bed. The Evidence does not know the man but thinks his name  
 was Fred<sup>l</sup> Phillipse, that they searched him & found about some Oranges, Tea &  
 some Buckles. They then searched farther & in a back room found the Prisoner,  
 brought him out searched him & found about him a silver Dollar and some Paper  
 money. The Evidence then sent Alex. Fagen and another man to search the room  
 where they found the Prisoner, that Fagen brought out Fifteen Dollars in Silver, a  
 Warrant & Certificate.

The Warrant & Certificate being produced in Court are in the following words

Whereas his Excellency Sir William Howe Commander in Chief &c. &c. &c.  
 has issued orders to Augment his Corps of Guides and Axmen under the Command  
 of Major Holland Surveyor General of the Northern District of North America.  
 This is therefore to certify that Simon Mabce is authorized and Empowered by me  
 to engage Men for the said Service at the allowance of one shilling sterling p Day  
 and their Provision Gratis to be discharged if desirous at the Expiration of the  
 present or next campaign.

New York, March 30<sup>th</sup> 1777.

SAMUEL HOLLAND.

I do hereby Certify that Simon Mabce of the Militia of the City of New York  
 has in my presence voluntarily taken an oath to bear Faith & true allegiance to  
 His Majesty King George the third and to defend to the utmost of his Power his

sacred Person, Crown & Government against all persons whatsoever. Given under my hand at New York this 29<sup>th</sup> Day of March in the seventeenth year of his Majestys Reign Anno Don 1777.

D. MATHEWS,

*Mayor of the City of New York.*

The Evidence cannot possitively swear that the Warrent now produced in Court is the same but is certain it was nearly in the same words the Certificate produced the Evidence thinks it is the same that Fagen brought out—the Evidence thinks the Prisoner appeared to be frightened when he was taken—the Evidence knows Hunt at whose house the Prisoner was taken & says he bore the Character of a Tory.

Alex. Fagen being sworn says that he was ordered to go into the House to search that he found the Prisoner in a back room where they put their Meat, that he brought him out and gave him in Costody of the Guard, that he was ordered back to search the room which he did & found some hard money hid under a soap barrell and in a barrel betwene two pieces of Pork he found some Papers he did not read them but gave them to Abraham Van Wert who Commanded the Party. That Ab. Van Wert having Dropped some of the Money the Prisoner told him there was Fifteen Dollars & two Shillings. The Evidence says he knew the Prisoner before & his name is Simon Mabce. The Prisoner asking the Evidence if the money was not counted in his the Prisoners presence, the Evidence says it was. The Prisoner in his Defence absolutely denies knowing anything of the Papers that were found & says that there is a Simon Mabce who lived in Dutchess County and has been gone from home some time, that himself is a Labouring Man, that he worked last summer on Long Island, that he had money due him and went there for it & returned two or three days before he was taken and was then on his way to his Fathers near Croton Bridge, that he has never taken up arms against the Country, that the reason of his hiding in the back room was because he was afraid of being taken up for having been on Long Island.

Mary Putnam being sworn says she is Sister to the Prisoner that she has a Nephew named Simon Mabce who has been missing near a year, she does not know where he is, that the Prisoner has no wife or family.

The Court having Considered the Evidence for and against the Prisoner, are of opinion That the Prisoner is Guilty of being Employed by the Enemy for the purpose of Inlisting Men into their Service & Consequently of being a Spy and therefore do sentence him to be hanged by the Neck untill he is Dead.

PHILLIP CORTLANDT, *Pres<sup>t</sup>*

BEN. WALKER, Judge Advocate.

HEAD QUARTERS, PEEKSKILL, April 14<sup>th</sup> 1777.

GENTLEMEN: I have the honor to inclose you the sentence of a General Court Martial held at this Post on Simon Mabce by virtue of your late Resolution. The Prisoner confessed to me his having taken protection and that he knew the printed certificate from the Mayor copied in the proceedings. But denied his having seen the Warrant before I produced it to him and yet does not admit the former on his Trial.

When he was brought before me he had great appearance of Guilt in his countenance, which is a faithfull Index to the Heart. He is a man of some cunning from his deportment and I have no doubt in my own mind of his being the man mentioned in the Warrant. This is handed to you by Express, whatever your determination may be I wish to be favoured with it as soon as possible, He will wait a day for it. There are several small Houses in the Mountains which serve as rendezvous and hiding places for the recruits & spies of the Enemy. The Safety of the Community in my opinion requires the Families to be removed and the Houses to be destroyed. The Barn of the Chairman of the Sub Committee for this Quarter was set on fire at night three days ago, from the time and circumstances of it I am per

...ed it was done by some Enemy to the Country. I wish to be possessed of all the resolutions which inflict Death on the subjects of this State passed by its Representatives. I have the Honor to be Gentlemen,

Your humble Servant,

ALEX. McDUGAL.

The Honorable Convention.

*Proceedings of a General Court Martial on John Williams and others.*

[Miscel. Pap. 39: 2.]

At a General Court Martial held by order of the Hon<sup>ble</sup> Brigadier General McDougall—Peeks Kill, April 13, 1777.

Lt. Col. Regnier,

Capt. Benj. Walker, Judge Advocate.

John Williams was brought before the court and charged with holding a treacherous Correspondence with the Enemy and Enlisting Men into their Service.

The Prisoner on his arraignment pleads Not Guilty.

Nicholas Outhouse being sworn, says—that in a conversation he had with the prisoner about three Weeks ago, the Prisoner told him he should have inlisted some Men if it had not been for David Gage who sometimes encouraged them to go to the Enemy and at other times discouraged them, that he believed if he had taken the pains to go to Cattsburgh he should have got some that if he had got some Men & carried them down he believed he should have got a Lieutenants Commission the Evidence understood he meant the Enemy—but cannot swear that the Prisoner ever did inlist any Men for the Enemy or offer to inlist any.

On being Cross Examined the Evidence says he did not think the Prisoner was in earnest and that the last time he was at the Prisoner's he told him he would have nothing to do with it for the Country was undone go which way it would.

Israel Outhouse being Sworn, says he knows the Prisoner, that as he passed along the Road about half a Mile from the Prisoner's he came out of a House and asked the Evidence what mind he was of then, the Evidence answered of the same Mind he had been all along that Opinions were so different he could not tell which way it would go, the Prisoner then asked the Evidence if he would go down with him, saying "if any of you intend to go it is high time you went for by & by the Regulars will be on their March & then it will be too late." the Evidence understood he meant to New York. The Prisoner at same time told the Evidence that if he did go down and carry a parcell of Men he expected to get a Lieutenants Commission, the Evidence never heard the Prisoner say positively he was going but has heard the Conklins say that the Prisoner talked of going & has heard his Father say the same.

Christian House being sworn says,—he lives within a Mile of the Prisoner, that on Saturday about three Weeks ago the Day before the Shipping came up the River in a Conversation he had with Hermanus Krum, he told the Evidence that if he did inlist in any Service he would inlist in the right cause, that our people were not in the right cause & at same time desired the Evidence to meet him at John Williams the Prisoner & they would both inlist in one Company under him, that on the Tuesday following he met the Prisoner in the Woods—that the Prisoner asked him to inlist under him to go to the Enemy told him he should have the same Bounty our Men had Twenty dollars, a Suit of Cloaths and 100 acres of Land and offered

the Evidence Five Silver Dollars in part which the Evidence saw—that he told the Prisoner he could not Inlist then as he was going to Haverstraw to get some money due him from Capt. Hutchins—The Prisoner then called out Tory on which six Men started up out of the Woods three of whom had Guns. The Prisoner again urged the Evidence to Inlist telling him the Country would soon be overrun by the Enemy but he Still told him he could not Inlist then & went off & did not see the Prisoner any more—the Evidence says that he saw Job Babcock inlist with the Prisoner in the woods a little way from the Prisoners House & saw him receive Five Silver Dollars, that Krum told him the Prisoner was to be Captain in the Enemy's Service if he could raise a Company & get to York & that John Brush told him that he had Inlisted with the Prisoner to go to York & that Captains Jacob Krum & Saml Gray had also inlisted with him. The Evidence further says that the Prisoner shewed him a Paper with writing on it which he said was his Enlisting Roll. The Evidence thinks there was many Names on it but cannot positively say as he cannot read.

Being Cross Examined — Says that Babcock was inlisted before the Prisoner asked the Evidence in the Woods.

Question by the Prisoner — Whether the Evidence saw him put down Babcocks name when he inlisted him.

The Evidence says he saw him take Pen & Ink & put something down on the paper but cannot say what as he cannot read.

The Prisoner in his Defence says that the Testimony of House is entirely False. that he never had any Conversation with him on any subject whatever. that as to writing Babcocks Name he never wrote in his life nor could he ever know one written Letter from another. that as to what the other Evidences said it was all Romance. he never meant to do anything against the Country in his Life. that he never has been down to the Kings Forces or they to him in his life nor has he ever asked for Orders to Inlist nor has any been offered him. that he Supposes the suspicions against him arose from his having a son about twenty years old who was invigiled away without his knowledge or consent. that he was extremely uneasy about his son & threatened to have the Men taken up. that he supposes the reason of House's Swearing against him is because House had a quarrel with Hermanus Krum & threatened to have him in the Guard House.

Called upon Corn<sup>d</sup> Cooper, John Cooper, W<sup>m</sup> James, Thomas Concklin, Richard Osborn & Jacob Parker who all live near the Prisoner. Say he always bore a good Character, that he has been frequently on Guard with them & they always took him to be a Friend to his Country.

The Court having considered the Evidence for & against the Prisoner are of Opinion he is guilty of the Charge & do therefore Sentence him to be hanged by the Neck till he is Dead.

Job Babcock brought before the Court & charged with holding a treacherous Correspondence with the Enemy & having Inlisted into their Service.

The Prisoner on his Arraignment Pleads Not Guilty.

Christian House being Sworn says he has known the Prisoner Five or Six Years. that he was present when he Inlisted with John Williams to go to the Enemy — he saw the Prisoner receive Five dollars of Williams as part of the Bounty. Williams told the Prisoner he should have Twenty Dollars a new Suit of Cloaths & 100 acres of Land, that the five Dollars he then gave him was part of the Bounty & that when he got to York he should receive the rest & all his Cloathing — The Evidence says he saw Williams Write something on a piece of Paper. he supposed he put down Babcock's Name but does not know as he cannot read.

Being Cross Examined — Says that it was in the Woods near John Williams' about Ten or Eleven o Clock in the morning the Sunday the Shipping came up the River. that about an hour after he saw the Shipping under sail going by Haverstraw Bay. Says also that he is past Seventeen years of Age. that he has been in the Service Nine Months. that he has given Evidence in a Court before & well knows the Nature of an Oath.

The Prisoner in his Defence says he was in the Service last Summer under Col Clinton. That he left the Service the day before New Year. Has been sick part of the Winter & agreed to work with Capt Leonard at the forrest of Dean Furnace for the Continent. worked with him two or three Days & was taken up—he says the Testimony of Chris House is entirely False. that he has heard he was once convicted of Perjury before Justice Clemens.

Nich<sup>s</sup> Outhouse being Sworn says he heard Clemens say that Chris House had to his knowledge been forsworn—being Cross Examined, says Chris House & his Father have dislered very much with Clemens, that he thinks Clemens is not a peaceable Man.

Moses Clemens being called & Sworn says he knows Chris House Jun<sup>r</sup> that he does not know of his ever having taken an Oath. that he is a man of an Infamous Character. thinks he would not scruple swearing away the life of any man if he had provocation—Says that he once heard that House offered to Swear that he had Stole a Hog.

The Prisoner called Corn<sup>s</sup> Cooper, John Cooper, W<sup>m</sup> James, Rich<sup>d</sup> Osborn, Tho<sup>s</sup> Babcock who say they lived near the Prisoner. he always bore a good Character, turned out with the Militia & they always looked upon him as a Friend to his Country.

The Court having Considered the Evidence for and against the Prisoner are of Opinion he is Guilty of having Inlisted in the Service of the Enemy and do therefore sentence him to be hanged by the Neck till he is Dead.

Tuesday April 15.

Thomas Barker was brought before the Court & charged with repairing to the Enemys Ensign Standard inviting others to do the same pointing out the Houses of the good People of the State desiring the Enemy to burn them & for other treacherous Correspondence with the Enemy.

The Prisoner on his Arraignment Pleads Not Guilty.

Peter Marvery being Sworn says he saw the Prisoner in Town on Monday about Noon when the enemy were in possession of the Town. that he was at liberty walking about the streets in Company with one Ab Kronck who told the Evidence he was Guide for the Enemy—the Evidence further says that he asked the Prisoner to go across the Lots home for fear of being taken on board the Vessels. the Prisoner answered if he was not their Enemy what should he be afraid of.

Henry Brown being Sworn says he saw the Prisoner in Town Monday about one or two Clock. that he was then under Guard of the Enemy going down Town.

The Prisoner in his Defence says that he came from home on Monday morning to fetch a piece of Cloth he had Weaving at Cap. Kroncks, that on the Road he was taken by some Men of Warrs Men, carried Prisoner to one of the Enemies Colonels by whom he was examined & ordered to return home & stay there which he accordingly did till he was taken up by Col. Livingston.

The Court having Considered the Evidence for & against the Prisoner, Do acquit him of the Charge.

Friday, April 18, 1777.

Lt. Col. Weissenfels being indisposed & Capt. Bray being on Command Cap<sup>t</sup> Hallet & Pelton were sworn in their room.

Anthony Hill was brought before the Court & charged with holding a treacherous Correspondence with the Enemy & being employed by them for the purpose of inlisting Men into their Service.

The Prisoner on his Arraignment pleads not Guilty.

Lieut. Gabriel Requaw being Sworn says that he lives about two Mile back of Tarry Town, that about a Week ago as he working by his House he saw two Men crossing the Lotts, that suspecting them he went into the House, took his Gun and followed them into the Woods, on haling them one Ran away, the Prisoner Stop'd

when he came up with him he asked him where he came from. The Prisoner answered from Kingsbridge, he then took him to his fathers & there searched him in presence of his Brother—found about him Six Dollars & one Shilling in Silver & Some Coppers & two Silver Spoons, also a Warrant tore in Pieces, the same now produced.

N.B.—The Warrant was produced in Court & appears to have been a Warrant empowering to raise Men to Augment the New York Companies under Major Grant to be enlisted for two years or during the present Rebellion &c.—signed by Major Grant & directed to Anth— several pieces being lost. The Prisoner told the Evidence he took the Warrant to get out of York & on the Evidences asking him why he did not deliver himself up, the Prisoner answered he took advice of the Man who was with him & whose Name he said was Manuel Litlebeck.

Joseph Requaw being sworn says that he was at his Fathers when his Brother brought in the Prisoner, that he asked him where he came from. He answered from Long Island to New York & from thence. Said also that he belongs to Capt. Cains Comp<sup>y</sup> in the Enemy's service—that he had been in their Service four Months—on asking if he had any letters he answered no—but on the Evidences offering to search him he pulled out of his pocket a Warrant the same as now produced tore in pieces. The Evidence asked him how he came to get that Warrant. He said he took it to get out, for he could not get over the Bridge without it, said he took it solely to get out & never intended to go back or act in Consequence of it—the Evidence then asked him why he did not deliver himself up to the first Guard, the prisoner answered he knew of no Guard—he also said that he had put the Warrant under a stone intending to leave it but that the Man who was with him persuaded him to take it with him. The Prisoner further said the other had a Warrant also & had a Night or two before carried down Twenty three Men—the Prisoner told him he came from Kingsbridge the 10 April about half an hour before Sun set—he was taken the 11<sup>th</sup> April.

The Prisoner in his Defence says that he was Drafted last Fall in Col. Swartwouts Reg<sup>t</sup>, went to Kingsbridge with them, came home & was returning to join the Reg<sup>t</sup> when he met one Edw. Palmer who lived in Cortlandts manor who told him if he went back he would be Flogged & advised him to go to Long Island with him. With some persuasion he went with Palmer to Cowneck & worked there with one Henry Sands—when he first went on the Island he was persuaded to enlist with the Enemy but was not called on to Join his Company till about three weeks ago when he was ordered to Join them at Fort Washington, which he did. The Company was then commanded by Cap<sup>t</sup> Cain who received orders from Major Grant to procure some men acquainted in Dutchess County to go out recruiting--& as Manuel Litlebeck had a night or two before brought in Twenty three Men he was again pitched upon to go & as the Prisoner lived in Dutchess County he agreed to come with him. Accordingly a warrant was given each of them—The Prisoner says he took the Warrant merely to get clear & never intended to return—Litlebeck proposed their travelling in the Night to prevent being taken up to which the Prisoner objected saying he was not afraid of being taken. They therefore slept that night & set off next Morning. On the Way the Prisoner took the Warrant & put it under a Stone intending to leave it but that Litlebeck took it up again & told him to put it in his Pocket threatening him to tell the Officers when he returned—the Prisoner accordingly put it in his pocket & proceeded—in Crossing the fields he saw the Evidence Lt. Requaw running after them who when he came within about Thirty Rods called to them to Stop on which the Prisoner stopped but Litlebeck ran away—Lt. Requaw carried him to a House & on the way he took out the Warrant and tore it in pieces for fear of its being found on him.

The Court having considered the Evidence & Defence of the Prisoner are of Opinion that he is Guilty of the charge and Do therefore Sentence him to be hanged by the Neck till he is Dead.

FISHKILL 19<sup>th</sup> April 1777.

SIR: Being order'd by his Excellency General Washington to remove the Stores belonging to the Q. M. General's Department, both here and at Peekskill, to a Place of greater Safety, I have with the approbation of General M'Dougall, sent a considerable Quantity to Morrison's in Fredericksburgh, where I had before fixed a Company of Artificers, at the request of General Knox.

In Consequence of which, I have been led by Duty to explore the Neighbourhood, and find it exceedingly well calculated for far more extensive Purposes than was at first intended, and shall place another Company or two of Wheelwrights, Blacksmiths, Nailors, &c. there. All which, with a Guard which I was ordered to apply for, and have obtain'd calls for an issuing Store, which is also granted.—These Circumstances, as well as a continual Demand for the Stores in different quarters, require a Number of Teams to be constantly stationed at that Post, and, of Course, a proper Place to keep, and recruit them and others that may be sent, occasionally, there.—For which Purpose, there is none so well adapted, as the Farm lately possessed by Beverly Robison Jun<sup>r</sup> both on account of its size and Situation, it being very near all our Works and Stores.

The Commissioners being there Yesterday, I open'd the affair to them, at least, to two of them, Capt. Sheldon & Doct. Van Wyck, who appeared to have no objection, but that they had given one Dyckman from Philipsborough an Expectation of it. I told them, that as it was of so much Consequence to the Service, I tho't private Interest ought to give way to the Publick, and that I should apply to the Honble Convention, concerning it, which I now mean to do, thro' the Medium of your and Mr Jay's Interest, if he be present, and beg you will communicate the affair to the House in such a Manner as will be most agreeable to them and yourself, Sir.—I must beg Leave to observe that there are always a great Number of Horses & Oxen that with a little recruiting now and then, would stand the Campaign; but for want of it, in Time, are rendered entirely useless.

The Locality and Extensiveness of that Place, render it the most suitable of any in those Parts by far.

There is a Person who understands something of Farriery & Cattle in General could be fix'd under the Eye of an Asst. Q. M. General, for the Post, and many valuable, useful Creatures preserv'd from Ruin; and the Teams so conveniently accommodated as to be ready at the Shortest Notice and under the Protection of the Guard, in some Measure, at the same time.

Govern'd entirely by these Considerations, I tho't it my indispensable Duty for the Good of the Service to make this Application, and have not the least Doubt of its Success, as it cant be suppos'd but that the Continent can afford to pay as much for it as an Individual, if such a paltry Consideration should be bro't into Competition, which I know it will not.

I am, with Great Regard, Sir, your most obedient

& very Humble Serv<sup>t</sup>

The Honble General SCOTT.

[Miscel. Pap. 37: 323.]

BERGEN COUNTY, April 19, 1777.

GENTLEMEN OF THE NEW YORK CONVENTION: There has been in your confinement one Stephen Rider taken on suspicion of conveying Horses to the Enemies lines. Since he was your Prisoner your Honors know upon what conditions he was put to Liberty. This is sent in purpose to inform the worthy Convention that said man is still yet a friend to the ministerial army which I can prove by this and other Instances: Last week the third man out Bergen County Militia by Generals orders was called to fill his lot to be one of the number which he absolutely refused to march without any apology. I write this to the New York Convention because he is or has been your Prisoner.

I remain with submission your Honors Most Obedient Servant,

JOHN MAURITIUS GOETSCHUIS, *Major*, Bergen County  
At present at Shawangonk, Ulster County.

*Confession of Isack Louw.*

[Translated from the Dutch.]

A stranger coming to me asked me for a Tavern. I answered, Yes. He said he was a Cripple, which also I observed myself. Recollected that I could not leave the house the next day so remained until the evening, when I asked him for a pass. I said it was dangerous to forward any one without. Thereupon he showed me a pass, which I thought good according to my knowledge, but he did not disclose that he wished to assume my name for the time. So he said he would prefer traveling in the evening rather than by day. Having given my promise to put him forward we prepared to set out on the journey, & asked him if a pass was immediately necessary, to make one. He answered he can have a pass at any time he required one. Meanwhile I found that his own name was not known to me, but he admitted that he was called Quackenbos. The pass gave him the name of Yacobusbee. When I proposed to bring him a horse he seemed afraid that I should not convey him far enough. He requested me to convey him some miles of the Sopes which I refused. Thereupon he answered, how shall I get along for I cannot run. Bring me to my horse, where the horse should be. I suspected he was from York, so in order not to have any more trouble with him, I agreed to take him to Yan Freer. So said so done, but he knew no news to tell me. He said to me that the Committee man did not know any that was not published. So I said to my brother, he is, may be, sent out with a commission to find out people and then to complain of them. But having gone so far, I took him over to Yan Freer, and the discourse we had there was not of much importance. It was mostly the same that he said to me before; wherever he happened to come to, he remained there. But being a stranger to the people, he could not tell their names. So went along without much conversation. Now, I had also understood that he was an Officer; I understood from him that he was a lieutenant. But it was all uncertainty with me, for I had nothing but his word, for he really was a stranger to me. Now, regarding his message he said he went to bring some folk and take them through to York but no certain number; however no less than thirty he thought had passed Yan Freer's. I do not know precisely, but I have heard that from him. Furthermore another man has been at my house who did not give his name. He said that he was on the road going to one Lackwoert, and after that I heard that he had returned and was seen on the road going about. But I do not know who had seen him. ISACK LOUW.

It appears that his name was Jacobus Bay—but sometime after this Examinant did ask the stranger his name. he then told him that his name was Goes Quackenbush and that he lived at Kinderhook. The Examinant after some conversation with him engaged to bring him part of the way up to the said Trompor's but cou'd not undertake to bring him the whole way as his Wife was sick and cou'd not be spared at home—they accordingly set out the same evening, the stranger inquired of this Examinant what Rout they were to take and whether through Kingston and if a watch was kept there, the Examinant answered Yes. The stranger then asked the Examinant if he could not carry him another way so as to pass by Kingston, That he would go through Kingston. The Examinant asked him what made him afraid to go through there. he replied that he came from New York. this Examinant then asked him what News. he answered he could not tell him any to depend on that the Common People at New York knew no news. this Examinant asked the stranger whether he was one of the Common People or whether he held an Office. he answered he was to be a Lieutenant. the Examinant asked of the Stranger what his Business was up. he answered that he was sent up by his superiors to fetch People down. that he wou'd soon return again on the west side of the river with a Number of Men. that this Examinant went with the said Stranger to one Gerret Freer who he had understood was rather Cool in the present Contest and this Examinant confided in him and that he was assured he would not Discover him. *Petition of Elizabeth Wiggins.*

[Petitions, 33: 741, 746.]

To the Honorable the Convention of the State of New York.

The Petition of Elizabeth Wiggins most Humbly Sheweth,

That notwithstanding Stephen Wiggins The husband of your Petitioner is supposed to be with the Ministerial Army, which in Fact may be the Case, yet the seizing the whole of his Personal Property which in Fact is all the Estate he could call his own as matters stands Truly Circumstanced is a more than common Hardship on your Petitioner, as your Petitioner is able to prove by good authority that her Husband went of Intirely against her will and advise. That her two sons Remaining at home with her Disapproved much of their Father's going of also and as they are of age have from time to time when called upon Chearfully done their duty in the Melitia, have gone the last year in the alarms in the Defence of their Country and one of them is now in actual service in the 4 months Levy. Your Petitioner is a Poor woman with a large Family of small Children and can but Barely support them with the help of her said two Sons and what little Stock of Cattle she had, which Stock is now siezed by order of your Hon<sup>ble</sup> House. Your Petitioner most humbly conceives as her said Sons does duty in the Service of their Country and in Defence of the little Property their Father has left, That at least they ought to have a Portion left for them while they continue to Defend it as well as to your Petitioner for the use of herself and the support of her smaller children. That the taking away the whole of the Property on which her said sons Depends, and they or one of them at the same Time in the actual service of their Country must be to them very discouraging and to your Petitioner appears very oppressive and unreasonable and no Doubt contrary to the True Intent and meaning of the Resolution of your Hon<sup>ble</sup> House for the Purpose of Seizing the Property of Disaf

Persons. Your Petitioner therefore most humbly prays that your Honorable will favourably be pleased to take The Case of your Poor distressed as above Represented into Consideration as well as the Case of her Two and allow them the use of the whole or at least a part of the Estate so siezed and give orders to the Gentlemen appointed for makeing sale thereof accordingly. In case you shall think Proper Notwithstanding to continue the Sale, your Petitioner most ardently prays that she may be allowed the use of one Cow and her Mare, which Mare she has purchased since her Husband's absence and is still in Debt for her, and moreover Prays that in Case the Property is Sold that her Sons may be Discharged from Military Duty as she will then have no other Dependance than the daily Labour of said Sons for the support of herself and a large family one of them being now in actual Service and the other at present a cripple. Your Petitioner begs further to add that it will be a real Hardship on her said Sons to have their Property sold and they still oblinded to do duty. And your Petitioner as in Duty Bound will ever pray.

ELIZABETH WIGGINS.

Dated at NEW BURGh the 24<sup>th</sup> of April 1777.

P. S. We the Subscribers being Perfectly acquainted with the above Petitioner and think it highly reasonable that the Hon<sup>ble</sup> Convention would be pleased to Grant the Prayer of the above Petition.

I hereby Certify that Samuel Wiggins and Stephan Wiggins sons of Elizabeth Wiggins are in my Company of Melitia and that they have done their Duty Faithfully and on several alarms have stood their Draft and when it fell to their Lot have gone, one of them now being in the 4 Months Levy.

To the Honorable the Convention of the State of New York.

By Request of M<sup>rs</sup> Elizabeth Wiggins I hereby Certify That I have conversed with her Sundry Times Concerning her Husband's going to the Regulars and that she appeared very much hurt about it and said that she advised her Husband against it and that he went of Intirely against her will and consent, and I heard her say further that she verily believed had America been United, That the Troubles would never come to the Present Degree or words to that effect.

*Petition of Robert Richardson.*

[Petitions, 33: 740.]

To the Honourable the Representatives of the State of New York, In Convention Assembled:

The petition of Robert Richardson of the State of New York, Weaver, Humbly Sheweth,

That y<sup>r</sup> petitioner has Been in the service of this State for 2 years in Different Regiments, And for the last three months serv'd in Colonel Henry B. Livingston's Regiment.

That y<sup>r</sup> petitioner is Discharged from the service of this State as he is Render'd incapable of service.

That y<sup>r</sup> petitioners incapacity proceeds from his Being wounded or Disabled by a Cannon Ball striking his hand spike, and the one end of the hand spike broke the Rim of his Belly by which he is Become Bursted, And has also Lost the use of his

Arm by the Wind of a Cannon Ball. That y<sup>r</sup> petitioner is at present in a Truly Deplorable situation, Being Destitute of Money & Friends, As he has Exhausted all the Little money he had in paying Doctors for his relief, And is at present under the Disagreeable necessity of Getting his Bread by Craving Charity to the Great Grief of y<sup>r</sup> petitioner.

That y<sup>r</sup> petitioner Humbly conceives that since he has Been Disabled in the service of the United States of America he ought not to be left Destitute of a support. Y<sup>r</sup> petitioner therefore most Humbly prays That this Honourable Convention would be favourably pleased to take his Deplorable Situation under their most serious Consideration so as that y<sup>r</sup> petitioner may be Relieved & supported, or such other Relief as to this Honourable House shall seem meet. And y<sup>r</sup> petitioner shall ever pray.

*Report of Proceedings against Garrett and Jan Freer.*

[Miscel. Pap. 38: 647.]

KINGSTON, April 25<sup>th</sup> 1777.

To the Honourable the Convention of the State of New York.

Whereas the Committee of Safety & Observations of the town of Kingston on the Information of M<sup>r</sup> Cornelius Elmendorph Jun<sup>r</sup> on the 16<sup>th</sup> Day of this Instant that Jan Freer had Conveyed on the 5<sup>th</sup> of this Instant from his house by water in a knoo a Certain person Supposed and Justly Suspected to be an enemy of this State of New York and also that his father Gerrit Freer was aiding and assisting to Convey the said Inimical person to this State,

The Committee therefore Resolved to send for Gerrit & Jan Freer to appear before the Committee which they accordingly did and on their Several and Respective Examinations Confessed and acknowledged that Jan Freer had Conveyed the person Suspected to be an enemy and that his father Gerritt Freer had assisted to Convey the said Inimical person by ordering his Negro to go with his Son Jan in the knoo the Committe resolved to Let Gerrit Freer go home again and to take Bond from Jan Freer with Bail for his appearance some futer Day which the Committee shou'd appoint for a further Examination touching the Charge & information above mentioned.

The Committee therefore on the 23<sup>d</sup> of this Instant sent for Gerrit & Jan Freer for further Examination and Confessed no more before us then the first time they was before us. the Committee tentered the said Gerrit & Jan Freer an Oath to swear to renounce the king of Great Brittain and bear true allegiance to the State of New York which they both refused to take, and thereupon the Committee Resolved to Commit the said Gerrit & Jan Freer to Goal and Report the Case to the honourable the Convention of the State of New York.

April 25<sup>th</sup> 1777.

SIR: The Convention have directed me to inform you in answer to yours of the 17<sup>th</sup> Ap<sup>l</sup> inst that your attention in communicating such intelligence as your situation enables you to collect as well with relation to the particular interest of this State as the more general concerns of America is highly pleasing to them.

A comprehensive view of things & some knowledge of the designs of individuals will afford the best materials on which to form their conduct & enable them to maintain the reputation which your Letter flatters them with having acquired.

They are greatly disappointed in not being able to procure salt from the Continental Stores as the wants of the Inhabitants of this State are more pressing than they can be conceived they therefore approve of your design to purchase at the sale on there acct & w'd have you retain the money you mention in order to pay the expence thereof. Genl Schuylers accounts from Tionderoga were truly alarming and the more so as the Convention have it not in their power to strengthen the Garrison. the Militia continually harrassed are at length wearied out, and from the experience of a late draft, the Convention are lead to be very cautious of calling upon them again—they have however the pleasure of learning by Majr Winslow whom you have probably seen that the garrison now amounts to two thousand men & that more are daily coming in.

The Convention have in some measure anticipated the resolution of Congress about the mode of filling the regiments but extended their exemption only to every single man who shall furnish a soldier to serve during the war least they should too greatly weaken their Militia by carrying it further.—A plan is now under consideration for oblidging the exempts to furnish a just proportion of men to the several regiments raising in this State. this subject is equally important & difficult. you may be assured that every thing in the power of this State will be done by this Convention but we are really weaker than you can easily imagine. the loss of part of our State, the defection of many of our inhabitants, the number that have fled to avoid drafts & those that have from various causes been lead to enlist in [any] of the regiments of other States have all concurred to drain us of men. You will continue to let the Convention hear from you weekly and to transmit to them the publick papers. The Convention congratulates you upon their having concluded the form of Government for this State which was published on tuesday last & will they hope be shortly organized in which case you will be pleased to correspond with the executive power thereof.

Is to rise lead ore at thirty five pounds New York Currency per Ton Dressed ore without being Smelted the same to be dressed as I can Digg and pay'd directly the Congress to furnish all kinds of Mining Tools and pay for the dressing of the Same and provide me with what powder I demand for the use of blasting and that at their expences besides Twenty pounds immediately after Cutting the Vein appeared to be a body, to have an order to break the ground in any farmers possession where I think to meet with success. I would be glad to receive an answer immediately as I intend going Else where.

August 17<sup>th</sup> 1776.

GENTLEMEN: In Compliance with the Commands of the Hon<sup>ble</sup> Provincial Congress on the 13<sup>th</sup> June 1776, I Repaired with all possible Diligence to the great nine partners in Dutchess County and there conducted myself and Labourers withall endeavoring to work and open the Pitts or shafts of the mine after concluding the repairing and Clearing out the rubbish Considered on Mr. Moses Harris information Relative to this mine which at Large is in a report drawn by me in March last under the declaration of Jonathon Landon Esq, to which may compare this report of its Circumstances as in the manner following:

Beginning at the North east corner of the hill where have cleared two Pitts and discovered in the first a small quantity of Lead ore lying in three different places about three inches Diameter, and in the second Pitt found ore in four sundry spots in proportion equally to the first pitt about four foot distant from one appearance to another, their Bottoms being examined and appeared Disagreeable to the least prospect—Thirdly beginning to the southwest about the middle of said hill there cleared two Pitts which appeared equally in quantity & quality agreeable to the situation of the first & last Pitt Cleared at the foresaid North east end of the hill the vein of Sparr appears three inches Broad and where Mr. Harris undertook to make an advantageous discovery have Diggd 18 foot Length and about three foot deep there I found a Vein of Ore containing two inches broad at which spent four days & raised near three or four Hundred weight of Lead ore, but it appears to be some times decreasing & increasing which being the usual case in the former trials done I remarked that it is possible to procure a little quantity of ore in each Vein or Branches in this bounds, therefore if your honors inclines to prosecute per adventure in expectation to fall into a body the method is to open & search the ground where supposed such do most frequently lye, as I have in my former Report Described at large the Dimention & situation of the Mine Hill. I'll proceed no

farther Concerning adventuring for the public purpose but leave it to your Hon<sup>rs</sup> Serious Consideration.

Gentlemen I am your most obedient humble Servant

JOHN McDONALD, *Miner*.

GENTLEMEN: Ezra Thompson Esq<sup>r</sup> was very punctual looking and Providing any thing wanted to the mine. he surveyed four times each week sometimes inspected three times in a day When Occasion offered and assisted us with his horses by which attendance spent much of his harvest employment.

I am Yours,

JOHN McDONALD, *Miner*.

[Miscel. Pap. 35: 97.]

GENTLEMEN: In Compliance with the Desire of the Congress I superintend John McDonalds Proceedings of the Mines and he carefully conducted himself and Labourers in working to satisfaction and that preceeding to the 13<sup>th</sup> of Augst 1776, and kept regular acco<sup>ts</sup> of the same and has Drawen a report of the appearances the truth of which as far as I could judge may be depended on. As to the old Irishman one Higgins who I understand formerly applied to your Honors several times with a sample of Lead Ore proposing to be from an advantageous prospect, discovered by himself which sample of Ore I found by examination he got from other persons and that he had no discovery of his own. therefore do not give the least dependence to what he says relative to Mines. He also is very disagreeable to the Neighbors. I was under the necessity to employ him as a laborer owing to the scarcity of workmen here. I also send the accompt of the laborers work which is one hundred and nine days. Also what money I have advanced which is £7 11 6. I also advance two Pound to M<sup>r</sup> McDonald. I have taken all the Tools and Ore for which I gave my rect and shal waight your order for the Deliver of them. M<sup>r</sup> McDonalds behavior was very agreeable to all the Neighbours.

Gentlemen I am with Respect Yours very Humble Servent.

(No. 1.)

[Miscel. Pap. 35: 683.]

Oct 16<sup>th</sup> 1776.

To the honorable Convention of the Representatives of the State of New York.

I John McDonald Miner who in August 1776 was appointed by your hon<sup>ble</sup> board  
 of instruction to proceed immediately to the Great Nine Partners in Dutchess  
 County & there to explore into a further Discovery of the Lead Mine in com-  
 pliance with the requests have conducted chiefly where my Judgment in Minery  
 had an expectation of meeting with the best promising appearances according to  
 the limited space appointed to explore the Mines which within 42 rods to the North  
 east end of the Hill, there opened 30 foot in length & in some places digged 3 foot  
 deep & in other places have sunk 6 foot the depth in general is 6 foot & the Breadth  
 thereof 3 foot there discovered a vein about 2 or 3 inches Breadth which decreases  
 & increases in there raised Fifteen Hundred weight of ore when sufficiently dressed  
 for sale or smalting & that is my positive estimation. the present circumstances of  
 the discovery seems to be deserving of giving a trial of sinking a certain quantity  
 of Foots or a limitation of time to work in Expectation of Exploring a Visible  
 prospect so as to bring the same to a bearing the better to indemnify the Damage  
 or Expences laid out per adventure the sufficiency of the quantity & quality con-  
 tained in said Vein is indisputable the truth of which Your Honors may have the  
 pleasure to be thoroughly convinced by enquiring for Jonathan Landon or Lewis  
 Graham Esqs as they inspected the same and saw what work was done to the  
 proper Execution. I had not the advantage to persue the freedom of searching &  
 digging further Discoveries elsewhere owing to the short time allowed to continue  
 here likewise have been under much difficulties providing Blasting Tools & powder  
 for the purpose. In respect to a Prospect able to indemnify or repay the expences  
 of working such rocks as are here anent I shall inform this my last Sentence.

[One line of MS. torn off.]

Thus a company of adventurer cannot expect to be gainers till such time as they fall upon a Vein of three inches breadth of a constant continuation yielding ore indeed if the ore was found in body about 18 inches diameter lying within a little distant from one to another continuing I would pursue it. As to the intelligence above mentioned the Hon<sup>ble</sup> Board of Regulations may or may not Determine to prosecute further into it. I disdain to have any connection in Flattery Contrary to my understanding—Conscience in this branch of Business. The ore is delivered safe to M<sup>r</sup> Ezra Thompson & the Mining Tools all which is concluded after this is most humbly submitted to your hono<sup>rs</sup> serious consideration

By your honours most obedient and Most Humble Servant,

JOHN McDONALD, *Miner.*

Consider the report of Rochester Patent Mines.

To renew the Memory relative to the Dimention from both the north east & south west fallings of the ground in limestone Hill is one mile in length. Breadth half a mile & 40 Rods Height wherein the veins or branches lyes West & East. the ledges of rock or limestone inclines to North East & South West which is contrary to the inclination of the vein or branches therefore they proceed from the Main Vein which inclines following the inclination of the Rocks the above length breadth & height may be sufficient notice to any that have a particular skill or knowledge in conducting lead mines in all its branches the ground is well situated to pursue proper trials so the method of mining the necessary scheme is to drive a level from the North East to the South West & from which with a Cross cut from the West to the East in order to discover the principal vein from which the present Branches proceed.

Your honours Most Obe<sup>dt</sup> Serv<sup>t</sup>

JOHN McDONALD, *Miner.*

left said Letter; that s<sup>d</sup> Trumble informed him afterward that he had sent the Letter to s<sup>d</sup> Slone—also that on his arrival at Tryon County he Employed Robert Nelless and Ezra Hulbert whome he attended to Explore the Appearance of Sulphur in Springfield Joining on Cherry Valley, that there was very promising appearances of sulphur in land said to belong to Thomas Spencer in s<sup>d</sup> Springfield; that the sulphur appeareth to lye in springs of water; that the water appeareth thick with Sulphur, that the s<sup>d</sup> Nelless & Hulbert did Explore s<sup>d</sup> springs, out of which they gathered the sulphur herewith presented; that there is to appearance a great body of sulphur Lying within the ground, that the situation of the ground is such that the water may be with a Little wit Drained off, all which and the further exploring said Sulphur Is submitted to the Committee aforesaid.

(No. 4.)

John McDonald to Committee of New York Convention.

NINE PARTNERS MINE, 16<sup>th</sup> November, 1776.

Sirs: In compliance with the contract from under your hands, dated October last respecting the sinking into the lead mine here, twelve feet in depth, and extend the same thirty feet in length and three in breadth, with such directions as I thought best to pursue the veins, &c. When at my entry Mr Ezra Thompson here measured twenty-four feet, in length from the west to the east, which course being and are the inclination of the veins, and perfectly appeared the most promising prospect to work. There wrought and blasted the rocks with the men I employed, until the veins became mixed with different kinds of ugly rocks, which brought to disappear, yielding any quantity worthy of pursuing to advantage, and I therefore prosecuted into several veins going to the southward, cross from the said dimension, and therein digged out about seventy-six weight of ore during the driving, about three feet in length, ten and a half feet in depth, and twelve feet in breadth, and at conclusion of the same, the ore almost disappeared. At my pursuit in the said thirty-four feet length from the west to the east, raised about twenty-six weight of ore, after which spent the half of the time. The nearest estimation of the lead ore, is nine hundred weight.

Gentlemen, I am on the motion to continue working further into, sinking eighteen inches in depth, and drive the same about eighteen feet in length, which may instruct any person having skill in minery to learn the sufficiency and deficiency of the same and before the performance thereof, I expect an answer of this report from your Honours, letting me know whether or not to proceed any further into the present opening, twenty-four feet in length, above mentioned. As for my own part, I am already thoroughly convinced that it will not be so advantageous as to clear the tenth part expense of working. Therefore with all possible expedition write to me and Mr Thompson, if you intend that I should make trials elsewhere here or return to Fishkills. The main trials is driving a level, together with sinking, cross-cutting, raising, &c., which will cost any company of adventurers about six thousand pounds before they could meet the complete and proper trials. Money will be very acceptable to pay my workmen's wages and other articles which I stand indebted for. Your orders will be most punctually obeyed.

Ten days hence there will be finished about the half of the bargain.

Sirs, your most obedient and humble serv<sup>t</sup>

JOHN McDONALD, *Miner*.

TO WILLIAM HARPER, HENRY WISNER, JONTH. LONDON, MATTHEW CANTINE and MATTHEW ADGATE, and members of Convention.

P. S. If the trial does not turn out better from the present state it now is, within the 28<sup>th</sup> of this month, I shall possibly be desired by your Honours to give up the prosecuting into any further trials without the aforesaid diminution.

The bearer is one Mr Herrick from this place, who is an honest man, to bring back the return of this.—I dont choose that your Honours should sink great sums in improper trials.—I adieu,

JOHN McDONALD.

SIR: The Committee for exploring Lead Mines, &c., have this day had your letter of the 16<sup>th</sup> November, 1776, before them, it being the first time they have met since it was received (on your report therein). I am directed to inform you it is the will of the Committee you should proceed no further in exploring the lead mine in the Great Nine Partners, on the bargain made with you by the said Committee on the 16<sup>th</sup> day of October last, until their further order, and that you do repair to the Fishkill, bringing a certificate from Ezra Thompson, Esq., of the length, width, and depth of the pit you have sunk on said bargain.

P. S. The Committee desire you to procure Mr Thompson's account against them for inspecting said mine, for settlement.

Ezra Thompson to Jonathan Landon.

SIR: According to your orders of the 1<sup>st</sup> December, 1776, I have measured the work done by McDonald and his workmen since his last agreement with you and Committee appointed to explore mines in this State, viz.: he sunk from the west to the east, five feet depth, and extended the same twenty-four feet in length, and three feet in breadth; he also had sunk from northeast to the southwest, eleven feet in depth, and extended the same two and a half feet in length, and twelve feet in breadth. The above different measures are as exact as I could make. He likewise has drawn a report, the truth of which, so far as I could understand, may be depended on.

Sir, I remain your very humble servant,

December 3<sup>d</sup> 1776.

EZRA THOMPSON.

By agreement McDonald was to dig one hundred and eighty cubick feet for ten pounds. He has dug six hundred and ninety cubick feet, which, at the rate of ten pounds for one hundred and eight, amounts to sixty-three pounds seventeen shillings and ninepence.

Plan for Erecting a Brim Stone Manufactory.

[Miscel. Pap. 37: 685.]

For erecting a Brim Stone Manufacture—

No. 1. They want a cross fine seive with high brim to strane the Oar as it comes out of the spring from the leaves and Dirt otherwise it wont allow the sulphor to be refined.

2<sup>nd</sup> Want a Lye Tub made of board to strain the Oar through the seive Another Tub Wanted to Laid the Oar so Strained into, in order to Refine or Distill it.

3<sup>rd</sup> There must be a quantity of Brick to erect two Furnisses to Refine the Sulphor each of said furnises must be covered from the weather. It will be necessary that a small house be built for the master workman to live in and Barrack for the workmen.

There wants three men to smelt Brimstone and one to cut wood and assist said men. That after the agreement is made the mowlds must be made by a Joiner and sent to the furniss for casting the instruments, it would be a great benefit if earth could be got that Tobacco Pipes are made of that Providing the potts should bust they might be mended or crucibles made.

CHERRY VALLEY, 20 April, 1777.

CASPER STANDT.

My John has brought a sample of Brimstone with him and a piece of Brimstone oar which M<sup>r</sup> John Harper gave me and Shewed me the Place where the oar was to be had where my John has Taken a view of the Mountain the oar is in. 100 ft of the oar yield 24 lbs of Brimstone and the Drugs make Vitriol. I have Taken a view of the Lead mine at the Mohack River but the water was so high that I could not see the veins and could make no Judgement on it by the looks of the hill where the Lead is in my opinion must be verry Rich. I picked up a stone on the hill which appeared to be Allum. I have also picked up on the hill Brimstone oar. M<sup>r</sup> Standt writes to Doct<sup>r</sup> Stephane to make a Contract for the Carrying on the manufacturing the Brimstone, and if a Contract is made he must have his wife and Effects moved to the place for carrying on said Business at the cost of the Convention for Removing of which one wagon is sufficient.

[Mil. Commit. 25: 825.]

About 2 years ago I went up to the Lakes at the Head of the Suscahanna, where my father has Land, at the house of one Smith who lives on one of the Lotts I was inform'd by him that on one of the Other Lotts near the Lake were two hills of native Sulpher, that a Creek ran through the hills whose bottom was sulpher, that he had brought some of it to his house and run it in a Cake in a Shovel, that by the flame & Smell he knew it to be Sulpher. When I got to Albany I asked John R. Bleecker about it as he had surveyed & laid out the Lotts, he confirm'd it and said that the Creek was distinguesed on the map by the Sulpher Creek. Its about 14 miles from the Mohocks River, and it may with little Trouble be also carried down the Suscahanna by water as far as Harris's Ferry and after a little land carriage to Philadelphia.

(No. 23.)

[Miscel. Pap. 37: 681.]

To the worthy Committee of the Hon<sup>ble</sup> Convention of the State of New York for making discoveries of Mines within this State for the use and benefits of the Public.

In consequence of your Encouragement at Kingston to me in writting in the beginning of April 1777 Requesting to proccede to Rochester Lead Mines and there to take proper Inspection of Exploring the situation and appearances thereof Together with its proper plan for working said mine Therefore agreeable have in compliyance to your hon<sup>ra</sup> Command have agreeable to mining Regulations drawn the necessary and only method of working the present discovery of the mine answerable to the state of the Bound wherein several discoveries made reported in full as specified in the manner following:

Sims: Andries Dewitt Esq<sup>r</sup> conducted me to a large mountain lying northeast and south west there I found the vein of ore in which appear Lying from the Eastern to the Western in a ledge of millstone made with the white flint & sulfur where a company of adventurers had Driven and sunk a level & pitts in quest of Lead &c. Amongst the Tryals are found a pitt on the Tract of the vein & level about 50 feet in Depth wherein the main satisfying prospect hath been Explored. Unfortunate the Company of Adventurer was under the necessity of giving up. Proceeding further Discovery found owing to the water rising in said Pitt which occasioned them to go on with the Level from the falling of the mountain so as to proceed Exactly Towards below whereon the pitt stand so as to prevent its safety to prosecute after the conclusion of this undermining Level to receive the water from said Pitt & also another Pitt about 44 feet further up to the Rising of the mountain the Depth of which is unknown to any one in this place but that they said a good and sufficient quantity of ore taken out from it. This Level is driven to about 102 feet from the Entry to the forend thereof and before reaching below the intended purpose above mentioned whereon the pitt ly's Requires driving the present state to about 36 feet farther and possibly it may turn out so much ore as will perhap's Indemnify the most part of Expenses thereat from which full Extent Height upwards to the bottom of said pitt will be about 20 feet which added to the above 30 feet sunk already make 50 feet the supposed Depth from the Forend of said Level to the rising of the mountain where the Company begun to sink foressaid pitt at which I understand they apply'd a pump for pumping out the water but the pitt was sunk Erregular for the purpose but such article is necessary to peruse when at the next Tryal after the pitt is made streight and from what I learn by the appearances of the mine the ore ly's in bodies in different shapes lying at some distance without the continuation of any Constant Regular vein. but it has one good property which commonly to satisfaction the lower to sink & drive seems to me the better it appears uncertain as there is Disadvantages before the Execution of Blast-ing to see the consequences of the Prospect the chief part of the Level is fallen together in which are Rubbish some water & Timber the same Timber being the sufficient support and by the want of repairing Received Damage which occasioned it to fall in such Reducement both Level & Pitt requires clearing out the Rubbishes & repairing with Timber after accomplishing the prosecuting into blasting the Rocks may goin force to make a communication between the Level and the pitt. The particulars above is as near to its proper calculation as any person can Express from their skill and knowledge in conducting Lead mines in its full Branches. By information received from men of Distinction I became discovering the Reason & manner which brought the Company of Adventurer to drop their intended trying to its full Extent which being owing to their not receiving any satisfying returns of the Large quantity of Lead ore sent on to old England under the cover & conduct of the Deceiver he who then was appointed Governor of New York through which Treachery made his Escape with the worthy Owners Effects. As to the Intelligences above your Hon<sup>ble</sup> Board may or may not consult & Determine to put in Execution the several directions given Respecting the situation and Circumstances of the mine I have been as Conscientious as my capacity could in discribing the Truth of the mine all which is concluded after this is most humbly submitted to your hon<sup>rs</sup> serious Consideration

By your hon<sup>rs</sup> most obe<sup>dt</sup> and Most humble Servant,

JOHN M<sup>c</sup>DONALD.

[Miscel. Pap. 38: 151.]

An Extract of the Contents contained in the Report drawn by me In Feb<sup>y</sup> 1776, Relating to the Situation and Appearances of the Lead mine New-Canaan in Kings District, Albany County.

There I found the Vein of Ore which appeared about 60 or 70 Rods in Length, Lying South and North in a ledge of Limestone mixed with white flint at the South end falling the ground falls about 30 feet below which the water Cannot be drawn by a level which vein I found had been opened in several places about one Rod in length and about 4 feet in Depth but no Continued or adherent Vein, but found the ore in bodies in different Shap's about three Inches Diameter lying about four feet Distant, and I had tryed Several places where it had not been before opened and appeared to be in the same manner the only Contrivance from its advantageous state for working is to drive a level of 64 fathoms from the South end falling of the ground as there's no possibility of Cutting a Cross Cut owing to the ground standing Level where it absolutely Required the same.

Therefore my further Instructions Relative to another Plan was to Try the Experiment of the mine at the Cheapest Expenses which to Sink a pitt about 36 feet deep upon the Track of the Vein where the best Visable prospect appeared and to make a dilligent Search elsewhere and open the ground where supposed the Veins of ore do most frequently lye, and after happening to meet with a promising prospect likely to turn out to Immediate profit immediately thereafter to proceed in Driving Said 64 fathoms Level from the South end falling of the ground to the North upon the Tract of the Vein by so doing could go with a Cross Cut which would discover which of the Veins Improved most likely To bear the greater Quantity with it's quality, &c. &c.

*Representation of the Committee of Orange County.*

[Petitions, 33: 732.]

To the Hon<sup>ble</sup> the Convention of the State of New York:

The Representation and memorial of the Committee of Orange County, Humbly Sheweth,

That the Militia of this County have frequently been called out on public service, and we were formerly much pleased in observing that they marched with cheerfulness. That of late a reluctance hath appeared which hath given us much uneasiness. That at first your memorialists were at a Loss rationally to account therefor, Then and still believing that it did not spring from disaffection to the grand cause. That after mature deliberation they have judged the following reasons may be assigned, Viz That the Militia hath not yet received a reward for past services, 2<sup>dly</sup> That the pay allowed is not sufficient for the support of a poor family, which is to be maintained either by some Trade, by days Wages, or agriculture on a small and rented Farm, especially if the person Renting must be called away at the very season when Business can only be done to purpose. That your memorialists do judge the pay of the Militia is by no means equal to the Continental Troops as the latter have a Bounty, Cloths & the former barely their wages & Provision and many times so poorly served with Provision as to make it unavoidably necessary to spend considerable money. That your memorialists believe it essentially necessary to keep up the spirit of the Militia and to prevent families as much as possible from distress. That they most earnestly request the Hon<sup>ble</sup> Convention to take the premises into Consideration, and grant such relief as the nature of the Case and your Judgment shall direct. That they wish health and prosperity to the Hon<sup>ble</sup> Convention and beg leave to subscribe themselves

Your Most Obed<sup>t</sup> Humble Serv<sup>t</sup>

*Petition of Inhabitants of Newburgh.*

[Petitions, 33: 568.]

To the Honorable the Convention of the State of New York:

The Petition of the subscribers, Freeholders Inhabitants and Principle Friends to Liberty in the Precinct of New Burgh Most Humbly Sheweth,

That your Petitioners Taking into their serious consideration the Nature and consequence of your last Resolve for the Disposing of the Tory Property in this Precinct as matters may hereafter be circumstanced are much alarmed and Dissatisfied as your Petitioners humbly conceive it may Effect their Interest in a Most singular manner. That there is Near 50 Tories Heads of Families in this small Precinct who are either with the Enemy or in Prison whose property is seized and to be sold on Monday next. That in case this property is sold and only a few months Provisions left for the support of their families from which it is taken, Those families or the greatest part of them will soon become a charge to this precinct. That your Petitioners would not by any means be understood that they have any objection to the seizing and securing this property but think it perfectly just and Equitable, But at the same time are clearly of opinion that your Honourable

ought to pass a Resolve either to send those Tory families immediately to the Enemies Lines or provide that in case they shall become chargeable in consequence of this Proceedure that they shall be maintained by the State and not the Precinct. That your Petitioners are under the Necessity of urging this Measure at Picasant, the more so as it is But a few Days Before your House must be of Course and a Future Legislature may Not think proper to take the Matter up. That your petitioners Humbly conceive that the Leaving as much as the said Property unsold such as sheep, Cows, Teams, Farmers' Utencials, &c to each Family as may with their Industry be sufficient for their own support (would in the opinion of your humble Petitioners) be by far the most Prudent measure and at the same time Let it be considered the property of the State and let them know that they are only to make use of the same for their maintenance and that during the pleasure of the Convention or a Future Legislature and in order to secure the same let it be under the care of and Inspection of proper Persons appointed for that Purpose who may be Residents in the Precinct. Your Petitioners therefore pray that your Honourable House will take the matter into consideration and make such Provisions in the Premises as may have a Tendancy to Ease the minds of your Petitioners from those Dangerous consequences grounded upon the principle aforesaid, and that a matter of so much importance may not be neglected and passed over by means of the multiplicity of other business on your hands, we have Delegated the bearers Hereof Coll. Thom<sup>s</sup> Palmer & Lieu<sup>t</sup> Wolvert Ecker to whate on your House with this Petition with whome we Beg the Honor<sup>ble</sup> House will confer as They may more Fully Demonstrate our Apprehensions and by whome we flatter our selves we shall be Indulg'd with a Favorable answer and your Petitioners will ever pray.

Being thought unfriendly to the American States. That y<sup>r</sup> petitioner some few Days ago went from home upon some Business & happen'd to Gett a Little Intoxicated in Liquor, and upon his Return home Inadvertantly fell in Company upon the Road with a person unknown to y<sup>r</sup> petitioner & Discoursing & Joking about the Tories passing through there & Escaping this person says to y<sup>r</sup> petitioner that if he had been with the whigs they should not have Escaped so, Intimating and by way of Boasting, that he would have Done Great Feats as a Tory could not look a whig in the face to which your petitioner being merry and in Liquor, Wantonly and in a Bantering manner told him that in the Lane through which they was then Riding five & twenty whigs would not Beat five & twenty Tories & Joking together they parted & y<sup>r</sup> petitioner thought no more of itt, since which he has Been taken up and Confined, as he supposes for the above joke. *Petition of Elizabeth Bend.*

[Petitions, 33 : 694.]

To the Honb<sup>le</sup> the Convention of the State of New York,

The Petition of Elizabeth Bend of Fish Kill, Dutchess County, but formerly of New York, Humbly Sheweth,

That your petitioner having a parcell of goods taken in charge by the Commissioners appointed by this Honb<sup>le</sup> House supposed to be the property of your petitioners Son Grove Bend of New York. Your petitioners Daughter Elizabeth Haight petitioned this Honble House a few days ago on the same subject to which this Honb<sup>le</sup> House thought proper to give no answer, wherein your petitioner offered to declare upon oath, Likewise the oath of her Daughter Elizabeth Haight that the Goods are your petitioner's, and that Grove Bend has no Interest in them, since your petitioner has found three Receipt Books which your petitioner conceives will strenthen the oath of your petitioner and prove that there was never every thing bought, Neighbor paid for, but was in the name of your petitioner, and receipts for goods which are absolutely in the hands of the Commiss<sup>rs</sup> which can be proved by an Honb<sup>le</sup> Member of this House Mr James Beekman who your petitioner has Dealt with for some considerable sum, your petitioner was sensible that every thing belonging to persons in New York was taken in charge and sold for the use of the State, but your petitioner being sensible no such thing could happen to her, or Else your petitioner could have smuggled so small a parcell of goods, so that the State

could never have come at them, as Mr Egbert Benson acquainted your petitioner that there had been an Information lodged six or seven weeks before your Petitioner Exposed the Goods for sale, the same Information was given by one of the Commiss<sup>rs</sup> Doct<sup>r</sup> Van Wyke. Your petitioner prays this Hon<sup>ble</sup> House to obtain a permit to redeem the Goods out of the hands of the Commiss<sup>rs</sup> where there is so little reason or justice in stopping them, and grant your petitioner such relief as this Hon<sup>ble</sup> House should think fit, And your petitioner as in duty bound shall ever pray,

FISHKILL, April 1777.

*Suffolk Plan of Government.*

[Miscel. Pap. 36: 464, 467.]

1. The Colony Establishment should vary from the old one by a very few alterations.

2. Nothing to fear from an Assembly of fifty or sixty Members in no permanent Office of Power, and annually elected, only by Freeholders & by Ballot.

3. A Council of 20 Members to be elected by the Assembly (or out of the Assembly) during good behaviour, who should have real Estate to the value of £10,000. Freeholders and stated Residents of the Metropolis at least 7 months in the Year.

4. The Governor to be elected by Ballot out of the Council by a majority of the Two Houses every three Years.

5. These Three Estates to have their former Power, Executive, Legislative, or judicial, with authority to the Governor and Council to pardon Criminals.

The following to be made fundamental Regulations:

6. The Assembly to be convened at least once every year and not adjourned, prorogued or dissolved without advice of the Council.

7. That the Chancellor (who is not to be the Governor) the Master of the Rolls, the Judges of the Supreme Court, Barons of the Exchequer, Judge of the Admiralty, Mayor, Recorder of the City of New York and Albany, hold their Office during good behavior, and that adequate allowances out of permanent Funds be Established for those great and necessary Employments.

8. That appeals lay from the Supreme Court, to the Governor and Council, in all causes of Error, and from thence (except in personal action of small moment) to the upper House of the American Parliament, to whom appeals should also run from the Exchequer, the Chancery and Admiralty.

9. That the Council and Assembly elect by Ballot, one-half of the members of this Colony for the Continental Parliament out of the Council and the other half out of the Assembly, or State at large.

10. That the Court for trying Impeachments by the Assembly consist of the Chancellor, the Council, Master of the Rolls, Barons of the Exchequer, Judges of the Supreme Court, and Admiralty, and Mayor and Recorder of the City of New York, and y<sup>e</sup> Governor to have no power to Pardon these Criminals.

1<sup>st</sup> It should vary by so many alterations, be they more or less, as is necessary to cure all the defects in the old one.

2<sup>nd</sup> Nothing more to fear from an assembly of 100 Members, annually elected by Ballot, by the Body of the People paying Taxes, out of the same Body.

3<sup>rd</sup> A council of 20 Members elected annually in the same manner as the assembly and of the same kind of folks, would do full as well.

4<sup>th</sup> A President to be chosen annually or priannually by the above two Houses, out of a Council of Safety to be appointed the same way, for an executive Body.

5<sup>th</sup> To have nothing to do with Legislation.

6<sup>th</sup> The Legislative Assembly and Council to convene upon their own adjournments or those of the former Houses and upon special occasion by the President & Council of Safety never to be dissolved by the President.

7<sup>th</sup> The two houses to be the Chancellor, And not such a long List of high-sounding names—which perhaps, will save some of those permanent Funds, for other, tho' perhaps, not so great, yet quite as necessary Employments.

8<sup>th</sup> A Court of Exchequer we have not, nor do I know of any Barons in this State.

9<sup>th</sup> That y<sup>e</sup> Assembly & Council elect by joint Ballot Delegates for Continental Congress out of their own members.

(Indorsed.) "Suffolks Countys plan of Government." (In another handwriting) The above Indorsment is a scandalous Libel upon the County of Suffolk. (Then follows in the same writing as the first) The Truth is, the within plan Transpired from Suffolk Members and nothing appears but it there originated. (To which is Rejoined by the 2d. writer) The Members of Suffolk are able to make the Contrary appear whenever it shall be necessary.

Nothing. Fish kill.

*Petition of Prisoners.*

[Petitions, 33: 572.]

To the Honourable the Convention of the State of N. York.

The Petition of the under Subscribers, Humbly Sheweth,

That we the Subscribers look upon ourselves as Prisoners immediately under the jurisdiction of your Honb<sup>le</sup> Body, and as such entitled to your Protection, therefore we conceive that we have an undubitable right to complain to you of all (or even of any immaginery) insults offer'd to us by any inferior Body, in consideration of which and in trust of the greatness of your Humanity we are emboldened to lay before you the treatment we have experienced from this County Committee, Relying on your goodness for redress of our Grievances, and what we humbly concieve the support of the Dignity of your Honourable House. We were this forenoon visited by a Body of the Committee of this Place with M<sup>r</sup> Egbert Demunt and by him Cumming was charged with having received and delivered Letters through the Iron Grate, which in the Sincerest manner we deny'd Excepting in one instance early this morning Cumming gave a sealed letter to his servant (directed to M<sup>rs</sup> Cumming) through the window which letter was previously examined and sealed in the presence of one of the worthy members of your House, and as Capt<sup>a</sup> Gyles saw the letter was sealed at night, he desir'd the servant to come to the window for it, the next thing Cumming was asked was if he had received any letters since he came into the Jail, when he show'd M<sup>r</sup> Demunt all the letters he received and offer'd to Depose he had received none other. M<sup>r</sup> Demunt then demanded our music, when he took away two violins belonging to Cumming. Cumming begged of M<sup>r</sup> Demunt to leave the violins with the Capt<sup>a</sup> or M<sup>rs</sup> Gyles as they were instru-

ments he had a considerable value for, but Mr Demunt answered he would not trust them with either we had one Pack of Cards to Divert us which was committed to the Flames to please the Committee they then inform'd us that for the future they would take care we shou'd not live as we had done heretofore and Capt<sup>n</sup> Gyles informs us he has orders from the Committee to let us have no drink but small Beer or water, they have likewise detain'd a quantity of pins belonging to Mr Cruksbank which he had sent for (by Capt<sup>n</sup> Johnson) from Albany to defray the expences of himself and Cumming in Jail. we therefore entirely rely on the goodness and Humanity of your Hearts to give such orders concerning us as to your Honours may seem fit, and your petitioners as in duty bound shall ever pray.

*Resolution about County Committees.*

[Miscel. Pap. 39 : 21.]

A. M. May 5<sup>th</sup>

Whereas it has been found by Experience that the several Committees within this State have greatly contributed to the public Security & Defence by expediting the measures necessary for the general weal, and whereas it will be necessary that the salutary influence of such Committees should be continued untill the Government of this State shall be firmly settled and obtain its full Energy & Vigor,

*Therefore resolved* that it be recommended to the Inhabitants of this State to chuse such active, spirited & Discreet subjects of this State as they shall deem proper for members of the several committees within their respective counties and to continue as members of such Committees untill the first Day of October next, and altho the office of a member of any of the said Committees is extremely painful & laborious yet as the service will probably expire before the said Day it is most earnestly recommended to the Good Subjects of this State chearfully to undertake and vigilantly to execute the said offices, more especially as the last Hope of our Dispirited Foes is now grounded upon those intestine Divisions which they so assiduously labour to promote. By the assistance of which they expect to accumulate greater Evils upon a Country which they cannot subdue and without which all their Diabolical Designs must prove utterly abortive.

*Report on Accounts of Abraham Lott, Treasurer.*

[Miscel. Pap. 39: 249, 253.]

Your Committee appointed to confer with and Examine the Accounts of Ab<sup>m</sup> Lott Esq<sup>r</sup> late Treasurer of the Colony of New York—Beg leave to Observe,

That in conference with said Ab<sup>m</sup> Lott Esq<sup>r</sup> he Informed your Committee that he had stated his Accounts in the manner he had been accustomed to with said Colony.

That he had not brought with him the Vouchers on which they are founded,

1. Because he conceives he ought to keep them for his Security during the present contest as he may in future be called upon for the same.

2. That they are numerous and bulky and must be brought in carriages, nevertheless is ready to send them if Convention Orders it.

That he has a considerable number of Books and Papers put into his custody by Act of Assembly belonging to the Treasury, that he would be glad Convention would make some order about to indemnify him in delivering them to such person or persons as they should think proper to appoint, or if they see fit to leave them with him, will take proper care of them.

That he has a number of the counterparts of Bills issued the 31 of May 1709, that he would be glad was destroyed.

As your Committee are not furnished with the Vouchers referred to in the Accounts produced by Mr Lott, can only report on the face of the Acc<sup>t</sup> which they have carefully Examined and find the same rightly cast and properly Carried out.

That Mr. Lott produced to your Committee a list of outstanding debts amounting to £316 1 10, due him for duties which he has not charged himself with, being prevented from collecting the same by the present situation of affairs.

That there are Sundry Sums due on the different publick Lotteries for Tickets Sold on Credit with which Mr. Lott has charged himself which your Committee are of opinion ought to be allowed whenever the same can be ascertained.

That the Salaries and Allowances of the Governor, Lieut. Governor, Clarke of the Courts and Public printer, are severally charged, altho they have not fully been paid up, nor can we ascertain what is due each for want of the Vouchers and particular Acc<sup>t</sup> of each person. Mr Lott thinks there is due Gov<sup>r</sup> Tryon between four and five hundred pounds, but does not know how much to the other three.

Upon the whole as the account is now stated with the foregoing observations, your Committee Do Report

That there is due to this State from Ab<sup>m</sup> Lott Esq<sup>r</sup> late Treasurer of the Colony of New York the Sum of Twenty four thousand, eight hundred and fifty seven pounds, Seventeen shillings and four pence.

That Mr Lott acquainted your Committee that he had at present only about three thousand pounds which he was ready to pay in, and gave as a reason of his having no more at present, that he had traded largely to the Danish Islands where he had more due in safe hands than was sufficient to pay the Ballance he owed the State which with the Indulgence of Convention he would use his utmost endeavours to collect and pay in.

IN CONVENTION OF THE REPRESENTATIVES OF THE STATE OF NEW YORK, }  
KINGSTON, May 8<sup>th</sup> 1777.

The Committee to whom was referred the Report of the Committee who were appointed to confer with and examine the accounts of Abraham Lott Esq<sup>r</sup> late Treasurer of the Colony of New York, reported the following Resolution, Viz:

*Resolved*, That the Books and papers now in the possession of the said Ab<sup>m</sup> Lott belonging to the Treasury which were put into his Custody by Act of Assembly, be by him as soon as may be delivered to the Treasurer of this State, and that this Convention will pay the expence of transporting the same.

That all the old Counterparts of Bills now in the possession of the said Ab<sup>m</sup> Lott be sent by him to the president of this Convention, or Presid<sup>t</sup> of the Council of Safety of this State that they may be destroyed.

That the said Ab<sup>m</sup> Lott be ordered to state an exact acc<sup>t</sup> of the Ballances due and unpaid to the different officers of the Colony of New York and transmit the Same to this Convention, the Council of Safety, or the future Legislature of this State, and that he pay all such Ballances to the Treasurer thereof.

That the said Ab<sup>m</sup> Lott do pay such Sum or sums of money as are now in his hands on account of the Ballance due to the Colony of New York into the treasury of this State and take the receipt of the treasurer or vice treasurer for the same which receipt shall be a Sufficient Voucher to the said Ab<sup>m</sup> Lott for charging the said Colony or State with the Sum or Sums of money so paid and received and that the said Ab<sup>m</sup> Lott be directed to use his utmost Endeavours to Collect the Ball: that may still remain due from him to this State and to pay the same to the Treasurer thereof as soon as possible.

*Resolved*, that the Vice Treasurer of this State be directed to demand & receive of John Cruger Esq<sup>r</sup> late Speaker of the gen<sup>l</sup> Assembly of the Colony of New York the Bond entered into by Ab<sup>m</sup> Lott Esq<sup>r</sup> late Treasurer of the s<sup>d</sup> Colony & his Sureties for the faithful execution of his said office of Treasurer & that the Same be filed in the Treasury of this State.

The same being read & considered by Paragraphs it was thereupon

*Resolved*, that this Convention doth agree with their said Committee in their said Report & that the same Stand confirmed as the Act of this House.

The Petition of Silas Gardner of New Borough precinct in the County of Ulster and State of New York, Humbly Sheweth,

That y<sup>r</sup> petitioner is one of those unhappy persons who are confined in the Dungeon of the Common Goal of Kingston & sentenced to Die by Court Martial. That as this Honourable Convention has the Confirming of the sentence y<sup>r</sup> petitioner is therefore led to offer this his petition. That as this Honourable House hath Been ever ready to hear the petitions of the Distressed and always followed that unerring & Divine precept (which says mercy Rejoiceth against judgment) and Especially as he humbly conceives he is wrongfully condemned by false accusation. That y<sup>r</sup> petitioner some time last January went to New York & Returned and was about Returning again in company with one Isaac Lockwood But was taken & sent to Fishkills, Try'd by the Commissioners & Discharged from the said offence. That y<sup>r</sup> petitioner was Return'd to his family and had been but about twelve hours home before he was apprehended by some of his neighbours, and taken Down to the Fords & Confined & Sentenced to Die. That y<sup>r</sup> petitioner knows of nothing that can be laid to his charge since his Discharge from the said Commissioners But is Informed that the said Isaac Lockwood has sworn that y<sup>r</sup> petitioner enticed him the said Lockwood to go off the time when they was both apprehended. That y<sup>r</sup> petitioner can sufficiently prove by several witnesses if required that the accusation of the said Isaac Lockwood is false as the said witnesses is Ready to testify that the said Isaac Lockwood was Ready and about going off to New York Before y<sup>r</sup> petitioner Returned therefrom. That y<sup>r</sup> petitioner is in a truly Deplorable and pitiable situation Being Condemned for a Crime for which he hath Been Legally Discharged, and is conscious to himself of not having Committed any thing since his Discharge worthy of punishment y<sup>r</sup> petitioner therefore Humbly prays and Implores that this Honourable House would be favourably pleased & mercifully Disposed to take his Deplorable case under their most serious consideration so as that y<sup>r</sup> petitioner may be Relieved from the said sentence of Death by pardoning y<sup>r</sup> said petitioner and Discharging him from his confinement or such other Relief as to this Honourable House shall seem meet. And y<sup>r</sup> petitioner shall ever pray.

*Petition of Arthur McKinney.*

[Petitions, 33: 558.]

To the Honourable the Representatives of the State of New York in Convention Assembled.

The Petition of Arthur McKinney of Hanover Precinct County of Ulster & State of New York, Humbly Sheweth,

That your Petitioner is at present a Prisoner Confined in the Dungeon of the

Common Goal of Kingston, And under sentence of Death for an offence against the Law of this State Confirmed by a Resolve of this Honourable Convention passed the fourteenth day of April last past and published in the Newspaper the twenty-fourth of the same Instant. That the said Resolve was unknown to your Petitioner as he is a person who can neither Read nor write, And the offence committed the twenty-sixth of April being but the second Day after the publication of the said Resolve in the Newspaper. That y<sup>r</sup> petitioner is Innocently brought into this dismal snare by some ill Disposed person who must have directed them to his Barn in the Dead of the night, unknown to y<sup>r</sup> petitioner & without his knowledge, and as he looks upon himself as a Dying man it is his Indispensible Duty, as he regards the good of his soul in the next life to say or Declare nothing but truth y<sup>r</sup> Petitioner therefore is Ready & willing to lay his hand upon the sacred word of God, and solemnly Declare that he neither Knew of their coming or of their being there untill the next morning when he went to feed his Cattle as usual, and there he found the men in his Barn, And they would not let him go out, till he made his Negro wench bring Victuals to them and when they had Eaten they went away, and then y<sup>r</sup> petitioner got clear of them. That y<sup>r</sup> petitioner has always been a friend to the American cause and always liberally Contributed towards Raising of Men for the Defence of his Country, And has serv'd himself though a man of sixty-seven years of age and very weak through Age & other Infirmitys. That y<sup>r</sup> petitioner by what appears to him is Condemned by a Court Martial to Die for this small offence, But that this Honourable Convention has the Confirming of the sentence and that y<sup>r</sup> petitioner's life is now at the Disposal of this Honourable House. That y<sup>r</sup> petitioner is in a truly deplorable condition, Being bound with Iron Bands in a Dark and Dismal Dungeon without the allowance of any thing to do their necessity's in, y<sup>r</sup> petitioner therefore throws himself at the feet of this Honourable House and presumes to offer, Humbly praying & Imploing for mercy that as this Honourable House has always followed that unerring and Divine precept (which says Mercy Rejoiceth against Judgment) hopes that this Honourable House would be favourably pleased to take his case under their serious consideration, and pardon his Crime as he is not only willing to take the oath But to give such security as by this Honourable House shall be Demanded, or give such other Relief as to this Honourable Convention shall seem meet. And y<sup>r</sup> petitioner shall ever pray.

Joel Marsh being duly Sworn said that soon after Major Hoisington's arival from New York with his Commission, he the deponant waited on said Hoisington (being appointed a Captain under him) when in conversation he observed to said Hoisington that he did not choose to take a Commission because he thought it would be verry difficult to Raise men for an unlimited term on which Hoisington answered it would not be difficult, as he would as soon Inlist some untill next March as not, and give them Forty Shillings Bounty—that by that time perhaps the War would be at an end, and the Surplus of the Bounty would remain to the Officers—that if men were wanted after that time he could raise others—and that he would Risque the Consequences—The deponant further saith he saw John Strong a Captain in the Rangers inlist a man untill next March or about that time as near as he can recollect and that he is Credibly informed that many of said Rangers are Inlisted on the same plan—and further saith not the Deponant.

[Miscel. Pap. 36: 205.]

Mr James Clay, Chairman of the Committees of Cumberland and Gloucester, informs: that Major Hoisington, on Wednesday the 31<sup>st</sup> of July called at the Informants house, and read a resolv of Convention of the State of New York, respecting the Raising a number of Rangers, in said Counties and requested said Clay to send out citations, To the Committee of Cumberland County, to meet those of Gloucester, the Tuesday following, at Windsor, and that he s<sup>d</sup> Hoisington, would warn the Committee of Gloucester to meet him at that time and place, to which s<sup>d</sup> Informant objected observing there being Twenty Two Towns in Cumberland County, and many of them remote from the place of meeting, Together with the greate distance from Gloucester Rendered it in a manner impractible to collect the Committees of the Two Counties in so short a Time. Said Clay demanded the Resolv or a Copy of them as he had not been furnished with any Instructions from Convention, relative To the affair which said Hoisington refused and urged said Clay to call the Committee representing the pressing necessity in such terms as prevailed on said Clay to comply with his request. Accordingly the Committee were called and met at Windsor aforesaid there being Nine members of Cumberland and one of Gloucester. Said Clay refused proceeding on Business there not being a Majority of the Members of the Counties as said Clay was informed that a Quorum of each Committee was necessary to transact this Business in Conformity with the Resolve of Convention, which Resolve Major Hoisington then read but refused to let the same lie on the Table. Said Hoisington at the same time insisted a Majority was not necessary after the greatest part of a days Debate, in which said Hoisington took a great share, It was Resolved to proceed on Business—The members then present Chose the said Clay Chairman of the Committee and proceeded to appoint the Officers as is more at large in transaction of s<sup>d</sup> Committee. that next morning said Hoisington insisted on said Clay's Signing the Warrants for the Officers appointed the evening preceeding which said Clay complied with, but did not swear said Officers as he the said Clay did not know it was necessary, Hoisington haveing kept the Resolution of Convention in his possession & said Clay heard it read once only during the setting of the Committee. Mr. Clay further informs that he asked Major Hoisington, who was to Govern this affair or order those men out on duty. Said Hoisington answered he had the ordering of them himself, and that he was under no contrul but ordered them as he thought best, and that since the Signing the warrants, said Hoisington had never applied for any instrutions from said Committee, nor did said Clay ever understand that the Rangers were under the Command of the Committee.

JAMES CLAY, *Chairman.*

#### Major Hoisington's Examination, Dec. 1776.

[Miscel. Pap. 36: 212.]

Being asked why he refused giving Mr Clay a copy of the Resolves denies his ever refusing Mr Clay the Resolves or a copy of them, and that he never refused letting said Resolves lie on the Table. That his reason for insisting on the Committee being called together so speedily was to expedite the raising of the Rangers, knowing the alarming situation the frontiers were in. That the Committee regu-

lated their own affairs & if his opinion was erroneous relative to a majority not being necessary the Committee might have over ruled it. That M<sup>r</sup> Clay asked what part the Rangers should occupy and who had the direction of the places they were to be stationed. That Major Hoisington answered that Congress had left that matter with him, and that M<sup>r</sup> Clay asked no other question relative to that affair and that he does not recollect the substance of what passed between him and Major Joel Marsh and that M<sup>r</sup> Marsh's not accepting of his Commission rendered him a person not interested consequently the discourse which passed between them was immaterial.

Lieut Lyons of Major Hoisington's Detachment of Rangers being Examined saith that Major Hoisington encouraged the Inlistment of men for a limited time and that all that passed between him and the Major on that subject was in presence of Major Joel Marsh, and that the Informant inlisted thereon four men for six months in consequence of the direction from y<sup>e</sup> Major. That he cannot recollect what further passed it being some time ago.

[Miscel. Pap. 35: 315.]

We whose names are underwritten under the Solemnity of an oath declare that at the time of the appointment of Officers in Windsor that Major Hoisington Read the Resolves of Congress and gave them to others who read them over several times, and Major Hoisington seemed desirous to lead the people into the knowledge of what the Congress had done for the Countys and the natur of the servis expected of the Rangers emediately under his inspection.

[Miscel. Pap. 36: 229.]

Capt Hatch of Major Hoisingtons Detachment of Rangers saith, That he never received any orders from Major Hoisington to raise men on any other Terms than those prescribed by Convention, that the Major observed to him at the same time, if he wanted Two or Three men to fill up his Company, he imagined there would be no risque in inlisting them for six months, as they could be replaced before the Expiration of that Time.

Cap<sup>t</sup> Hatch further declares he has no men in his Company Inlisted for any shorter term than that directed by Convention, And the Inlistment to which his men has subscribed is as follows:

We whose names are under written, do acknowledge to have Voluntairly inlisted ourselves, under Capt Joseph Hatch, who is raising a number of Rangers for the Defence of the Counties of Cumberland and Glouster of whom Joah Hoisington Esq<sup>r</sup> is Commander in Chief.

Capt Hatch further declares that his men understood by said Inlistment that they were not to march out of said Counties, nor to be stationed Elsewhere. That the Counties of Charlotte, Ulster, Orange & Tryon, were inserted in the above mentioned Inlistment, which were Erazed by order of the Major on Cap<sup>t</sup> Hatch Informing him he could not Inlist men under such Rules. At the same time the said

Rangers consider themselves bound in Duty as friends to America, to go to the assistance of any invaded part of Charlotte County in like manner as the Militia, And to return to their former Station as soon as said Invasion or Imminent danger is over, and further as Capt Hatch enlisted those men to remain in the Counties of Cumberland, and Gloucester, only! he is well apprized his men will not serve on any other Terms than is above mentioned. That as soon as the apparent dangers of those Counties does Subside, They are immediately to be Discharged. That the whole of his Company were enlisted on the above mentioned Terms, and that Major Hoisington Explained every circumstance in the manner above related. Cap<sup>t</sup> Hatch understood from several of the Committee the Rangers were not to March out of the Two Counties. This information was given in presence of Major Hoisington.

[Miscel. Pap. 36: 209.]

Sergeant Elijah Mason of Major Hoisingtons detachment of Rangers being duly sworn saith,

That he Enlisted in Capt Waites Company to serve till the first of March next as a Sergeant & that he has Enlisted one man for the same term that Major Hoisington told him it was not material if some of the men were Enlisted till the first of March, it being a dangerous time and that they were immediately wanted & that he thought others might be recruited in their stead & that Major Hoisington assured him he should be discharged at that time—that he asked the Major concerning Billiting Money—who told him there was none allowed the Soldiers—that he the Major would supply them with Provisions which caused an uneasiness among the Soldiers—that the next day after their march the Major told them the Subsistance money belonged to them and if they would give him that which was due to them for Subsistance from the time they enlisted, till they marched together with that which would become due to them, he would supply them with provisions, Camp Kettles &c during the service. That upon this Capt Waite told the men that Bonds should be drawn and signed for the faithfull performance to which they agreed—that he saw written papers given by Lieut Hawley to Christopher Hall a private in Capt Waites Comp<sup>y</sup> purporting that he would be discharged the service some time in March next.

Mr Seeley Informs he spoke to several Members of Congress, Particularly Coll<sup>l</sup> Smith, of Philadelphia and Mr Sherman, concerning Cumberland, Gloucester, &c., being sett of in a new State who thought it an improper Time at present to take up an affair of such a nature, however deemed it advisable To have delegates at New York, or philadelphia, So that they might be ready to answer for themselves, In case New York should attempt to have a confirmation of their Claim over those Counties, and deemed it advisable to avoid signing any Instrument that would by any means Bind them to New York. So that they Could not renew their pretensions on a future day.

## New Hampshire Grants.

[Miscel. Pap. 34: 197.]

Ob. 1. Would it not be proper that Congress should first determine the Jurisdiction as the people of those Counties are willing to submit it to them.

2<sup>d</sup> Would not the taking of the Quit rent unask'd appear as if we were purchasing those People to a compliance and would therefore take away the merit of such an action, and seem as if we doubted our Jurisdiction over those Counties.

3<sup>rd</sup> As the legislative body of the State will soon be formed will it not be more proper to submit it to their decision, than a Committee of Safety, a small part of a body chosen by the people for the sole purposes of framing a Government a body who hitherto has Regulated no more of the Internal policy of the State, than there was an absolute and Immediate necessity for.

4<sup>th</sup> Would it not be proper to call the principle people of those counties before this house hear their complaints and know the Terms they are authorized to Settle upon.

5<sup>th</sup> Have not many of the hampshire Grants been forfeited by the Grantees. Is it equitable to confirm their titles in preference to a Just one, tho theirs be an older date.

6<sup>th</sup> Would not the taking of the Quit rents unasked appear as if we were purchasing those people to a compliance, and would therefore take away the meaning of the act, and seem as if we doubted our Jurisdiction over those counties.

7<sup>th</sup> Are we not rather precipitate in giving up so Great a revenue at a time we are not assured it will have the desired Effect upon the receivers.

8<sup>th</sup> Many in those counties hold lands in New York by purchase of officers rights which together with the fees comes very high to them, in what manner is it to be Settled when Tenants under those people and others under new Hampshire are settled on the same lands.

## Report on Affairs of Cumberland County.

[Miscel. Pap. 37: 57.]

Your Committee directed to confer with Israel Smith Esqr Agent from the township of Brattleborough beg leave to report

That the said Israel Smith hath informed your committee that the Township of Brattleborough aforesaid labours under many Inconveniences and Disadvantages some of which are common to the Counties of Cumberland, Gloucester and Charlotte others peculiar to some of the Inhabitants of the first of the said Counties and particularly the Township aforesaid. Among the former kind the first in order is the uncertainty of titles to Land within the said Counties arising from the Peculiarities of their first settlement and cultivation too numerous to recite in this Report By reason of which uncertainty unless some mode is adopted by the Legislature for the quieting of titles many of the honest Inhabitants of the said Counties must be ruined by legal contest with each other.

The second is the Defect of title under this State which in some Instances could not be obtained from the former Government by Reason of prior Grants and other Circumstances which it may not be proper to mention and which in other Instances was attended with such enormous Expense as to deter many who would otherwise have exerted themselves to procure it. An Evil which cannot be fully obviated but by some General Act for the Confirmation of Lands within said Counties.

The third general Inconvenience complained of is the Distance of said Counties from the former seat of Government by reason whereof the obtaining of Justice is on the one Hand rendered laborious, tedious and expensive to the Inhabitants and on the other the Influence of said Government over such Inhabitants is weak and Dissipated. From whence results a want of energy and vigor in the administration to the great Encouragement of the lawless and wicked and to the utter Distress and ruin of all loyal, peaceable and good subjects.

But The fourth general Inconvenience and which furnishes the broadest ground of Clamor and Complaint is the exaction of heavy quit rent for the lands within said Counties which they consider as an Innovation upon the Rights of Mankind for whose use such Lands were given by a bountiful Providence without Reserva-

tion and which ought not in their opinion to be charged with taxes other than for the general support & Defence of the State and Government. Besides this they observe that the Regulation is extremely Partial since thereby Lands of the greatest value both as to quality and situation pay no part of a Tax which falls heavy upon the possessors of a rough or even mountainous Country remote from the means of obtaining large supplies of money for Discharging this unequal and of Consequence inequitable Impost. And to this they add that quit rent generally falls heavy upon the poor man who purchases a small Farm and who is burthened not only with paying all the arrearages due upon it but liable to be turned out and have his property sold by the laws of the State to pay the quits of a large Patent in which he hath no other interest than by having purchased a small Part.

The particular Inconveniences and Disadvantages complained of by the said Township are that by the steady attachment of the Inhabitants thereof to this State and their unwearied opposition to the Independency claimed by sundry evil minded persons in the said counties, the said Inhabitants are not only becoming odious to some of their neighbours but from the Indolence or Disaffection of their Militia Officers incapable of Exerting themselves against the common Enemy they having never yet been called out upon any alarm altho as well from their zeal as their Propinquity to Ticonderoga they might be of great utility whenever the Enemy shall think proper to make an attempt upon that Fortress or its vicinage. They are also much Distressed for want of arms and feel themselves under great streights on account of the Tories who cannot now be dealt with, for altho by the late Resolutions of this convention the said Israel Smith is of opinion that new and more spirited measures will be taken against them yet for the Distracted state of the said County it may be impracticable to collect a county Committee for Defect whereof the said Resolutions may become ineffectual altho perfectly consonant to the wishes and Desire of the People. Upon which said Conference your Committee are of opinion that the *Quidding* or *Confirmation* of titles would be inefficacious before the authority of this State is fully acknowledged within the said counties at which time the Equity of Government will doubtless upon the *application* of its *Good* subjects grant every Relief which the nature of the case will admit of.

That the distance from the seat of Government which is one ground of complaint would not long continue were the whole powers of the State to be confined to such Parts of it as are now settled but must certainly depend under our free and equal Constitution upon the Part which those counties may take and the weight which they easily acquire in the Legislature.

That as to the complaints on the score of quit rents your committee are of opinion that the resolution which is already before the House upon that subject will be productive of those effect which they seem to desire. That the furnishing the said Inhabitants with Arms is in the opinion of your committee utterly impracticable of which their said agent may be informed. That the odium which they have incurred from their attachment to this State is an Evil which cannot be otherwise remedied. That by a change in the opinion of the Inhabitants of the said counties an Event which in the opinion of your Committee will take place as soon as they shall be convinced of their true interests. Upon the Remainder of the said Representation your Committee submits the following Resolutions.

1<sup>st</sup> *Whereas* it hath been represented to this convention that divers of the Inhabitants of the County of Cumberland who are desirous of continuing the subjects of this State are for divers reasons incapable of Exerting themselves in the general Defence particularly for the want of Proper Officers, therefore

*Resolved*, that it be recommended to such Inhabitants to associate as follows to wit: "We the subscribers subjects of the State of New York do associate together for the Defence of the United States against the King of Great Britain as follows: First we will chuse our officers by vote of the majority in each respective company or Regiment. Secondly we will obey such of our officers as others the Militia of the said State. Thirdly The names of the said officers shall be transmitted to the Government of the said State and to the General in the Northern Department. Lastly, that this association shall continue in force untill revoked by proper authority."

Whereas it hath been suggested to this convention that the county committee of the county of Cumberland cannot be Collected together but with great Difficulty,

*Resolved* that any committee chosen by the Inhabitants of Three or more adjoining Townships within the said county may exercise the Powers mentioned in the Resolution of the Instant all which is humbly submitted.

This Report was brot in and read May 10<sup>th</sup> 1777 and ordered to lie on the Table excepting the two Resolutions marked No. 1 and 2 which were agreed to and passed.

For ordering M<sup>r</sup> Smith doing the duty of Maj<sup>r</sup> of Brigade, for his Brigade not to turn parties out of it unless the Order was directed to him the Collonel which is Contrary to the Usage of the Army by which he has embarressed the Service.

For delaying the Returns of his Regiment and Brigade by orders and whims of his own contrary to the known Rules of the Army, and thereby delaying the General Returns of the Army in this Department.

For abusive Language to General McDougall at his own Quarters on the 23<sup>d</sup> Inst, unbecoming an Offic<sup>r</sup> and a Gentleman in the presence of many Officers of the Army.

To prove the traducing the Generals Conduct in the Retreat, &c, Major Platt being Sworn says that he heard Coll Livingston say it was a Scandalous Retreat, and once in particular that it was a Damned Scandalous Retreat, it being the Day but one after the Retreat, and also on the Day of Retreat communicated the above words of Coll. Livingston to General McDougall the very day Coll. Livingston was arrested. Witness knows that the words alluded to the Peekskill Retreat that Coll. Livingston attributed the Scandall of the Retreat to the Conduct of an Individual whose name was not mentioned. Witness says it was the Opinion of the Officers in General that it was a good Retreat and never heard any person dispise it but Coll. Livingston. Received information of the enemy's coming up between 8 & 9 O'Clock in the morning. that they Landed about noon the Same Day. that

the total strength of our Army at that time fit for Duty was 238 several of which had no Arms. that Coll Livingston's Reg<sup>t</sup> made up two thirds of the above Number at least.

Quest. by Coll Livingston to the witness—What time it was he heard the above words of its being a Scandalous retreat.

A. between 12 and 3 the Day after the retreat—Whether Doctor Vache was present at the time the above words are said to be mentioned—Ans<sup>r</sup> Yes.

Maj<sup>r</sup> Platt farther says that orders were immediately after notice Received of the Enemies approaching given to Coll Livingston to bring on his Regiment. Witness thinks that the Coll. Delivered the Orders to a Sergeant, Corp<sup>l</sup> or private. that Coll Livingstons Regiment got down about one o'clock being after the Enemy landed. that the enemy were on their march a Considerable time before Coll Livingstons Reg<sup>t</sup> got down. great impatience was discovered in the town on account of his Regiment not getting down sooner especially by General McDougall himself. after the Regiment got down Coll Livingston Rode up to the General and made application for ammunition the enemy being then just behind the Hill and within five minutes march of the town—that there had been plenty of ammunition to be had. By a Return produced to the Court it appears that Coll Livingston's Reg<sup>t</sup> on the 9<sup>th</sup> March drew 4000 Cartridges at the fish kills. that the enemy landed 23<sup>d</sup> March.

Coll. Cortland being sworn says that they heard of the enemies being in the River the Day before they landed. that it was about 9 o'clock when they had intelligence of their Shipping having got round Verplanks point—that the Num<sup>r</sup> of Musquets and men armed in the witnesses Reg<sup>t</sup> did not consist of more than 85. Witness judges that the Enemy consisted of about 600. that there were about 500 Battalion men from his judgment then and Information since. Soon after Coll Livingston's Reg<sup>t</sup> got down they took possession of the Hill to the northw<sup>d</sup> of the General Quarters. that the enemy paraded upon the opposite hill very shortly after the Continental Troops paraded upon the aforementioned hill. Witness judges the distance between the two Hills to be in a strait Direction a little better than 300 yards. has also understood that the enemy had six field pieces. that there were no artillerymen fit to man any guns we had at the time. Witness judges that y<sup>e</sup> are many Tories in Westchester County and disaffected persons who are not easily got out as Militia. Some indeed will not come at all. that a few of the Militia got in after we retreated to the Barracks, but they were from Fishkills as the witness understood—that there was no possibility of getting a sufficient Number of the Militia to oppose the enemy in time. Witness thinks that if they had known where the Enemy would have landed and had collected all their Strength to the Spot they might have opposed them to advantage or Secured a Retreat, but were unable to do it after Coll Livingston's Reg<sup>t</sup> got down; that if they had attacked the enemy and been defeated they could not readily have got relief and reinforcement, no Troops being nearer than Fort Constitution and Wrights Mills on the east side of the river, and the enemy could have gone where they would for there could have been nothing to prevent it. that the enemy were very near when the General ordered the Ammunition Waggon to be blown up.

Question by the Court to Coll Cortlandt, whether he thought that from the time of Coll. Livingstons Receiving Orders he could have gone up to the Barracks and marched down his Regiment time enough to have Gone to the Spot where the enemy landed and have opposed them to advantage.

He answered in y<sup>e</sup> negative.

Major Quakenbos being sworn says, that there was a large Quantity of Stores at the Fishkills at the time of the enemies landing at Peekskill, viz, about 1680 Tents, a Number of Arms, 8 or 9 pieces of Artillery, some powder, &c., that the Team Cattle at Peeks Kill were in a very low Condition at the time of the enemies landing there.

Capt Dobbs sworn, says that the enemies Shipping appeared Round Verplanks point about 9 o'clock on the 23<sup>d</sup> of March, that he saw 12 or 14 flatt Bottom'd Boats besides other Small Boats perhaps 20 in the whole. that some moved towards Pecks-

the Landing, at the same time that others rowed into Lents Cove where they landed. How far the Boats moved towards Peeks Kill the witness knows not, that the enemy had one ship of 24 Guns a Galley and an armed Schooner and four or five Transports. Saw men go from on board the Armed Vessels—there was not Room to quarter 100 Men in peeks kill at that time, that our Artillery men had lain in tents the Chief part of the Winter, that Commissaries and those who dealt out provisions, and others who took care of Boats, and people flocking in upon Business filled up the Houses very much.

*Question by Coll. Livingston to the witness,* Whether the boats that were destroyed might not have been saved if they had been sent to fort Montgomery—

*Answered,* That the witness gave such orders himself they were disobeyed and only One Boat was saved by going up.

Court adjourned till to-morrow, 9 o'clock.

9 o'clock, Court met according to adjournment.

Then proceeded to the proof of Coll Livingston's ordering Mr Smith, Maj<sup>r</sup> of Brigade for his Brigade not to turn parties out of it unless the orders were Directed to him, the Collonel, &c.

Major Smith being sworn says that there were several orders to turn out parties directed to him (the witness) in every Instance y<sup>e</sup> witness complied with the orders directed as above, that Coll Livingston directed him the witness at one particular time to tell Maj<sup>r</sup> Platt Brigade Major to General McDougall that there should not be parties turned out unless the orders were directed to him the Collonel, But afterwards told him to Comply with the last order received. that the Coll never positively told him the witness not to Comply with the above orders but seemed always of Opinion that such orders should be directed to himself, and that he, the witness was to receive his orders from the Collonel. recollects one instance in which there was a delay in turning out a party but not thro any order of Coll Livingston, witness desired Major Platt to direct orders to the Collonel which he complied with but once. Maj<sup>r</sup> Platt says that he does not recollect delay in turning out parties from Coll Livingstons Brigade but once more than in others and the reason then was that there was a mistake in the Orders, that Maj<sup>r</sup> Smith told him it was in vain to direct orders to him to turn out parties that the orders Should be directed to the Collonel, in consequence of which the witness directed the Orders to Coll<sup>l</sup> Livingston which was the last that was sent.

*Quest. to Maj<sup>r</sup> Platt by Coll. Livingston*—Whether He recollects the time when he informed Gen<sup>l</sup> McDougall of his character being traduced by him.

*Ans<sup>r</sup>* that it was on the same day but after his the Coll<sup>l</sup> arrestment between two and three oclock.

Capt. Flemming of the Artillery being sworn says that the state of the artillery at peeks kill at the time of the enemies coming up was very Bad had neither men nor horses sufficient to man or draw off the Guns, that there was only a sufficiency of horses to draw off one Gun that some of the musquetry were drafted for the artillery but went off—Made application for Horses but it was late Before they arrived, thinks that the utmost pains were taken to get off the Artillery, that the enemy were within two hundred yards when the General ordered the Ammunition Waggon blown up. Nothing to prevent an armed Vessel lying in Peekskill Bay and cutting off our communication with fort Montgomery but Artillery placed on the Hill at Peekskill, believes no Artillery Stores were left in Town.

To prove delays of the Returns of his Regiment and Brigade by orders of his own contrary to the known rules of the army—

Maj<sup>r</sup> Platt says Coll. Livingston until he was appointed to the Command of a Brigade always pursued the common mode of Returns but after the above appointment made some deviations in Returns from the Common rules of the Army, by making a Column for Corporals as non Commissioned officers. Witness had seen printed forms of Returns said to be by order of Congress and from his own knowledge of Returns knows that Coll. Livingstons Returns were not according to the Common Rules of the Army,—that he had to wait a day or two for Coll. Livingstons Returns. It appeared to the witness that Coll Livingstons Returns were incorrect thro Design. Witness sent the Returns back two or three Times. That General McDougall sent him word by his Brigade Major that he would receive no returns unless they were according to the Common Rules of the Army. That five or six days elapsed between the returning Day, and the time in which the last return was brought in. That Coll. Livingstons returns were not so early as the others being one day after. Farther says that Gen<sup>l</sup> McDougall told Coll. Livingstons Brigade Major to tell the Collonel that he would have no Brigade Returns with Nota Bene's. That Coll. Livingston afterwards sent in one with Nota Bene endorsed in large Letters which may appear by the Return.

Maj<sup>r</sup> Smith carried in the returns of Coll. Livingstons Brigade to Maj<sup>r</sup> Platt but Maj<sup>r</sup> Platt condemned the Regimental Return and gave him the Witness a form Witness carried another afterwards which was likewise refused. Cannot recollect the Day on which the return was excepted but that the returns of the preceeding week were given in about two days before the return Day.

*Quest<sup>n</sup> by Coll. Livingston to the Witness* whether he recollects shewing the form to him the Coll<sup>l</sup>

*Ans<sup>r</sup>* the Witness thinks he did, and told the Coll<sup>l</sup> that Maj<sup>r</sup> Platt sent it. Recollects Coll<sup>o</sup> Livingstons ordering his adjutants to bring in their returns two days Before they were required. Witness says that Coll. Livingston appeared very uneasy when he told him that the General said if his returns were not sent in punctually in the usual Form he would arrest him.

Adjutant Sacket says that Coll<sup>o</sup> Livingston told him he had no Business to keep Copies of his weekly returns, did not positively forbid him but said he did not think it proper that adjutants should keep Copies of returns and that he should give them to him. Witness believes it Customary for Adjutants to keep Copies of their own Returns, says that he did not keep Copies of his returns after the Coll<sup>l</sup> said it was improper till lately.

To prove abusive Language to Gen<sup>l</sup> McDougall by Coll<sup>o</sup> Livingston at the Gen<sup>l</sup> own Quarters on the 23 of May.

Maj<sup>r</sup> Platt says Gen<sup>l</sup> McDougall shewed Coll. Livingston his Returns, it being at the Generals own Quarters and asked him what he meant by it. Coll. Livingston replied its done by your Order. Then the General said Can you look me in the face and say it was done by my order. Coll. Livingston replied I can Sir and looked him in the face. The Gen<sup>l</sup> told him it was a egregious falsehood. Some conversation passed which Witness dont recollect, But Next word heard Coll<sup>o</sup> Livingston say By G—d you lie Sir directing his discourse to the Gen<sup>l</sup> thinks the General told him he was the first man that ever gave him the Lye, and was it not at his own Quarters he would take his Life from him. Before Coll. Livingston gave the General the Lye the General threatned to put him under an arrest, some little time after the Gen<sup>l</sup> said I will go farther with you I will give you a Gentlemans satisfaction. After Coll. Livingston went out the General followed him out upon the Stoop and said you have given me more plague than all the rest of the army and art a Pest to the army, and that he had done more hurt than ever he could do good, that it was very high on Both sides, that Coll<sup>l</sup> Cortlandt, Maj<sup>r</sup> Voss, Doct<sup>r</sup> Haviland and Doct<sup>r</sup> Burnett were present at the time. Witness has often heard Gen<sup>l</sup> McDougal regret that Coll. Livingston was blamed in the army for the Capriciousness of his temper.

*Quest<sup>n</sup> by Coll<sup>l</sup> Livingston to the Witness.* When Gen<sup>l</sup> McDougal told me he'd give me Gentlemans Satisfaction what return did I make?

*Answer*—You seemed to express a desire or fondness of it.

When Genl McDougal said I told an egregious Lye, do you think it was thro passion or thro a design of provoking me?

*Ans* Believed it to be his real thoughts or meaning.

Coll. Courtlandt being at Genl McDougalls Quar<sup>r</sup> heard him ask Coll Livingston why he made such a Return. Coll. Livingston signified it was by the Genl<sup>e</sup> order, upon which the Genl asked him if he could look him in the Face and tell him so. Coll Livingston persisting the Genl gave him the Lye in plain words. does not remember all the words made use of. they came out of the Room disputing. Heard the Genl say Coll. Livingston had already given him more trouble than all the Brigade he Commanded last Summer. that he ought to have been put under arrest before. That he was a pest to the army, and had done more hurt than he could make amends for. Whereupon Coll<sup>d</sup> Livingston told him he asserted a falsehood. Coll. Livingston told the Genl that if he was not his superior off<sup>r</sup> he would not dare treat him as he did. Genl said if he was not his superior Off<sup>r</sup> he would put an end to his existence, and signified he would give him Satisfaction. Coll. Livingston said it was well when he was out of the army. Coll. Livingston was put under arrest after he told the Genl it was a falsehood.

Maj<sup>r</sup> Voss Being sworn says he was sitting on the stoop at the Genl<sup>e</sup> Quar<sup>r</sup> when the above dispute hapn<sup>d</sup>. Heard the General ask Coll. Livingston how he came to make such a return. Coll. [Livingston] answered by your order Sir. The Genl ans'd can you as an honest man look me in the face and say so? the Coll. said he could and was not afraid to look him in the face, and farther said was you not my superior Officer I should tell you otherwise. the Genl replied was I not your Superior Offr and was it not at my Quarters I would put you into non Existence. heard nothing further until they had got Upon the Stoop. then the Genl said here is a Gentleman meaning Coll. Henly acquainted with returns, and presented it to him. the Genl told Coll Livingston it was an insult at the same time extended his arm toward Coll. Livingston's face. observed then that Coll. Livingston closed up his hand and said don't put your fist in my face. The Genl then said I as an honest man say it is a Lye. upon which the Coll said it is false. Witness then went away, and thinks when the Genl said it was a Lye that he alluded to Coll. Livingstons saying it was by your order Sir—That the Return was made.

Court then adjourned to 9 o'clock to morrow morn<sup>g</sup> and met according to adjournment.

Genl McDougal requests of the Court that some of the members of the Court might be sworn to give evidence of the treatment they had received from Genl McDougal at his own Quarters doing business with him as tending to shew his General treatment to Off<sup>r</sup>. It was the Opinion of the Court that the Evidence the General requested was improper & unnecessary.

Coll. Livingston after delivering his defence to the Court produced the following evidence in support of it:

Coll<sup>d</sup> Rynier being sworn says he has always known Corp<sup>s</sup> returned as Non Commissioned Off<sup>r</sup> in foreign Service and that it was done last year in Canada, that he crossed Kings ferry about half an hour before the enemies Shipping got up and does not think from the time Coll. Livingston received Orders to bring on his Regt. that he could possibly have done it before the Enemy landed.

Adj<sup>t</sup> Sackett that he received orders from Coll. Livingston to turn out the Regt. in the morning, but don't Remember the hour. Went up to the Barracks No. 2 with all possible speed which was two miles and an half from Peekskill & got the Regt.

down to Peekskill in about an Hour and half from the time he set out from Peekskill accord'g to the best of his Judgment.

Sam<sup>l</sup> Barret Sworn. He saw the adjutant to Coll. Livingstons Regt. set out from Peekskill to order down the Regt. Witness went up to the Barracks soon after him, and found the Adjutant turning out the Men.

Maj<sup>r</sup> Platt recollects Coll. Livingston being at the Gen<sup>l</sup> and talking about ammunition, whether he appli'd for any Witness knows not.

That the Gen<sup>l</sup> has denied ammunition to Coll. Courtlandt.

Pet<sup>r</sup> Vunek Quarter Master to Coll. Livingstons Regt. Being sworn says that on the Ninth of March Last he drew 4000 Cartridges for y<sup>e</sup> Regt., that Many of them were too small for the Bores of the Guns in the Regt. that in the Gen<sup>l</sup> Order for the 4000 Cartridges something was mentioned of spare Boxes of Ammunition; that the Men were to have 24 rounds a Man besides some spare Cartridges, that the evening before the enemy landed at Peekskill Coll. Livingston ordered the witness to draw two days provisions for the Regt. Knows of frequent application made to Gen<sup>l</sup> McDougall for ammunition, that he Got a Gen<sup>l</sup> Order for ammunition the evening before the enemy landed which was lost by the Serjeant, that it was late when we got the provisions and the Coll. advised him to wait till Morning Before he drew the ammunition, that in the Morning the return was lost.

Capt<sup>n</sup> Piercy of Coll. Livingstons Regt. being sworn says he complained to Coll. Livingston of the want of ammunition, had not above five Rounds a Man in his Company, knows nothing of the Rest.

Capt<sup>n</sup> Smith of Coll. Livingston's Regt. being sworn says that he had not above five or six Rounds a Man in his Comp<sup>y</sup> at the same time.

Maj<sup>r</sup> Smith who commanded Capt<sup>n</sup> Sackett's Comp<sup>y</sup> in Coll. Livingstons Regt. being sworn says there were frequent Complaints of want of ammunition till after the retreat. Does not remember from the time they left Fishkills to the time of the Retreat, of having more than seven Rounds pr. man.

Doct<sup>r</sup> Haviland being sworn, Being at Gen<sup>l</sup> McDougalls Quarters heard the Gen<sup>l</sup> telling Coll. Livingston that he would not take such returns for the future with a Nota Bene, that Coll. Livingston Did it with a view to affront him, that he would not take such treatment at his hands, and that he would give him Gentlemanlike satisfaction. Coll. Livingston replied you are my superior Off<sup>r</sup>—Gen<sup>l</sup> told him if he was not he would take away his existence, the Coll. replied prehaps it may Not be in your power—Next part of y<sup>e</sup> conversation was relating to Brigade returns, Coll. Livingston Said he had his orders for it, the General said he told an absolute Lye, Coll. Livingston told the Gen<sup>l</sup> that he was a Gentleman. Witness heard the Gen<sup>l</sup> tell Coll. Livingston he was a pest to the army and had done more hurt in ten days than he could make good in 100 or 1000 Years. Coll. Livingston replied that it was false—that the Gen<sup>l</sup> told Coll. Livingston he lied & then he was put in arrest.

Maj<sup>r</sup> Platt says he heard the Gen<sup>l</sup> say at the above time of the Dispute that Regimental Returns might be made with a Nota bene.

Application was made to the Court by Gen<sup>l</sup> McDougall for the sense of the Court whether, as Gen<sup>l</sup> McDougall has New Matters of Charge against Coll. Livingston arising from his written defence delivered to this Court since his arrest, the Court will take them up in the presant trial fearfull if he should prosecute Coll.

Livingston hereafter of a New he might be charged with a design of harassing with different Prosecutions.  
 It was the opinion of the Court that it would be highly improper to admit Charges taken up Not contained in the arrest.  
 The Court after having duly considered the Proofs and allegations of the parties offered in the above Reports, Returns and other Papers offered in Evidence and written Defence of Coll. Livingston herewith delivered, are of Opinion That the Conduct of Brigadier Gen<sup>l</sup> McDougall in ordering the retreat of the Continental Camps on the 23<sup>d</sup> of March last stands unimpeached to this Court, Yet no sufficient Evidence hath been offered to prove that Coll Livingston hath Traduced Gen<sup>l</sup> McDougall's Conduct in that respect, and it appears to this Court that the Coll. Livingston's Regt. was at that time unprovided with sufficient ammunition—that it does not proceed from any Criminal Neglect of his own, the Court do therefore Adjudge and determine that the said Coll. Livingston is not guilty of the above two Charges. The Court are further of Opinion that the said Coll. Livingston is not guilty of ordering his Brigade Major not to turn out parties of his Brigade unless the order was directed to him the Collonel—But as to the charge against the said Coll. Livingston of neglecting to bring down his Reg<sup>t</sup> in time on the 23<sup>rd</sup> March last and the delaying the Returns of his Reg<sup>t</sup> and Brigade by orders and Whims of his own, Contrary to the known rules of the Army and thereby delaying the General returns of the Army in this department, the Court are of opinion that the Said Coll Livingston is thereof Guilty—The Court is further of opinion as to the last charge of abusive language to Gen<sup>l</sup> McDougall at his own Quarters on the 23<sup>rd</sup> Inst, unbecoming an officer and a gentleman, in the presence of many officers of the Army, that tho the Coll. appears to this Court to be guilty of great imprudence and indiscretion in some parts of his Language and Conduct towards the General, with respect to a return made by the Coll. to the Gen<sup>l</sup> yet his Conduct & Language was not such as will warrant the appellation of being unbecoming a Gentleman and an Officer. The Court do therefore unanimously adjudge and determine that considering the nature of the Offences whereof they find Coll. Henry B. Livingston Guilty and the consequences thereupon attendant, that the said Coll. Henry B. Livingston be reprimanded for his offences in General Orders for this department and Cautioned against the Commission of the like in future.

To the Honb<sup>le</sup> Council of Safety of the State of New York.

The Petition of William McGinniss and sundry other Persons Now confined in Jayl and under sentence of Death, Most Humbly Sheweth,

That your Petitioners at the time they committed those actions or Crimes for which sentence of Death is Now Passed upon them Did not know of any Law of any Kind existing to make any Person committing such actions or crimes subject to any Penalty. Had such Laws, Rules or Orders been read off at the Head of the Regiment or respective Compy's to which your Petitioners belonged they would be the more inexcusable for a Breach thereof and therefore think their fate so much the

order that they are to suffer for the breach of Laws that they were intirely Ignorant of, or Rather for doing what they then thought Most for their safety. That several of your Petitioners have wives with Large families of children who must suffer and become objects of Expense to the community if the Present sentences be put in execution against your Petitioners, whereas should we find favour in your sight, Both they and we might become usefull members to the State. That it may please the father of mercies and Great Judge of the Universe to Dispose your hearts to forgive as you would be forgiven, according to that Gracious Promise of our Lord and saviour Christ, is the earnest Desire of your Petitioners who shall as in Duty Bound ever Pray,

### *Affidavit of Simon Newall.*

[Miscel. Pap. 37: 111.]

On the last of April or the first of May 1777 which I do not at present remember being suspicious that John Likely was a Person unfriendly to the Cause of America, I obtained liberty of gen<sup>l</sup> Wolcott to take a Proper Person with me and call at his House for entertainment, at the Evening my Design was to Personate one Disaffected to his Country and on my way to join Gen<sup>l</sup> How and ingage in his service as Many as possible. I went accordingly and with me Eleazer Curtis. John Likely after we had divulg<sup>d</sup> our Business Rejoiced at it and gladly receive us as true subjects of King George. many things were said by him & us Relative to the Rebel Army and Gen<sup>l</sup> Hows, in all of which he evidently manifested a firm attachment to and friendship for the latter but an avow<sup>d</sup> disaffection to the former calling them *the Whigs, The Rebels, the Hot Heads, &c.*

We also told sd Likely our Design was to spy out a way in which we could bring down a number of Men for gen<sup>l</sup> How, then likely said I have repeatedly in the course of last winter and this spring Harboured, assisted and Pioleted King Gorge subjects on their way to N. York and ever will when in my power assist and help the side of Government, further says I have Intelligence from N. York every week, and soon expect to see the Regulars in possession of this Place and then 'twill be better times. I then ask<sup>d</sup> him how and when I should find friends to my purpose and that

were True subjects to the King that I kneed not fear to tell my Buisness. he then said Antony Umaman was a good man & true subject, also Peter Drake, Benj<sup>n</sup> Field, one Lomaree and Frettenborough near Croten and Could help me over Croten River, s<sup>d</sup> likely gave me the strictest caution possible not to be taken by the Rebel Guard or Army for that if we were taken, we should surely be Hanged, told us (supposing us to be strangers from the upper nine Partners as we told him) all the movements of the Provential Army and of their march towards Danbury, and further said the friends of government had Persons Redy when ever gen<sup>l</sup> McDougal marched to carry the intelligence to the Regulars, then walked out from his house to direct us the way to Antony Uman. this in the morning told us which houses were Whiggs and which subjects for our safety. we now arrive at Antony Umans acrost Lots something Back on our Pretended Road. Antony Umans after cautiously enquiring who and what we were became verry frank, said he had assisted and kept in his House many of the same design, was glad of the opportunity, said he was a Committee man but he could not help it that he seldom sat with them had been Drafted as a soldier and once went a short Campaign but twas to still Peoples talk and save him self from Trouble. he advised us not to cary enlisting orders for that all such were Hanged that old McDougal was D—d sharp. sundry had been shot and Hanged and for all most nothing. say<sup>d</sup> he would assist us all he could but he was suspected and must be verry Cautious, said he had directed and Piloted on their way many before us, said he had a Quantity of Whcet which he kept for the British Army and would not sell for this Damned Congress Trash for which he could buy nothing of any Consequence unless some Rum or Shugar at the sutlers. said he had bought a bar of Iron that he did not want but thought twas better than Congress money, then Directed us to Reuben Drake as Chairman of the Committee who Antony Uman Positively said had given Passes to people on the same Design, to secure them from the Rebels and to enable them to pass the Rebel guard and said we were strangers and Perhaps could not get a Pass, but he himself could. said we better not go without a Pilot or a Pass and assign<sup>d</sup> as his reason that if we were taken by the *hot Heads* we should be Hang<sup>d</sup> went out and show<sup>d</sup> us Particularly where to go for Drakes, D. Strang, B. Fields, Lounsburies and Frettenborough at Croten. we then Passed to Reuben Drakes where were a number of men and neighbours who we were fearful would Discover us and frustrate the Plan. My Mate now was unwell with the Fever and ague. we were Traveling on the Road and ment soon to turn towards the Barracks when the foresaid John Likely overtook us and said you Better not go on the road. turn acrost that lot (Pointing to a wood) I will meet you on yon side and direct you. we then unseen made our way to our Camps for that night. I informed Gen<sup>l</sup> McDougal of what passed. his Hou<sup>r</sup> said go on by all means. follow the Clue. I then took S. Hoskiss with me and repaired to Peter Draks who gave us the same Intelligence and was the like friendly. from thence we arrived at Daniel Strangs where we found everything favouring our purpose of joining King George. D. Strang was not at home. the Family urged us to tarry till Mr Strang Returnd who they said would gladly give the best Directions Possible. he the Daniel Strang Came as we wished. told us we better not stay there for many of the Rebels or Provintial Army came there and might be Taken up by them. said he was very glad to help any body that was so well minded but he was Old and could not do much on either side but wished well to and wanted to help all he could the side of the King. Told us of the same friends on the Road before mentioned. said we must not go in the Road to Benj<sup>n</sup> Fields but he would send his son to show us the way Crosst lots and to go into Fields and see if he had any Continental Officers or soldiers to misstrust us or take us up. said we must be exceeding careful for the Army Hanged a good many. told us of his sons being Executed almost for nothing. told us to call when we came back for our men which we said we had behind coming down. said he would help us and them all he could. wished us success and sent his son with us to B. Fields. When we arriv<sup>d</sup> Strangs son according to his Fathers advice went to see if the way was clear for us in the House. we in the mean time remained at the Barn. soon Returned and Told us Mr Field would keep us the Night. we then entered saluted him as a friend to

Government. Mr Fields talked Cautiously (or in other words Consistant with Quakerism). told us we were safe with him the Night but seldom could we find the time when he had not officers or soldier of the Provincial Army in his House. said he never ment to fight on either side. he chose to stay at home and would be glad the Liberty People would let him alone. he would hurt nobody if they would not molest him. advised me to return home. thee (says Field) had better go home again and let everybody alone be sure you had if the Liberty People will let thee alone. it is a Dreadfull thing to fight and kill folks. I then told him I could not live at Home in Peace but should be Drafted for the Continental Army and if I must fight I would fight on the Right side and stand for my King. Fields Reply was thus—Ay, friend thee art Right again, but thee must be exceeding carefull for if thee is taken and caried into Peeks Kill twill go very Hard with thee. said we must go to Volentine Lownsbury's and we should be safe. also said the next House to his below were Whiggs. we had better go through the lots and pass his house and all the other Houses till we came to Croton river, were true subjects & would assist us. Field said his Neighbourhood are almost every one true and have never done nothing against the King. (we live peaceable and dont mean to fight.) says further I do not think there is another such a neighbourhood in fifty miles. there has a great many been along this way going to join Genl How (here I slept.) very early in the morning Field Calls at the Bed Room and says my Friend if thee would not be seen thee had better go soon before anybody should Come for I am afraid if thee art known and where thou art going they (meaning the whiggs) will Distress me and thee too. thee had better be going and get further from the Public Road, then thee will be safe. he then directed me a crost such two lots to pass one certain House then we might go on to Lownsbury and Frettenborough with safety, for all were friends. we arrived at Breakfast time to Lownsbury. he informed us of one Huson and one Far just below. he would direct us so we could not miss them. twas at one Tompkins where we soon Came and found Thomas Levinus who soon enquired our Business. we told him the old story we had told them all. God bless you then (says Levinus) you are not the first and I hope not the last who will go over to the Kings side. I asked for Huson. he said he was not far off. that huson had a number of men and ment to go into New York that very night and he was a Dam'd good fellow and had another Dam'd good fellow with him meaning Far (who I afterwards took). he further said huson was to dine with them at noon and we had better go up yonder hill (pointing to the place which was in sight) and keep a good look out and he would send word to huson. said he was going down to Frettenboroughs. he would see that Huson was notified. said Huson would be D—nd glad to see us for he wanted to get all he could. Tompkins now came home. talk<sup>d</sup> the same Language. I now set out for the Hill. Tomkins and Levinus promised to go or send and call Huson. on this Hill we tarried 2 or 3 hours while they Despatch<sup>d</sup> a Messenger for Huson. weary of the hill we went down to Frettenboroughs half a mile below who Told us Huson was sent for and gone to see us. we soon Returned to the hill. had not long sat before we saw four men below toward Tomkins two in arms and two without gazing toward the hill. one of them twirld his hat as for us to come down but we kept our station till Tompkins came to us and said there was no danger twas Huson and his mate below (and Mr Sherad if I mistook not). we went to them after much said and feared on both sides. we became friends and agreed to dine together at tomkins. Tho<sup>t</sup> Lavinus was at tabel and God Bless<sup>d</sup> the good luck that so many had gone and were going to How. hoped the Dam—nd Rebels would get Defeated and more to the same import. Lent far told us he came from the great nine partners. had been with Huson some time. had two mates Came with him but they were taken by the Dam'd Rebels which he swore he never would for he would fight till he Died before he would be Taken. said his Design was to go into York. said Huson and himself could go when they Pleas<sup>d</sup> for they knew all about the Dam'd Rebel Guards and they had good Guns and amonition enough. said he ment to set out with Huson that very night but was glad to wait till the next Monday night for our Recruits which was the Time we agreed to meet at Tomkins House. Lent Far manifested every expression of

joy at so many Coming to join their Party. Far said he had been in the Rebel service but he never would again. said huson and his business was to plunder the whiggs and they had as good will to kill them as a Dogg. Far said he had known many to go into N. York and many more would. said he would go and join How himself and fight his way through the Reble guards to get there or Die. we all Dined Heartily, Drank King George Health and Hows, confusion to Congress and Washington, &c, then left them to join our party.

*Examination of Colonel Snyder, May 16, 1777.*

[Miscel. Pap. 37: 19.]

Col Snyder says the Brigad<sup>d</sup> orders were made out by the officers by Gen<sup>l</sup> Clintons advice. he moved for the question whether the state is invaded which was carried in the affirmative whereupon it was resolved that there are no exemptions he then Ordered his Capt<sup>s</sup> to call out all from 16 to 50 those exempted by the militia Law not excepted. Capt. Hardenberg returns to him the List of those drafted out of his Company among which was Charles Dewit's Negro Peet. he produced the gen<sup>l</sup>s Orders & his order to Col Elmendorph thereon—the Col being asked why the Resolve of the Field officers was passed he said he moved it to know whether the Exempts were to be called on. The Col being asked whether he supposed the militia Law made it his Duty to take the members of the convention and send them to Fort Montgomerie—says he did not suppose it did—being asked whether he did not know whether Charles Dewit was not a member of this House—answers he did—being asked whether he did not order his inferior officer to send those Delinquents of which Charles Dewit was one, down to Fort Montgomerie—answers Yes but he did think the Capt would have apprehended him—being asked whether he Capt Hardenburg did not consult him on the subject of taking Colo Dewits negro as he was unprovided with & whether he did not tell the Capt that if they were not armed there was work enough to be done.—The Col acknowledged that the Capt sent down the name of Charles Dewits Negro Peet, but that as the negro was not included in the Militia Law he could not issue any order as to him—therefore inserted the name of Charles Dewit—that he supposed the Capt would have waited on Mr. Dewit and that if he did not chuse to let his negro go he would have contributed some money.

On reading the return made by Capt Hardenburg to Col Snyder it appears that Dewits negro Peet was the Defaulter notwithstanding which the Colo took upon him in his Order to the Capt to send down the Delinquents to insert Charles Dewits name instead of his negro knowing at the same time that Mr Dewit was a member attend'g in Convention. Col Snyder was ordered to withdraw till further Orders thereupon ordered that Gen<sup>l</sup> Scott, Mr Jay & Mr Morris be a committee to Draw up a State of Facts on Col Snyders case and report the same without Delay.

[[Miscel. Pap. 37: 21.]

John Addison being Sworn and examined by & before the council of safety for the state of New York, deposeth & saith that on the 31<sup>st</sup> March last a council of officers of Brigadier Gen Geo Clintons Brigade of Militia was held at the house of the widow Falls at Little Britain in Ulster County at which the Sd General was present, that the Dept acted as Clerk to the said council and that the Buisness of the said council was to consult and determine on the number of men necessary to be taken from the Militia for the Defence of the Forts and Passes in the High Lands and of the manner in which they should be raised.

That the sd council were of the opinion that it would be necessary for the Purpose af<sup>d</sup> to call into actual service one third part of the Militia of Ulster & Orange. That the sd council then came to two Resolutions which he believes are in the words following to wit

*Resolved* that it is the opinion of this meeting that this State is presently invaded.

*Resolved* 2<sup>d</sup> therefore that the Exempts be included in the third part of the Militia to be raised as above.

That while the sd council were setting this Dept by their direction and with the assistance of the said General prepared a Draft of Brigade Orders for calling out the one third part of the Militia Af<sup>d</sup>. that the s<sup>d</sup> Draft was approved. that a paper now shown to him by this council and which had been delivered to them by Col Snyder as y<sup>e</sup> sd council informs him marked A & purporting to be a copy of the Sd Brigade Orders is as he believes a true copy thereof except that the two resolutions above mentioned relative to the States being invaded and the including Exempts in

the said third part of the militia af<sup>d</sup> which appears to make part of the Sd Copy not inserted mentioned or recited in the original Brigade Orders aforesaid and the Deponent saith that he does not know that the said General gave out in orders of any kind that the sd Resolution respecting Exempts sh<sup>d</sup> be executed—That he has reason to believe that copies of the s<sup>d</sup> last mentioned Resolutions were not given out with the s<sup>d</sup> Brigade Orders. That the day after the setting of the sd council this Deponent on his way to Kingston stoped at the House of one Woods a tavern keeper on the road where Col<sup>l</sup> Snyder overtook him. that while there Col<sup>l</sup> Snyder observed to him that the Buisness was not yet half done for that the Brigade Orders af<sup>d</sup> did not contain or mention the Resolutions af<sup>d</sup> respecting Exempts whom to satisfy the people he was desirous to call out, adding that as the sd Resolution had passed in Council it ought to have been given out in orders—that Col<sup>l</sup> Snyder asked this Dept whether he could remember the identical words of the sd Resolutions to which the Deponent answered that he believed he could. That then Col<sup>l</sup> Snyder produced a copy of the Brigade Order af<sup>d</sup> and desired this Dept to add the sd Resolutions there. That this Dept said he did not chuse to do it but that if the Col<sup>l</sup> w<sup>d</sup> request him to write it for him he w<sup>d</sup>. that the Colo then requested him to do it. he accordingly did it by writing the same at the Foot of the said Orders.

JOHN ADDISON.

and in the presence of Col<sup>l</sup> Snyder.

#### *Petition of Dennis Kennedy.*

[Petitions, 33: 522.]

GENTLEMEN: As a subject of this State I appear before you to beg Protection in an affair which has already greatly distressed me, and if not prevented by your kind Interposition has a Tendency to ruin me totally. Presuming Gentlemen that you are chiefly acquainted with my affinity to M<sup>r</sup> Corne, it may be necessary to mention that previous to his departure, he earnestly desired that I should come and live on his Place, which the Commissioners of Conspiracies &c approved of and recommended to the Commiss<sup>rs</sup> of Sequestration who did not object, In consequence of which I moved down there, flattering myself that in consideration of the extensive Privileges M<sup>r</sup> Corne had obtained for those People for whose removal from Long Island he first went to solicit leave from Gen<sup>l</sup> Howe that I should remain in the quiet possession of the Place, and such things as M<sup>r</sup> Corne left with me (by way of Recom-

pence for two years service I did him and never rec<sup>d</sup> 6<sup>d</sup> before). However he had not been gone two days when the said Commiss<sup>n</sup> of Sequestration came & sold every moveable Thing he had left me. They also claim a Negro man who was particularly mentioned in the Passport to go along with his master, but as the Fellow was averse to going on acc<sup>t</sup> of his wife in the Country Mr Corne gave him also to me. General M<sup>r</sup> Dougall was pleas'd to favour me with the inclos'd Copy of the Terms &c upon which M<sup>r</sup> Corne was permitted to remove and I trust Gentlemen that on a Perusal of s<sup>d</sup> Copy, and in consideration of the above Facts it will in your wisdom appear right that I should be continued on the Place, and also have the Effects returned me which were sold as aforesaid. I forbear to trespass any longer on your Patience, but relying on the goodness of this worthy assembly I beg leave to subscribe myself with the greatest Respect,

Gentlemen your most obedient humble Servant,

Saturday 24<sup>th</sup> May 1777.

With respect to those which remain unsold we desire you to leave them in Mr Kennedy's possession untill you shall have reported to the Council of Safety thro us a fuller state of facts if you are possessed of it than the enclosed papers contains upon which you made the former sale of Part and intend to make a future sale of the residue Effects of Mr Corne and untill you shall have rec<sup>d</sup> the further Directions of the Council of Safety on the subject.

*Petition of Lieut. Jonathan Terwilger.*

[Petitions, 33: 552.]

To the Honourable Committee for the County of Ulster:

The Petition of Jonathan Terwilger, first Lieutenant of Capt. Hardenbergh's Company of Militia in the New Paltz Precinct Humbly Sheweth,

That your Petitioner in the night he was going to join the Guard that was stationed at the Paltz River in order to prevent Jacobus Rosa and his Company passing it, came up with Them at unawares and got wounded by them who took his Fuzee from him. That he hath been of his wound under the Doctor's Hands four weeks whose Bill for the same is Thirty shillings, That Johannis Terwilger lost his Fuzee by the said Tories at the same time, That Joseph Freer a Sergeant of Capt Hardenbergh's said Company who the same night stood on guard at the Paltz River, had his Musket, Bayonet, Cartouch Box, Tomehawk and Powder Horn with half a pound powder taken from him by said Rosa and his Company, That your Petitioner is of opinion that whereas he and the said two men of his Company, were then in the service for the public safety they ought of right to be retaliated by the Public for the said Losses which they have sustained. Your Petitioner therefore prayeth that this Honourable House will take these things into serious consideration and endeavour to procure adequate satisfaction for the said Losses he and his said two men have sustained, And your petitioner shall ever pray &c

\* Act of Grace passed 10 May, 1777.

*Report of the Committee to devise Means for Securing the Southern Frontier.*

[Miscel. Pap. 39: 295.]

Your Committee to whom it was referred to report ways and means for securing the Southern Frontiers of this State and the Southwestern part of Connecticut Beg Leave to report.

That your Committee are informed Gen<sup>l</sup> Washington hath placed six hundred Troops as an advanced Post at Hackinsack and that Gen<sup>l</sup> George Clinton hath ordered out by Virtue of the Powers to him committed so many of the Militia of the Counties of Ulster and Orange as will enable him to place four hundred men in the pass through the Highlands and eight hundred in the Forts, which in the opinion of your Committee will effectually prevent Depredations of the Enemy in the Southwestern Frontier of this State.

That your Committee are of Opinion three thousand men will be necessary for the effectual defence of the Eastern Pass, the County of West Chester and the South western Frontier of Connecticut to be stationed as follows to wit: One thousand at Peekskill, six hundred at Croton Bridge, five hundred at Turkey Hole, five hundred at Wards and four hundred to range from Wards to East Chester, New Rochelle, the White Plains and Croton Bridge while four hundred of those stationed at Croton Bridge proceed to Turkey Hole & thence to Wards so as that the whole of the number stationed at Croton Bridge, Turkey Hole & Wards may Do Duty in Rotation as Rangers in Manner aforesaid.

Wherefore in the opinion of your Committee it will be proper to submit to Gen<sup>l</sup> McDougall and Gen. George Clinton the above arrangement and request of them to concert Measures for procuring a sufficient number of Men by Virtue of the Powers committed to Gen<sup>l</sup> Clinton in addition to the other Troops expected at Peekskill to effect the purposes aforesaid.

That in addition to the means above set forth it will be proper to request of his Excellency Gen<sup>l</sup> Washington to order the Troops now raising in the Eastern States to rendezvous at Peekskill by Companies so as to form a considerable Body of men there. The Purpose of Strengthening the Grand Army or by Diversion toward New York impede the Efforts of the Enemy in New Jersey as Occasion may be.

All which is nevertheless submitted.

SIR: I am directed by the Convention of this State to inform your Excellency of the measures by them taken for the Purposes of defending the Forts and Passes in the Highlands and Securing the exposed Frontiers of this State & those of New Jersey and Connecticut. The Convention are extremely sorry to observe that while they are thus making efforts replete with Danger to the future Resources of this State they have great Reason to fear that their utmost Exertions will be insufficient to answer the Good Purposes intended by them.

It is further submitted to your Excellency's superior judgment whether some considerable advantages would not be derived from ordering the new Levies in the Eastern States immediately to repair by Companies to Peekskill as it might hasten the Completion of such Levies, open the Means of Speedily reinforcing the Grand Army, awe the Enemy and create occasionally some useful Diversions.

I am further to inform your Excellency that the Convention have taken the most effectual means in their Power to fill the Battalions directed to be raised within this State which would have been Completed before this late Hour if the number of Batteau Men necessary in the northern Department & the recruiting officers of Colonels Hazen's, Warner's and James Livingston's Regiments, together with the high Bounty offered by the Eastern States had not utterly drained us of men.

I have the Honor to be, &c.,

[Miscel. Pap. 36: 675.]

Proceedings of a General Court Martial held at Peekskill by order of the Hon<sup>ble</sup> Brigadier General McDougall.

Regnier,

Tuckerman,

Cap<sup>t</sup> Jackson,

Capt Benj Walker, Judge Advocate.

John Likely was brought before the Court and charged with Treason against the State of New York in adhering to the King of Great Britain, at open War with the United American States aiding and abetting the unnatural War against them, declaring they had & would do it, comforting the Enemies of these States and acting as Spies & Agents for the Enemy.

The Prisoner on his Arraignment pleads not Guilty.

Simon Newell being sworn says that on or about the 2 May hearing that the Prisoner was an Enemy to the States, he went to his House & pretended he was going to join Gen<sup>l</sup> Howes Army. The Prisoner after welcoming them on their Design said he had repeatedly in the Course of last Winter & the Spring, Harboured, Assisted & Piloted King Georges Subjects on their way to New York & ever would while in his Power assist & help by every means the side of Government (meaning the Government of the King of Great Britain). he said that a Night or two before Thirteen had passed on their way to New York—in speaking of the Army of the States he treated them as Rebels, told the Evidence the road he should take to avoid the Rebel Army and if they were detected, they would be hanged—said further that he should have joined the Enemy himself before if it had not been for his Family—told the Evidence he had Intelligence from New York every week—Piloted them part of the way & told them at what houses to call on their way down & not to stop at some particular Houses he mentioned for they were Damnd Whigs. on offering him some Money of the States in pay for his Entertainment the Prisoner said he did not care whether he took it or not for it was Damnd Trash, he could buy nothing of any Consequence with it. that he expected the Enemy would come soon & then it would be worth nothing. Eleazar Curtis was with him.

Eleazar Curtis being Sworn Confirms the above Evidence & says further that the Prisoner told them that a whole Regiment had deserted from us to the Enemy.

Sam<sup>l</sup> Hodgkiss being Sworn says that about the 29<sup>th</sup> April he went to the Prisoners House in Company with Amsey Hart—they told the Prisoner they were going to New York to join the Enemy. he seemed much pleased with their intentions. gave them directions at what Houses to stop on their way down. told them Twenty or Thirty had gone down a few days before chiefly Armed. he said he had afforded such sort of People meaning those were going to the Enemy, all the assistance in his Power. that he should have gone to the Enemy, himself but for his Family—when they left him he wished them success & directed them which way to go. The Prisoner further told them a party of the Rebel Army had been out. that

if they meet any of them they must say they were going to join the American Army at Pecks Kill—that if they were detected it would go hard with them.

Amsey Hart being sworn confirms the above & further says that the Prisoner told them a Party had lately gone in under arms. that on their way they joined another body who were going in and made together two or three Hundred. The Prisoner told them that Howes Army filled much faster than the American Army. that he expected the Enemy would be in possession of that part of the Country in less than Six weeks. said he would warrant it—further told them that a great many had been from Nine Partners at his House on their way to New York. Speaking of the American Army he called them Rebels and Yankies—told the Evidence if they were taken up they might get off if they had no writings.

The Prisoner in his Defence says the Evidence Newell & Curtis came to his House one Evening. it was rainy. they asked to stay all Night. talked of going towards North Castle or the White Plains. asked him if there was any danger. he told them he understood there was no difficulty for that Genl McDougall gave passes to those who preferred going to New York—says that the next morning they told him they intended to bring down a Company of men. says he then turned them off the Road and sent them to Anthony Umans one of the Committee in order that they might be apprehended. Umans did not think himself able to take them & directed them to Reuben Drake his Lieutenant but they did not go there. Denies that he ever said he had afforded assistance to the Enemy or that he ever called the Army Rebels—says the reason of his giving them directions to particular Houses was because they were people that were well known on the Road. that the reason of his giving them any directions was because he was afraid of them. that all sort of people came to his House and altho' he should have said he had acted, it did not prove that he had. Says he is a Scotchman born, dreaded these times as he had seen the like before in Scotland and was therefore esteemed Disaffected by the Friends to the Country.

He called W<sup>m</sup> Gee to his Character who being Sworn says he lives about three Miles from the Prisoner—that the Prisoner is generally esteemed a Friend to the Government of the King of Great Britain—he has heard the Prisoner say he did not chuse to fight on either Side—does not know that he ever aided or assisted the Enemy. never heard him wish ill to the American Army or Cause. The Evidence further says there is no Road from the Prisoners to Anthony Umans. it is East across the Lotts—says further that last Spring the prisoner refused to sign the Association—says that Umans is a Committee Man & is look'd upon as a friend to America.

The Court having considered the Evidence are of Opinion he is guilty of the Charge and do therefore sentence him to receive One hundred Lashes on his bare back & be imprisoned during the War.

Anthony Umans was brought before the Court & accused of Treason against the State of New York—in adhering to the King of Great Britain, at open War with the United American States Aiding & abetting the unnatural War against them, declaring he had & would do it, comforting the Enemies of these States and acting as a Spy & Agent for the Enemy.

The Prisoner on his arraignment plead not Guilty.

Simon Newell being Sworn says he went to the House of the Prisoner told him he was on his way to New York, the prisoner welcomed him on that account told him that he had Harboured, assisted & Piloted many who were going to the Enemy and would still do it but must begin to be very wary for he began to be suspected—the Prisoner advised to get a pass from Reuben Drake who he said was a firm friend to the Government & could give them a pass to pass the Rebel Guards—that he had before granted the like passes—said he was not sure he could get a pass from Drake, as he grew very suspicious, but was sure he could get one himself. he advised them not to go without a pass or Pilot for if they were taken they would Certainly be hanged. said he would have gone himself to Pilot them but was afraid as he began to be suspected. that he had a Quantity of Wheat in Store for the

and Army that he would not sell it for Congress Money which he called Trash. He had been in the Army last year but was forced & never did them any good never intended it—he gave the Evidences particular Directions at what houses to call on his way down; told him to apply to one Vredenburg at Croton for that he had Canoes & horses to help people that were going to the Enemy. The Evidence further says the Prisoner told him the plan of getting a Company of men down as good provided it could be done safely, but if he was detected he would certainly be hanged.

On being asked by the Prisoner if he did not advise him to desist from going to the Enemy & go back, The Evidence says, he advised them not to go without they would go with Safety—says Eleazar Curtis was with him—

Eleazar Curtis being Sworn says he went to the prisoners House in Company with the Evidence—Newell told the Prisoner they were directed to him, that their design was to go to New York, The Prisoner told them there was much difficulty in going that they had began to be very severe at Pecks Kill, had hanged one & shot the two who were going to Desert to the Enemy, said he was a Committee man but had never acted—that Genl or Lord Howe knew he had never acted for that his name had been sent in to him he directed them to Reuben Drake told them that Drake had given passes to go to New York but was grown very shy said that in their way to Drakes they would pass one or two Houses, that they must not stop there for they were Damnd Whigs, Directed them across the Lotts said it was a blind Road & they would not meet any body that if they were taken by the Whigs it was likely they would be hanged or Shot, that he had some wheat but would not sell it for Continental Currency as he could buy nothing of any consequence with it, he represented in the Strongest Terms the Danger of going down & advised them not to go without they thought they could do it with Safety.

The Prisoner in his defence says that the Evidence came to his house, that when they told him their intentions of going to the Enemy he was struck with a Dread, represented to them the Danger of going, told them they would be hanged and advised them to go back, but they still seemed resolutely bent on going—he then began to suspect that they came as Spies to find out what he was & therefore thought it best to join with them & told them he had assisted men who were going—says when they went away he directed them to Reuben Drakes that they might be taken up as Tories—Denies saying he would not sell his Wheat for Continental Currency—nor does he know any such man as Vredenburg or ever directed any body there.

Called W<sup>m</sup> Gee to his character who being Sworn says he is a Neighbour of the Prisoners—The Prisoner is generally look<sup>d</sup> upon as a Friend to America, is one of the Committee for the present. that he has been out with the Militia on a General Call but did not go willingly. The Court having Considered the Evidence are of opinion that the Prisoner is Guilty of the Charge and do therefore Sentence to recieve One Hundred Lashes on the Bare Back & be Imprisoned during the Present War.

A debate then arose Concerning the propriety of this Court trying State Prisoners & upon motion it was carried that a Committee of five be appointed to draw up a Petition to Genl McDougall stating their objections & praying to be released from the like Trials for the future and a committee was accordingly appointed and the Court adjourned till tomorrow afternoon 3 O clock.

Friday 3 O clock.

The court being met according to adjournment the Committee brought in the Draught of a Petition to Genl McDougall which being read was approved off ordered to be enterd on the proceedings of the Court and is as following viz—

May it please your Honor.

Sir: Altho' this Court have sat and have already tried some of the States Prisoners brought before them according to several Resolutions of the Convention of the State of New York made in July 16<sup>th</sup> 1776, in April 1<sup>st</sup> 17<sup>th</sup> and 21<sup>st</sup> to try all

persons taken without the Enemys Lines owing allegiance to this State or not acting in open War against the United States of America, adhearing or abetting the King of Great Britain or his Armies &c

Yet, Since these last Trials Doubts have arisen within this Court, were debated and after having been legally considered concerning the propriety of our determining the fate of our fellow Creatures, by virtue of the above mentioned Articles or Resolutions, this Court Resolved to apply to your Honour for Dispensation or a suspension of Trying any more of those Prisoners, finding the impropriety of proceeding further against them for the reasons hereafter mentioned.

That State Prisoners should and ought to be tried by a Court of this State where they should have all the privileges of the Law, as Freeman, & that which was once so much boasted of to be the Constitution of Englishmen viz that of Trial by Jurymen of the Vicinity and Council and further we fear whilst we are Strugling for the Sacred Name of Liberty we are establishing the fatal Tendency to Despotism.

That Martial Law prescribes us an obligation by which we bind ourselves in the most Solemn manner strictly to adhere to the Articles of War which the above mentioned Resolutions are not a part of nor approved by Continental Congress as an addition to the said Articles. Then of necessity we are obliged to create a new form of Oath as was done in the Case of those Prisoners heretofore mentioned, the propriety of which might be in Question, For although we are empowered by the Convention to try such Offenders by a set of men who have an undoubted right to invest Judicial powers, yet they have given us nothing but Resolutions & have pointed out crimes without giving us instructions or prescribing us any other Rules, but the Articles of War which we must entirely lay aside in such Cases.

As those State Prisoners are unacquainted with the Articles of War we cannot try them as a Court Martial nor are they acquainted with the nature of Martial Law & many of them with none at all.

Then what are we [to] do? to examine them only, to take cognizance of their Crimes by Evidence and it is all, as it is the case with some of them, That skilled persons have been sent among them to draw the Substance of their Stupidity and Ignorance by which means some of those offenders are made Evidences against themselves and if they plead at all to the Charge alleged against them it is a pure retaliation of nonsense or reasons which prove oftner against them than for them.

Another objection to the propriety of those Tryalls is that in all Civil courts of Justice it has been practised to allow the Criminal Council.

The States have a prosecutor in the Judge Advocate whom the Prisoner is by no means upon a footing with, as it most commonly happens that his Stupidity is so great as to incapacitate him from making a Defence of the Crime alleged to him in the course of Evidence which if ilucidated by an eminent Lawyer would inevitably bring him off Clear. From this above mentioned inconsistency of Trial this Court see the necessity of applying to your Honour for leave to be releaved from trying State Prisoners any more, unless that the name of Court Martial should be changed to that of Judicature, the Prisoners allowed an Advocate to plead in their behalf, a Jury, and the members of the Court Sworn by the Rules of Civil Law &c

By order of the Court,

HENRY B. LIVINGSTON, *President.*

Honorable Brigadier Genl McDougall.

And then the Court adjourned till tomorrow morning Ten Oelock.

*Petition of Aernout Vile.*

[Petitions, 33: 486.]

Unto the Honourable the Council of Safety for the State of New York, now setting at Kingston.

The Petition of Aernout Vile of the Manor of Livingston, Humbly Sheweth,

That your Petitioner is now a Prisoner in the City Hall of Albany under sentence of death, and unless Almighty God inclines the Hearts of your Honours to extend your clemency to him is to be executed on Monday next. In the deepest Distress and impressed with the most poignant Emotions of contrition he implores permission to approach your Honours, and ardently requests that you will deign to consider his unhappy situation, Lead astray by the Insinuations and fallacious reasoning of designing men he has greatly erred and justly incurred the dreadful sentence passed against him. He does not complain of justice, but implores mercy, he is a youth unexperienced in Politicks and Law, it was therefore easy for insidious and evil meaning men to draw him into the snare that has proved his Ruin. He has not yet seen twenty-one years, and Death having deprived him of his Parents he was at a Loss for that wholesome admonition which might have been expected from such near and dear Relations. Reluctant to quite this temporal Existence at so early a Period and but ill prepared for that unchangeable and eternal state which must commence after Death, he fervently beseeches your Honours to have compassion upon his youth and Inexperience, to forgive his crimes or mitigate the Rigour of his sentence, and permit him to live and exert his utmost Endeavours to make an attonement to his injured Country. He has two orphan Sisters that depend under God, upon him for support and Protection, who, if he suffers, must with his other Relations, although innocent of his crimes, partake of his disgrace. May it therefore please your Honours to take what is here represented into your most serious consideration, and permit a sincere penitent to conjure you by the mercies of

God shoven to mankind in Jesus Christ, to reverse or mitigate the sentence passed upon me or if it is irreversibly determined (which God forbid) that I must suffer an ignominious Death, be pleased for Christ's sake to grant me some longer Time than my sentence has stated, that I may repent of my sins and prepare for Eternity. And your Petitioner as in Duty bound shall ever pray AERNOUT VIELLE.

CITY HALL, ALBANY, June 24<sup>th</sup> 1777.

We the subscribers deeply affected with the Penitence and unhappy situation of the above mentioned unfortunate Petitioner, do sincerely commiserate the Distress of the mislead youth, and ardently solicit the Honourable Council of Safety to grant the Prayer of his Petition.

To the Honbl<sup>e</sup> Council of Safety for State of New York:

GEN<sup>r</sup>: We humbly Desire to represent that we are able clearly to Evince our Innocence, and give every satisfaction required, if we had a hearing, as the Distant surmises which occasion any of our confinements could have been easily removed if we had had any opportunity. crime, Induces us to request a hearing to Day, before our circumstances are Entirely sunk and Ruined, and health so far Impair'd that we can be of no service either to ourselves or Society, this request granted shall be gratefully and Dutifully acknowledged by Gent<sup>n</sup>

*Speech to Seneca Indians.*

[Miscel. Pap. 38: 26.]

A. M. June 24<sup>th</sup> 1777.

Draft of a Speech delivered by the president from the Chair to the Indian Warriors of Seneca Tribe who were on their way home from Gen<sup>l</sup> Washington's Head Quarters.

BROTHERS: We are but a small part of the Great Council of the State of New York. The rest of our Brethren have left us here to do the public Business. Our great Council are gone home to attend their own Business and are to meet here on the first day of the next Month. We are sure that they would have been glad to meet their Brethren the Senecas in the Grand Council.

We are sorry to hear that you are obliged to leave this place so soon. It would have given us great pleasure to have smoked the pipe of Friendship with you, and to have assured you further as We now do of the determination of our great Council to keep the Road open between your Nation and Us and to keep bright the Chain of peace as it has been between your and our forefathers.

We commend the Wisdom of our Brethren the Senecas in appointing You to repair to our Chief Warrior & see the Situation of our Affairs. We hope you have found Us strong for war and that the Enemy are so weak and so much in fear of us that after coming out of their Lines, they have been obliged to retreat precipitately to them without doing our army any mischief. You will now be able to contradict the false Reports concern'g the Enemies Strength and our Weakness which their wicked Emissaries have artfully attempted to spread through the Indian Nations.

Brother we wish you a good Journey. Assure our Brothers the Senecas and the rest of the six nations of our Friendship and accept this small acknowledgment of the Regard we have for you.

*J. Deane to General Schuyler.*

[Miscel. Pap. 38: 20.]

Extract of a Letter from J. Deane, Indian Interpreter, to General Schuyler dated June 25<sup>th</sup> 1777.

By an Indian some time since from Canada it is reported that Just before he left that Country the Warriors of Aghmesasne, who took a Party of our People at Sabbath Day Point, fell in with a considerable Number of the Scots in the Woods on their Way to Canada, whom they attacked and entirely cut off; supposing them to have been a Party from the American Army—That Sir John Johnson threatened to be revenged upon them, but that the Indians dared him to do his Utmost. That Montreal is full of Regular Troops, &c.—and by two others very lately from Canada, it is reported that the Vessel in which they took Passage at Otswegatche for Niagara was wrecked in a Gale of Wind upon the Rocks between Otswegatche and Cataroque —That Sir John Johnson would be at Oswego with a large Body of Indians by the first of July, where he would be joined by Butler and his Party from Niagara, from whence they were to attack Fort Schuyler, and that the regular Troops were at the same time to make an attack upon Ticonderoga.

*Captain Samuel Sackett to the Committee of Safety.*

[Journal N. Y. Prov. Con. I: 982.]

GENTLEMEN: Permit me to lay before you a state of facts (as I look upon myself to be aggrieved), would humbly beg you to take into consideration.

June 28th, 1775, I was commissioned by the Convention of this State, a first lieutenant, and went to the northward with General Montgomerie. My captain went home from Montreal; the General thought proper to promote me to a captaincy. I recruited a company and served in Canada until the New York regiments left that country, taking rank and receiving pay according to the General's appointment. Last November the Committee of Arrangement of this State did me the honor to appoint me the first captain of Colonel Henry B. Livingston's regiment, and the fifth in the State, which was giving me the rank I was entitled to by that appointment. The field officers of the regiment have lately thought proper to make an arrangement, and placed me the third captain of the regiment. As this not only affects me in our own regiment, but throughout the State, and takes from me that rank which the Convention gave me, would beg the Honourable Council to take the matter into consideration and give me redress.

As the want of a commission is all the pretence for depriving me of my rank, could I obtain one of the date of my appointment by General Montgomery, I should esteem it a great favour, as that would establish my rank with officers of other States.

With the greatest respect, I am gentlemen,

Your most obdt. hum. servt.,

KINGSTON, June 28, 1777.

SAML. SACKETT.

*Resolved*, that Eighty Eight Battalions be enlisted as soon as possible and that the State of New York furnish four Battalions of that number, that the appointment of all Officers and filling up vacancies (vacancies except General Officers) *be left to the Government of the several States.*

That the Honible the General Congress among other Resolutions of the 2<sup>nd</sup> October 1776 respecting the Battalions aforesaid did resolve as follows Viz<sup>t</sup> "As the Army has greatly suffered through the Defect of some of its Regimental Officers

"*Resolved* that it be recommended to the Assemblies & Conventions of the respective States to use their utmost endeavours that all the Officers to be hereafter appointed be men of Honor and known abilities *without a particular Regard to their having before been in Service.*"

That on the 15<sup>th</sup> Day of Oct 1776 the late Convention of this State did by Ballot appoint John Jay, Lewis Graham, Robert Harpur, James Duane, Jacob Cuyler and Robert Yates & William Duer to be a Committee for carrying into Execution the Resolves of Congress relative to the New Arrangement of Officers, and further that the said Convention did by a Resolution made on the                      Day of                      1776 Add Charles De Witt to the said Committee.

That agreeable to the Resolutions of Congress as well as those of Convention Lewis Graham, Robert Harpur & Charles De Witt repaired to the Army under the Command of his Excellency General Washington, & James Duane, Jacob Cuyler & Robert Yates to the Army Commanded by Maj<sup>r</sup> Genl Schuyler in order to obtain from the General Officers in both Departments the characters of the several inferior Officers of this State then in service.

That on the return of the said Gentlemen the Committee of Arrangement met & rec<sup>d</sup> their Reports that this meeting was held at Fishkill on the 15<sup>th</sup> Day of Nov<sup>r</sup> That the contents of a letter from his Exce<sup>l</sup> Gen<sup>l</sup> Washington to the Convention was communicated to the Com<sup>e</sup> in w<sup>h</sup> his Excellency recommended Henry B. Livingston to the Notice of the Convention as a Brave and active Officer.

That on the 16<sup>th</sup> Day of November the Com<sup>e</sup> proceeded to appoint the Collonels for the four Battallions directed to be raised in this State and unanimously appointed Goose Van Schaick Esqr to be Collonel of the first Battallion, Philip Van Cortlandt of the second & Peter Gansevoort of the third. That when the Committee proceeded to the appointment of the Collonel of the fourth Reg<sup>t</sup> Debates arose respecting the person to whom that Place sh<sup>d</sup> be given. It was contended by some of the members that Genl Washingtons recommendation of Mr Livingston to determin the Committee in his favor others observed that Lt Coll Wisensfels was before him in Point of Rank & Equal to him in Merit. It was then suggested to the Com<sup>e</sup> by a member who said he was authorized by Lt Coll Weisenfels for that purpose that he was content with his present Station & would be satisfied to be continued in it. To this it was replied that the Modesty of Lt Coll Weisenfels instead of impeding his Promotion ought to be an additional Reason for his advancement—upon the whole a considerable Majority of the Com<sup>e</sup> influenced by a desire of paying on all occasions the highest respects to his Excellencys Recommendation appointed Henry B. Livingston Collonel of the fourth Battallion.

The Committee having rec<sup>d</sup> very respectable Recommendations of Coll Lewis Du Bois & having Reason to believe that a fifth Battalion under his Command might be raised in this State were inclined to recomend it to the Convention to apply to Congress for Permission to raise it. It was however previously thought necessary to converse with Coll Du Bois on the subject.

Coll Du Bois on being informed by the Committee of these Intentions of applying for a fifth Battalion & of giving him the Command of it, informed the Committee that as he had been appointed a Major in Canada by Genl Montgomery and at a Time when Colonel Livingston remained a Cap<sup>t</sup> and as he had since his late app<sup>t</sup> to a Reg<sup>t</sup> by Congress in the last Campaign Commanded Col Livingston when a Lieut Coll he must decline receiving a Commission which w<sup>d</sup> subject him to be commanded by that Gen<sup>t</sup> That he had no objections to being placed in Rank inferior to Colls Van Schaack, Gansevoort & Cortlandt as he was satisfied they had a just Right to that Superiority, and that if the Committee would make him the fourth

and in Rank he would readily take the Command of a fifth Regiment. The Committee conceiving there was weight in Col Du Bois' objection communicated to Col Livingston in the presence of the whole Committee & urged several arguments to convince him of the propriety of Coll Du Bois taking Rank of him—Livingston at first seemed unwilling to yield it. But before he left the Room the Com<sup>r</sup> that if Col Du Bois appoint<sup>mt</sup> to that rank would conduce to the quick Service he would acquiesce, on which the Committee commended the liberality of the sentiments and the Coll departed to all appearances satisfied. The Committee shortly afterward to wit on the Day of last made a Report of the Arrangement they had made of the four Battalions to the Convention, and among other things contained in that Report, Recommended it to the Convention to use their influence with the General Congress to obtain their Permission & order for raising a fifth Battalion in this State. That Col Du Bois Command the said Battalion so to be raised and have the Rank of 4<sup>th</sup> Coll of the New York Forces.

That the Convention

that the hon'ble the General Congress.

That the Committee then proceeded to arrange the Officers of the said fifth Battalion & appointed Coll Du Bois to the Command of it with Rank of fourth Coll of the Forces raised in this State; that much Time elapsed before the Committee were informed of Coll Livingston being discontented.

That his letters to the Committee so late as the 14 Jan'y and 8 Feb'y last contain no complaints. That his first application to the Committee on the subject of Rank after Coll Du Bois appointment was by a Letter in the words & figures following:

"FISH KILL, 7 March 1777.

GENTLEMEN: From some things dropt in conversation with some of the members of your Board I thought I had Reasons to fear a Mistake in ascertaining the Rank of the Colonels appointed for this State that might be detrimental to my character as an Officer.

To prevent so disagreeable a Circumstance I dispatched a Gentleman to Baltimore for the enclosed Resolves which I had been informed were passed in Congress. You will doubtless see an Impropriety in my serving under an Officer whom Congress have determined I should take Rank, as it is an affront I would not willingly offer those to whom I have so many obligations.

I am Gentlemen, with the greatest Respect, your most obed<sup>t</sup> hum Serv<sup>t</sup>

HENRY B. LIVINGSTON."

The Resolves referred to & enclosed in the above Letter are three—of the 14 Jan'y, the 8 March & 22 March in the year 1776—and are as follows:

IN CONGRESS, Jan'y 14, 1776.

*Resolved* that in all Elections of Officers by Congress, when more than one are elected on the same day to commands of the same Rank, they shall take Rank of each other according to their Election and the Entry of their names in the Minutes & their Commissions shall be numbered to show their Priority.

Extract from the Minutes,

CHAS<sup>s</sup> THOMSON, Sec<sup>y</sup>

IN CONGRESS, March 8, 1776.

Henry B. Livingston is Elected Lieu<sup>t</sup> Collonel of the 2<sup>d</sup> Battalion of New York Forces and by the order in which he stands takes Rank of Lieut Coll Wiesenfels, and Lieut Col Courtlandt appointed on the same day.

CHAS<sup>s</sup> THOMSON.

March 22, 1776.

*Resolved* that the Rank of all such officers in the Continental Army as held similar Commissions in that service before the term of their late appointments expired be settled by the Dates of their former and not their present Commissions.

Extract from the Minutes,

CHAS. THOMSON, *Secy.*

Immediately after the above Resolution follow some Remarks introduced by a N. B. in a hand resembling that of Mr Sec<sup>y</sup> Thomson but which do not appear to have been extracted from the minutes of Congress or directed by them—they are in the words following:

“N.B. This passed to settle a Dispute between Officers of the same Rank, where one who was prior by the Date of his first Commission was put posterior to another in the new appointment both still holding the Same Rank, But was not to have any effect in cases of Promotion, Congress having reserved and exercised the Power of Promoting merit without regarding prior Rank.”

The Committee of Arrangement were of opinion that as these remarks did not appear to have proceeded from the Congress they ought to have no influence on their Deliberations; they were further of opinion that the Resolution of the 8<sup>th</sup> of March was repealed by that of the 22<sup>d</sup> of the same month—and they have good reason to believe that it was repealed in consequence of Representations of the evils it was like to have occasioned in this State. Some of the best of whose Officers having been superceded by that fortuitous mode of ascertaining Rank remonstrated against it, and the Congress thereupon by subsequent Resolutions readily removed all cause for complaint. The Committee of Arrangement therefore not perceiving that Coll. Livingston was by Virtue of these Resolutions entitled to the Degree of Rank he seemed to aim at, did not conceive it necessary to reconsider or alter their former Resolutions on that Head—Coll. Livingston however persevered in thinking his pretensions well founded, and appeared much dissatisfied with the Conduct of the Committee. The Committee sometime afterwards rec<sup>d</sup> a Letter from that Gentleman which a little surprized them—It is as follows:

PEEKS KILL, 16 March, 1777.

GENTLEMEN: The Delays occasioned by the multiplicity of Business you are engaged in foreign to the appointment of Officers has induced his Excellency Genl Washington to impower me to fill up the Vacancies of subaltern Officers in my Regiment.

In consequence I have appointed Mr John Titus a Lieutenant and Mr. Samuel Talmage an Ensign, two worthy young men. Dr. Graham's Son is proposed for another Ensign. I hope these appointments will meet your approbation.

I should be exceedingly obliged to you for the Commissions of the Officers, as most of them would be averse to going [into] any engagement with the Enemy without them.

The Major who you were pleased to appoint to the Regiment has left me & been absent seven weeks to morrow so that in my opinion he has been taken by the Enemy or has deserted the service. His departure was against express orders.

The Lt Colonel is still vacant—the Remedy for these Evils lie with you—the good of the Service at present requires me to make a Representation of these matters to you, Altho I fear I am not so deeply interested in them as I have been.

I am Gent, Your most obed<sup>t</sup> Servt.,

HENRY B. LIVINGSTON, C<sup>t</sup>

When the Committee considered the extreme Delicacy with which his Excellency Genl Washington had always treated the Convention and civil authority of this State, and that he had given power to Coll Livingston & no other Coll in this

State that the Com<sup>e</sup> ever heard of, to appoint subaltern Officers to his Regiment without the consent or approbation of the Committee they found themselves greatly at a loss to account for the Reasons of that Measure, and never since received any Information on that Head. The Committee were unwilling to enquire how far the Right of appointing officers was, consistant with the Resolves of Congress, capable of being Delegated to Coll Livingston. They had previous to the Rect of his Letter filled up the vacancies mentioned in it, and therefore thought it expedient to be silent on that subject—to the other parts of Collonel Livingstons Letter they wrote the following answer—

SIR: Your letter of the 16<sup>th</sup> Ins<sup>t</sup> was laid before the Committee of Arrangement. In answer to which I am directed to acquaint you that the appointment of subaltern Officers to your Regiment was completed before Major Ledger left Fish Kill, who took a copy of it. The Committee have never heard that any vacancies have since taken Place in your Regiment, and therefore cannot be charged with any Inconveniences which may have resulted from want of information in this Respect. Had they been apprized of such vacancy (notwithstanding the urgency & Importance of other Business) they would have readily proceeded to place others in there stead, and of this we flatter ourselves you have had sufficient Experience.

It is possible that Major Ledger has not given you a Copy of the Arrangement, I therefore enclose you a Copy—It was completed before his Departure.

The Committee are now engaged in ascertaining the Rank of the Officers, and they will send you the Commissions as soon as this matter is finished which will be in a few days.

I am &c

ROBERT YATES, *Chairman*.

The Committee in order if posible to extinguish this unhappy contention about Rank entered the Reasons which had influenced them in appointing the five Colonels on their minutes, & sent Copies to Coll<sup>t</sup> Courtlandt & Livingston—they were in these words

GENTLEMEN: The Committee of Arrangement have determined the Rank of the Collonels appointed to Command the Five Battalions directed to be raised in this State in manner following, vizt:

Coll Van Schaick to be first Collonel Because he has from the time he first entered the Service been a Superior Officer to the others.

Coll Van Cortlandt to be the second Colonel Because he hath from the time he first entered the Service been a Superior Officer to the other three.

Colonel Gansevoort to be the Third Colonel Because when he first entered the Service he was a Superior Officer to the other two and because Coll Du Bois who alone can be effected by his appointment hath consented to it.

Coll Du Bois, to be the Fourth Colonel Because among other reasons, Collonel Livingston, who alone can be effected by it, did consent to it, and that as this Committee understood him on Principles which do him Honor.

Col Livingston to be the fifth Colonel for the Reasons above mentioned, and because Lt Coll Wiesenfels who from his prior Rank was entitled to it consented to wave his Right.

#### *Certificates Relative to Peter Corney.*

[Miscel. Pap. 38: 147.]

July 4, A. M. 1777.

Certificate of Freelove Birdsall and Jane Seaman relative to the exchange of property with Peter Corney of West Chester now with the Enemy.

I the Subscriber Lately from Long Island, Wife to Benjamin Birdsall, do hereby Certify that when I was at home on Long Island in my own House & no Body with me but my Children some time in the Latter Part of April Last a Certain man, being

an intire Stranger, Came to my House & Called himself by name Peter Corney he told me that he had a Permit for me & Family with my Effects to remove to Peecks Kill to my Husband & then read me the Permission. He asked me whether I Chused to go or not. I replied yes it was my Choice to go But inquired of him in what manner I shoud go. His answer was you must know that in the first place you must procure a Sufficiency of Teams to Cart your Effects down to New York Ferry which is about Thirty Two miles & then hire a Boat to Carry you up to Peecks Kill. I asked him the Expence of the Boat he said he did not know but Likely Twenty Pounds. I from that desired a Little time to give him an answer to See if I Could get Land Carriages in order to move me. He told that he was in a great hurry. I asked him to go over to my fathers which was about half a mile of. He went & there he Discouraged my removal told my father in one fortnight that I should be Distressed. Immediately my father Came over & informed me what Corney had said & I Believe it to be the truth I being Still anxious to remove & Some of my neighbours Coming in I desired their assistance in Carting my Effects to the ferry, in the mean time Corney returned & insisted upon an answer but I told him if I am to go with you as my Friend through this Difficult & Long Journey with my Children pray tell me how I am to fare or where I am to go; he returned me this answer, O God dont ask me nothing about it. I then asked my neighbours if they would remove me & my Effects to the Ferry they intimated the great Expence & their Teams being in the service I was denied; Corney then sat down & wrote something for me to sign, I being a woman & alone & full of Trouble upon Corneys request and not knowing the Consequence I unwillingly Signed it—I do Certify in regard to the Kings Troops & the Torys the worst. I suffered the Loss of almost all my Husbands Stock to wit: Two pair Fattig Oxen, Six Fattig Cows, the first & from that about Thirty Head of Store Cattle, Two pair of Working Oxen, Two Ox Carts, Two Horses & a Good new Waggon, about ninety Sheep, Poultry, &c., &c., &c. Plundered my House of many valuable things, Left me many hard Curses & threats about my Reble Husband & but just a Living. A heart full of Trouble has been my fare Since the Island was given up.

The Subscriber Late from Long Island wife to Zebulon Simons believing the offer of Peter Corney to FreeLove Birdsall for at the same time he proposed moving me & family but told me if I removed to Peecks Kill I should Starve to Death in Less than Six weeks, if I knew when I was well off to stay where I was & as to my signing a refusal to Come it was not my will but were perswaded & so Signed upon Corney's request unwillingly.

Dated DOVER, June 23, 1777.

We the Subscribers of the aforesaid Wifes Do hereby Certify that we really believe in what our wives have testified to be the Truth & that they voluntarily of their own free wills without any fear of us favour or Partiality have done the Same & that they have Since we have fetched them from the Island often told us the Same. We Do further assert which part may appear by our receipts in the back of the Flag Dated Huntington Harbour, May 13, 1777, that we have not received our Families & Effects agreeable to the Contract asserted by the general Officers For the Exchange of our families & that the true intent & Design for which Corney went to the Commanding officer at New-York to negotiate the Exchange were only to get the Permission asserted by the Commanding Officer thereof & then to return. Corney had no business to remove our families & Effects—neither did we Expect it or Ever Changed a word with him in that way but on the Contrayry he was to return & move his Family first & the Same Boat which Carreyed his Family if she would go to oyster Bay or Huntington Harbour she then were to bring our families back & if she would not then Each to remove their own families in such manner as would be most advantageous.

*Memorial of Major Wheelock.*

[Petitions, 33: 414.]

To the Honorable Council of Safety for the State of New York.

The Memorial of John Wheelock Esquire, Humbly Sheweth

That whereas on the Eighth Day of April last The Honorable Legislature of this State were pleased to appoint him to raise three Companies of men in the North-eastern parts of the same, the officers of which Companies were not to be entitled by the resolves to Commissions untill at least one hundred and fifty men be enlisted, And whereas your Memorialist notwithstanding he has exerted himself in every possible respect to raise the said men, finds no prospects of getting the Quota as

above specified by reason of many unforeseen obstacles especially those of a political nature. And whereas the time for recruiting has mostly expired & not more than eighty men at farthest have as yet engaged (a detachment of which has been ordered here by your honorable body, part of whom have arrived, and the others are continually expected) These are therefore humbly to request your Honorable House to take the above matters into your wise & prudent consideration, and determine whether or no it be consistent with the great interests of Government, to confirm the Corps, And your Memorialist as in duty bound shall ever pray.

FISHKILL, 10 July 1777.

JOHN WHEELOCK.

To Major John Wheelock.

[Miscel. Pap. 37: 749.]

RESPECTED SIR: Since the subject we have lately conversed upon appears to involve great difficulty and since I am very anxious to conduct the affairs according to the strictest rules of *Justice, duty* and *honor* I must therefore once more beg leave to state the matter which was the subject of our conversation in a fair point of view & then submit it with my final determination to the censure or applause of the discerning & impartial. And the desire I have to give all reasonable satisfaction I hope may apologize for the unseasonableness & length of this Epistle, relying on your known benevolence to peruse it with candor.

When I had the honor to receive a Warrant from you, it was on this principle which I acted, Viz. A view to promote the grand cause of my Country—to exert myself in defence of our injured Rights and invaded Liberties, and not from any prospect of *gain, honor* or *ease*. Also it had been represented that I could without doubt soon fill my company; indeed as there was then no appearance of danger from the Enemy on these frontier settlements, nor any open actings among the Inhabitants respecting a new State, and as numbers had expressed a desire to engage in a southern department it appeared more than probable that I might without great difficulty effect the same. This I say was the principle I acted upon, and the reason which induced me to the undertaking; and the success we met with for about six weeks evidenced that such conjectures were not altogether groundless, since when you are sensible, Sir, that affairs have taken a very different turn. The sanguineness of People to accomplish their Ends—The defenceless situation of this

[Part of the MS. gone here.]

was rather inclined to think it best, all things considered, for me to quit the service, and that unless you brought Commissions we absolutely must, &c.

Add to all these I wish I could say that some aspersions upon the conduct of Individuals in the Corps were altogether groundless tho' I can say with Confidence that I have heard no reflections upon yourself. Having of late thought much on the affair & considered the very small number of men I should have to command Viz about fourteen together with a first Lieutenant which it seems would be as much expence as profit & as little of honor as either. These and the like reasons had at most induced me to settle my accounts, And now the unexpected death of my Father and the sickness of my Brother leave me with the care of an unsettled Estate & render the affair still more difficult so that I can by no means see my way of Duty clear to march from the Country or continue in the service. I am therefore reduced to the disagreeable necessity of falling short of my engagements and tho' I have experienced many expressions of kindness and friendship at your hand which will ever leave grateful emotions of respect in my bosom I must decline the honor you have offered and conclude forthwith to settle my accounts. And tho' I have a hearty disposition to serve the cause in general & that of your Corps in particular yet no man of experience or reason will think it just or honorable for me to return men enlisted under me into other Companies and that for this plain reason because they enlisted to serve under my command & not with a view to have me dispose of them to another as my fancy may direct. Nevertheless I will use my influence that they may continue in your Detach-

*Affidavit of William Payne.*

[Miscel. Pap. 38: 117.]

Kingston, ss.

James William Paine late of the City of New York Merch<sup>t</sup>, being sworn "on the holy Evangelists of Almighty God deposeth & saith

That he was first Lieut. in Capt. Goforth's Company in the year 1775, and was in Canada, where he was made a Capt. by General Wooster. That in the year following he, together with other officers, was neglected in the arrangement of Officers then appointed for the troops raised in this State. That when the Enemy took possession of New-York the deponent's family was at Whitestone on Long Island & himself at West Chester. That he shortly after was taken by a Guard Boat of the Enemy as he was crossing to Long Island to bring off his Family, and was confined on Board the Niger Man-of-War in Irons three weeks on suspicion of his being a Spy, but no proof of that kind appearing ag<sup>t</sup> him he was then permitted to go to his family on Parole. That he remained thus with his Family for about ten weeks when he was again apprehended on Suspicion of doing secret services to the Americans, and confined in the new Goal in the City of New-York, for three months and ten days, from, whence he was discharged by Gen. Robinson at the intercession of Mrs. Robinson, the Daughter of Francis Lewis, Esq<sup>r</sup> That he then returned to his Family and was meditating an Escape with them when Information was lodged against him of his having rec<sup>d</sup> and distributed in New-York several copies of the Act of Grace of this State. That on receiving Intimations of this, he concealed himself, and in a short time to w<sup>t</sup> ab<sup>t</sup> 3 weeks ago escaped from Great Neck on Long-Island to Rodman's Neck. From thence he went to the Quarters of Major Fish at the White Plains.

That while on Long-Island the Deponent became acquainted with a Hessian Lieut. who lived at M<sup>r</sup> Roberts near Flushing. That this Officer told him The Hessians were assured that the Americans would give them no quarter, for which Reason they had hung about twenty Americans who they had taken Prisoners, in cold blood,—but that as soon as they were undeceived they observed a different treatment towards them. That when he left Long Island he saw Coll. Paterson of Gov Browns Brigade who told him they had lost 184 Men in the Dansbury Expedition and that a Coll. of the name of Walcot or Calcot had died of his wounds. That he was well informed that two Capt<sup>s</sup> of the New Levies had also died of their wounds.

That about the seventh Day of June last the Dept. was in New York, that he then saw between forty & fifty Vessels ready fitted for the Reception of Horses. That he heard the Tories and some of the Enemies Officers say that Gen. How would if practicable push for Philadelphia but if he found the American Army too strong he would wait till he heard from the northward, and that as soon as Burgoyne's Army got to Albany he would go up Hudsons River—that an Opinion generally prevailed that a war with France was unavoidable. That before he left the Island, the Enemy were collecting Hay ready pressed and had a great Quantity ready for transportation.

That the morning this Dept. was at New Hackensack in Dutchess County, that he there saw a man who said he was going Express from the Northward to Gen. That your petitioner has been confined in Albany Goal for some time, and now on board of one of the vessels at this place, to the great hurt and Detriment of his family at home. That your petitioner has a large family to maintain, his poor and Distressed wife and children, his impotent Father and Mother also a sister, and as his Farms are at some Distance from one to another he runs a great Risk all his Crops being lost entirely. That your petitioner is verry willing either to give all what he has in this World for security of his future good behaviour to the Cause of this Country, or Else to take the oath of Alligiance. [Petitions, 33: 352.]

GENTLEMEN: Frequent application has been made to me in favour of Benjamin Jeacocks and the other Quakers confined on Board the vessels at Esopus. From what I can learn of the characters of these Persons, I think what they have suffered is sufficient & that they might safely be discharged. I have wrote this at the solicitation of their Friends. If you join with me in opinion, I would propose that you write to the Council of Safety on the subject.

I am Gent<sup>e</sup> Your hum<sup>l</sup> Serv,

MELANCTON SMITH.

SIR—I perfectly concur with Mr. Smith in the propriety of discharging the Quakers from confinement, it would not, however, be improper in my opinion that previous to their enlargement they should make affirmation of allegiance to their State.

I am Sir Yours &c

### *Trial of Edmond Palmer.*

[Miscel. Pap. 38: 82.]

P. M. July 29<sup>th</sup> 1777.

Proceedings of the Court Martial held at Peck's kill, relative to the Tryal of Edmond Palmer.

At a General Court Martial held at Pecks kill by order of the Hon<sup>ble</sup> Major Gen<sup>l</sup> Putnam on the 22<sup>nd</sup> Day of July A. D. 1777.

Lt. Page,  
Lt. Angel,  
Lt. Cleaveland,  
Lt. Carpenter, *Members*

Phillip Pell Jun<sup>r</sup> Dep<sup>y</sup> Judge Advocate.

Edmond Palmer was brot before the Court for tryal upon the Charges of plundering, Robbing, and carrying off the Cattle, Goods, &c. from the well-affected Inhabitants and for being a Spy from the Enemy.

The Prisoner pleads not Guilty.

Richard Wyllip being Sworn Says about Six or Seven Weeks ago: the prisoner Came with some others to his house in the night; they Called at the Door. Witness got up and opened the Door and Lighted a candle, the prisoner and one other came in. The Witness asked the prisoner what he wanted, he answered that he wanted to search the House, then he asked him what he wanted to search the House for. The prisoner Reply<sup>d</sup> you are a bad man, and I understand you harbour Torys here. The prisoner and the other man then went all over the House together and searched it—believes they took nothing—the prisoner then told the Witness he must go to the White Plains with him, and they took hold of the Witness and were Carrying him out of the house, and when they got him to the Road the prisoner beat him (the Witness) verry much and caused the blood to run greatly—the Witness having nothing on but his Shirt and Breeches. The reason the prisoner gave for beating the Witness was because he was a Tory.

Titus Mead, being sworn, says that on the 2<sup>d</sup> of July Ins<sup>t</sup> on his way from horse neck to Peek's kill, he was stop<sup>d</sup> on the Road near Croton River by three men, viz: Thomas Gibson, Peter Wood, and Jeremiah Merritt, who ordered him to deliver up his (the Witness's) Pistols, Letters and Papers &c: and Demanded his Pocket Book, which articles the Witness delivered up, each of them having a Gun in his hand. They then Bound the Witness and took him up to a Mountain about a Quarter of a Mile from the Road. When they got to the mountain, the Witness then saw the Pris<sup>n</sup>er arm'd with another Person—Gibson—Threatned to hang the Witness—that the men by whom he was taken, took a pair of Pistols, between 50 & 70 Dollars, and a Letter from Col. Mead to Gen<sup>l</sup> Putnam.

The Witness saw one Baker in the Mountain under the custody of the prisoner upon Tryal—and Baker informed the Witness that he was taken Prisoner by them. That the Prisoner now upon Tryal seemed to be taking the Buckles out of Baker's shoes and said it was not fit that he should wear such Buckles. They finally let the Witness go towards night but kept the articles above mentioned.

Henry Strang being Sworn, says, he being at a blacksmith's Shop about a fortnight or three weeks ago, the prisoner and one with him Came into the Shop; upon the Witness attempting to get away the prisoner told him to Stand—and the prisoner and the man with him tied him (the Witness). The Witness resisted a little upon their tying him—on which Palmer the prisoner Pricked him with a Bayonet—the Witness then went along with them. After getting about a Quarter of a mile the Witness desired one Griffin as they pass<sup>d</sup> by him to send to his Family and acquaint them that he was taken—upon which the Prisoner told the Witness that if he said anything more about it he would Run him through, and pricked him again with his Bayonet. Afterwards as they pass<sup>d</sup> by John Tomkins's the Women hallow'd out and ask'd who they had got there. Palmer answered one of the Rebel Committee—they proceeded with the Witness over Croton River into the Woods, that Palmer the present Prisoner pricked him ten or twelve times with his Bayonet and occasioned him to Bleed in many spots. Palmer demanded and took the Witness's Pocket Book from him, with between 50 & 60 Dollars in it, which he Return'd before the Witness came away—that they took the Witness in the afternoon and Let him go about Eleven o'clock in the night, upon the Witness's Promissing not to molest or Injure the Inhabitants about the place that the Witness was taken at; the Prisoner said he took him because he was one of the Reble Committee. The prisoner and the other man were both armed.

John McNeil being Sworn—says he lives between Crombpond and Croton Bridge, that in the night when the Witness was in his Bed, his Brother came into the house and took down a Gun which he handed to Palmer the prisoner, who stood in the Door and received it, the Witness told his Brother that he used him very ill—upon which Palmer stoped up and said he used him the Witness very well, also that he had taken Henry Strang, but used him well and let him go; and that he

(Strang) had distressed the Inhabitants, and if he caught him again he'd be damn'd if he did not kill him. The Prisoner Palmer also said that he understood they intended to burn his Mother's House, but if they did he swore he would burn all Crompond.

The Prisoner in his Defence, says he was properly authorized to do what he had done, by Orders from Gov<sup>r</sup> Tryon, Gov<sup>r</sup> Brown and other General Officers—that he has no commission, but was appointed a Lieutenant in General Orders in Capt. Ross's Comp<sup>y</sup> of Col. Patterson's Battallion.

It being clearly proved that the Prisoner was taken near Crompond, above thirty miles from King's Bridge and within our Lines, as a Spy from the Enemy with one Person only, a late Prisoner under sentence of Death, that made his escape from our Guards and that he has been lurking about as a Spy for some Months past. The Court adjudge the prisoner guilty of the whole Charges and sentence him to suffer the Pain of Death.

The Sentence of the Court Martial was approved & Palmer ordered to be hanged on Friday the 1<sup>st</sup> Aug<sup>t</sup> between the hours of nine & Eleven in the morning.

In the mean time I received from Gen<sup>l</sup> Brown the following extraordinary letter, Viz.

"By his Excellency Brigd<sup>r</sup> Gen<sup>l</sup> Brown, &c. &c. &c.

"I do hereby certify that Edmund Palmer has been a Commission<sup>d</sup> Officer in my Brigade, and that he has always behaved well & Consistent with the Character of Gentleman, during his stay with my Corps.

"Given under my hand & Seal & Arms, at Camp, Kingsbridge, July 21<sup>st</sup> 1777.

"MUMFORD BROWN, Brig<sup>r</sup> Gen<sup>l</sup>"

Although I commiserate the unhappy Situation of those deluded people who, through the force of Infatuation have been led to leave their Country, their possessions and nearest Connections, to join our cruel & unnatural Enemies, who have avowed eternal war with the rights of humanity; yet considering that the Sweetness of liberty, the rights and emoluments of civil Society, are the most Important & Sublime of all earthly enjoyments; and that they derive their perfection & Security (under God) from the regular & uninterrupted administration, of a rational System of civil government; and to preserve & perpetuate the felicities of Society, to support & vindicate the rights of civil government against foreign force & invasion; the military power was originally erected; and that, for this purpose the American Armies now waive their banners in the field—& myself am in arms. The military, I consider as subservient to & attendant upon the civil: invested with competent powers for its own executive Government, & to preserve its own existence against all open & Secret enemies, of the latter denomination are all Spies, and thereby answer the end of its Institution by guarding its own safety, is enabled to defend the Community against hostile Invaders.

These Considerations, with the example of all ages induce me to believe that Spies are the most detestable of all Enemies, & ought to be speedily Executed, tho' not without a Trial & legal Conviction. of this character is Palmer, the unhappy Culprit, & for this, and not for robbery or burglary, which are Crimes Cognisable by the Civil power, do I sentence him—who by Joining himself to the Enemy, & accepting an appointment from them, forfeited all right to the protection & immunities of the government, of which he was a subject.

Gen<sup>l</sup> Brown's letter clears every doubt of Palmer's being an Enemy & Contains a Striking Specimen of the Idea our Enemies have of the Character of a Gentleman & of the Conduct that Corresponds therewith.

I wish that all who have any inclination to join our Enemies, from motives of fear, ambition or avarice, would take warning by this Example & avoid the dreadful calamities that will inevitably follow, such vile & treasonable practices.

July 31, '77.

DEAR SIR: As the inclosed Copies of sundry Letters which were forwarded to me by the Council of Safety at Kingston together with Extracts of their letters to me accompanying them contain a Description of the Melancholly situation of our affairs to the Northward with a particualar account of Two small actions between partys of the Enemy near Fort Schuyler and the Militia of Tryon County and part

of the Garrison of Fort Schuyler I have thought it my duty to transmit the same to your Excellency by a Special Express. In a Letter I had the honor to address to your Excellency on Saturday last, I particularly mentioned how I had disposed of the Militia of this State tho I have reasons to believe from the present unhappy situation of Albany County and the North part of Dutchess County being much infested with the Disaffected neither have been able to do as much as might otherwise have been expected from them. The well disposed Militia of the County of Tryon were at most but few in number, they have behaved with spirit in their late Encounter and the Victorious from every account they have suffered much and I fear that the Loss of their bravest Officers in their late action will so dispirit them that unless they can be speedily succoured little more can be expected from them.

It is with pain I repeat my surprise to your Excellency that under these unhappy circumstances of our public affairs in which not only this State more immediately but the whole Continent is eventually so deeply interested we have yet received no Aid from our Northern Army from our Eastern Neighbours nor from any accounts I have been favored with have we the least prospect of any arriving from them in time to be of service. The Militia from Connecticut it is said are ordered to Peek Kill at one Time at another that they have promised to send a proportion of their Militia there to replace Continental Troops destined to reinforce the Northern Army as will appear from copies of Letters to the Committee of Albany and from Gov<sup>r</sup> Trumbull to Gen<sup>l</sup> Schuyler now inclosed; but it is a fact Sir that of the 1,500 Militia lately requested by your Excellency from that State and this 500 only were ordered from Connecticut and I have reasons to believe that 4 or 5 Days ago even to the amount of that number were not arrived from Connecticut at Peek Kill some may however have got in since.

Withholding these Aids which we had a reasonable right to expect from Sister States strikes a sensible Damp on the spirits of our warmest friends in this whilst it encourages our internal Enemies to acts of the most daring Insolence tending to destroy the force of such Exhortations as we might otherwise be able (even in our present weak condition) to make ag<sup>t</sup> the Common Enemy and in this point of view does a double injury.

As the Council of Safety are induced to believe that my presence in the Northern parts of the State might be of service in raising the spirits of the Militia & as my Brother is now at Fort Montgomery I propose going to Kingston and if it will answer any valuable End proposed to Albany tho I am persuaded I shall not be able to draw after me any considerable force more than are already ordered out for that Quarter.

I am &c

His Excellency Gen<sup>l</sup> Washington.

*Pardon of Andries Keyser.*

[Miscel. Pap. 37: 1.]

To all to whom these Presents shall come.

I Pierre Van Cortlandt Esquire, President of the Council of Safety for the State of New York send Greeting.

Whereas Andries Keyser an inhabitant of this State was duly convicted before a court martial appointed in pursuance of and authorized by certain Resolutions and Regulations made and passed by the late convention of this state, of levying war against the state of New York, with being adherent to the King of Great Britian, and with being an enlisted soldier in the service of the King of Great Britian when owing allegiance to the state of New York and was thereupon adjudged to suffer the pains and penalties of Death by being hanged by the neck until he is Dead, which sentence was confirmed by the said convention.

And whereas this Council being (thereunto fully authorized by said convention) willing to mitigate the rigour of justice and extend mercy to the said Andries Keyser, have resolved that he be pardoned of the crimes whereof he stands convicted and the penalties adjudged thereon in hope his future conduct will atone for his past crimes and have authorised me the said president in the name and by the said council to issue such pardon as aforesaid. I therefore in the name and by the authority aforesaid do hereby fully and freely remit and pardon to the said Andries Keyser the crime whereof he stood convicted as aforesaid and the sentence and punishment adjudged thereon. In witness whereof I have hereunto set my hand this                      day of August, 1777

*Report on General Putnam's Letters.*

[Miscel. Pap. 39: 265.]

Your Committee to whom was Committed the Report upon Gen<sup>l</sup> Putnam's Letters & the Situation of the County of Westchester beg leave to report the following Resolutions & Letters, to wit,

*Resolved* that all Horses Cattle Sheep and Hogs in the County of Westchester to the Southward of Lines for that Purpose to be Specified by the Commander in chief at Peek Kill be removed to the Northward of the High Lands, that ———, or any two of them at Peek Kill do appraise the Said Horses Cattle sheep & Hogs at their full value and do deliver a list of every lot thereof with such appraisement to ——— hereinafter mentioned and transmit a Duplicate thereof to the Auditor General that such of the owners of the same as chuse to take them at Peekskill into their own Care & custody be permitted to do so provided they do immediately appear for that Purpose & remove them to the Northward of the Highlands or dispose of them to the Commissary General or Quarter Master at Peekskill aforesaid. that ——— do pay to the respective owners of such Cattle as shall not so chuse to take them into their own Care and Custody as afores<sup>d</sup> the several sum & Sums at which they shall have been as aforesaid appraised; that the said ——— do sell and dispose of such of them as he shall think proper to the Quarter Master and Commissary at Peekskill aforesaid taking from the said Quarter Master & Commissary respectively certificates of the Prices for which they have been to them or either of them respectively sold upon the Back of the appraised List of such Cattle that the said ——— do remove the remainder thereof to the Northward of the Said Highlands and at his Discretion from time to time sell the same at Public Vendue. that the said ——— be allowed one Per Cent on all the sume which the said Cattle shall sell as aforesaid for his trouble & Expence and that he be empowered from time to time to employ such Persons as he shall think necessary for the services aforesaid; and that the said ——— be respectively allowed the sum

of — per Day for every Day which they shall be actually employed in the Business by the Resolution aforesaid submitted to them.

*Resolved* that all such Grains and Forage as cannot be removed to the Northward of the said Line in the foregoing Resolution specified be Destroyed and that such as can be removed be disposed of by the Proprietors after such Removal at their Discretion.

*Resolved* that copies of the foregoing Resolutions be transmitted to gen<sup>l</sup> Putnam and that he be requested to exert himself for carrying the same into Execution.

*Resolved* that Copies of the foregoing Resolutions be transmitted to the said — to the said — and to the Auditor General.

*Resolved* that the sum of — be advanced to — to be by him accounted for with this State.

D<sup>r</sup> Letter to Gen<sup>l</sup> Putnam with the foregoing Resolutions.

SIR: In answer to the Several Favors with which the Council of Safety have been honored from you I am directed to transmit you the enclosed Resolutions and further to observe that in the opinion of the Council if a Detachment of about five hundred men be strongly posted at the White Plains, with proper Scouts all the Country lying to the northward of the Road leading from — will be secured at least for the Present and the Cattle &<sup>ca</sup> may by Parties of men & particularly of Cavalry be brought off so as greatly to distress the Enemy. Such of the Grain and Forage as can be secured will be of advantage to our Army and the Remainder which ought Doubtless to be destroyed as soon as there shall appear a well grounded Probability that it will fall into the Enemy's Hands is of very great Importance which you will easily conceive when you are informed that there are at least forty thousand Bushels of Grain and ten thousand Tons of Hay now standing to the Southward of those Roads. A very little Calculation will show the immense advantage which would arise from the Possession of that Country and probably induce you to cover as great a Part of it as is Consistent with the Security of the Passes in the Highlands and undoubtedly to prevent the Enemy as much as possible from availing themselves of its great Fertility.

I have the Honor to be &<sup>ca</sup>

Draft of a Letter to his Excellency General Washington.

SIR: I am directed by the Council of Safety of this State to enclose your Excellency copies of their Letter to Gen<sup>l</sup> Putnam and their Resolutions contained in it relative to the Stock & Produce of the Southwestern Parts of the County of West Chester. The amazing Fertility of that little tract of Country renders it at all times an object of vast importance but particularly so at present when it is covered with an uncommon Burthen of Grain and Forage highly useful to either Army. The advanced Price of the latter of these Articles and the great Demand we should probably have for it during the next winter must convince the most inattentive that no means should be left unessayed to lay up considerable Magazines and therefore the Council have no Doubt that your Excellency will issue such Orders as together with their Resolutions will be attended with very Salutary Effects in that Quarter. For certainly when a good Price is offered for that which if not removed is to be destroyed in the Field the Husbandman will exert himself to the utmost and be bound to serve the great American Cause in Interest if not from Affection.

From the motions of the Enemy to the Northward it would seem that they mean to attempt a Junction with Gen<sup>l</sup> Howe but when it is considered that their Hopes of Succour from the disaffected of this State are entirely cut off, their success must be more than doubtful and of Consequence the Probability that Howe will move to the Northward considerably diminished. The Council sincerely congratulate your Excellency upon the possession of Brunswick & Amboy and wish that all your Efforts for the Defence of America may be crowned with Success.

I am &<sup>ca</sup>

*Petition of Henry Lyon.*

[Petitions, 33: 307, 309, 311.]

To the Honourable the Council of Safety for the State of New York.

The Petition of Henry Lyon late of New York at present of Reading Township in Huntington County New Jersey Humbly Sheweth,

That last Campaign on the approach of the Enemies Fleet in the Harbour of New York your Petitioner removed part of his Effects into Dutchess County, that your Petitioner then proceeded on a voyage to sea when the Enemy sometime after took Possession of the City of New York.

That your Petitioners returning from sea found his Family in New Jersey where your Petitioner has since his return from sea continued to Reside as will appear by a Certificate of several Gentlemen Neighbours to your said Petitioner.

That sometime ago the Commissioners of Sequestration in Dutches County have Disposed of your Petitions Property (which he had removed to the County aforesaid) on a groundless suspicion of your Petitioners being with the Enemy in New York which your Petitioner is Ready to give the Honourable House all Possible satisfaction and Prove to the Contrary.

Your Petitioner therefore most humbly prays that your Honourable House will be most Graciously pleased to order the amount of the sale of his said Property to be Returned to him or give such other Relief as your Honourable House shall think just and Equitable.

And your Petitioner as in duty Bound shall Ever pray.

MANOR LIVINGSTON, 8<sup>th</sup> Aug<sup>t</sup> 1777.

SIR: A Daughter of old Cooper and Andries Wise will wait on you with these few lines in order to wait on the Council of Safety to see whether they cant get old Cooper Releas'd from his confinement either by given Bonds with good Security for his future good behaviour or a bond on his farm, the whole family have from time

to time since his confinement on board of the fleet Prison prevailed on me to write to the Council of Safety for his enlargement and added that he had not been concerned in the last plot or conspiracy and nothing appeared against him. I told them that I believed they were under a misapprehension, however the Hon<sup>ble</sup> the Council of Safety are the best judges Mr Robert R Livingston is at Esopus and as Cooper is a Tenant under him I would recommend you to mention it to him as doubtless he can acquaint you most about the matter, as for my part I can't recommend any of the family as friends to the States, they tell me the old man is very sick at present and as our Regim<sup>t</sup> is to march this day to the Northward they have nobody left at home to carry the old man any necessarys of consequence that he must suffer in their absence (as they say) I beg you'd excuse the freedom in writing about this matter as the family is continually plaguing me on that head and seem to think he might thereby be discharged altho' I have repeatedly told them the contrary. time will not admit to enlarge. The Petition of William Wallace from Ridgfield, fairfield County and State of Connecticut, Humbly Sheweth,

That your Petitioner being deeply sensible of the duty he oweth to his Country and having the Deepest regret for his past Conduct of injuring the community to answer the ambitious purpose of aggravating a few individuals and after having Been taken by a Guard sent to bring him before the Committee, he made his escape from them and hath secreted himself for some time much to your Petitioners Damage for fear of the Punishment he imagined he might receive for the same therefore your Petitioner begs that your Honors would forgive him for all past Conduct and receive him into the favour and acceptance of his Country, as you may rest assured that he will endeavour for the future to conduct as may give a general satisfaction to the Publick. Your Petitioner now relying upon the mercy and goodness of your Honb<sup>le</sup> House to discharge him from his present confinement as he is willing to make full satisfaction for all past injuries, your Petitioner therefore hopeth that your Hon<sup>rs</sup> would consider him as a man that hath been much indisposed for some time which rendereth him unfit to endure the fatigues of a soldier, but as he hath wherewith all he will engage to hire a man to serve in his place, during the present Contest and to be beneficial otherwise as circumstances shall permit, and as in Duty Bound your Petitioner shall ever pray.

To the Honourable the Council of Safety for the State of New York, In Council Convened.

The Petition of Silvester Salisbury Cap<sup>t</sup> of the Company of Light Horse of Kingston, belonging to the State of New-York, In behalf of himself, officers and Company, Humbly Sheweth,

That y<sup>r</sup> Petitioner hath been called with his said Company of Light Horse into actual service within this State at Different Times and at Different Stations and the said Company Being always ready & willing to go and perform their duty when so called upon heretofore into service. That y<sup>r</sup> Petitioner hath not as yett Received any pay for the service of the said Company neither is their any price fixed for the pay of the said officers & Company which your Petitioner humbly conceives is extremely hard, as the Pay Rolls for the service of the said company cannot be made out till such time as the pay is fixed for which they are to serve. That whereas y<sup>r</sup> Petitioner hath lately Received a General Order Dated the 6<sup>th</sup> of August 1777 from his Excellency George Clinton, Esq<sup>r</sup> Governor of this State to furnish out a Detachment to consist of a non Commissioned officer and six Privates to be stationed at Kingston and Between that and the Northern Army in the most convenient manner to serve as Expresses Between the Northern and Southern Armies, their particular Stations to be assigned them by this Honourable Council. *Affidavit of James Crawford.*

[Miscel. Pap. 36 : 773.]

KINGSTON, August 12<sup>th</sup> 1777.

By order of Council James Crawford, Soldier in Col Marshalls Regiment, being duly sworn deposeth and saith, That a Tory Prisoner named Jonathan Baker informed him that he had heard Governor Skene say That the Garrison at Tyconderoga was sold, that he had told him so in particular. That he farther told him the Garrison there would retreat from place to place till they should get to Albany. that he had brought off one of the Continental Delegates at Congress, and that soon he would have one or two more of them. The Deponent farther saith, that about eight days before the late Evacuation all the great Guns, viz., Eighteen and Twenty four pounders that were mounted on carriages at the old Fort, were taken away from thence to the distance of about two miles South East of Fort Independence, as was given out, to keep the Indians off, and that such a removal caused much suspicion among the Soldiers, as the heaviest cannon were taken from the principal Magazine to answer a purpose, For which it was generally said, and the Deponent believeth the lighter cannons would have done better—and further saith not.

*Petition of Lieutenant Houstoun.*

[Petitions, 33: 478.]

To the Honourable Gentlemen of the Council of Safety of the State of New York.

The Petition of John Houstoun, Humbly Sheweth,

That your Petitioner had the misfortune of being taken Prisoner in January last by the Enemy 2 Miles this side of Kingsbridge & carried to New York where he was confined for 5 weeks; that unfortunately for him he had in his possession at the time the sum of 400 Dollars of Recruiting money being part of 500 Dollars which he received from the Treasurer M<sup>r</sup> Banker by order of Convention and the sum of 100 Dollars he had Expended on 7 Men which he had Enlisted & sent to Fish Kills to join the Regiment. That your Petitioner on account of his bad estate of health while confined with the Enemy had the liberty of walking the Town granted him & likewise the money which he had taken from him returned again. in this situation he remained for some weeks, till his health was recovered, but from the dayly insults he received from the inhabitants of the Town was determined to make his Escape as soon as possible. That your Petitioner in the month of May last endeavoured his Escape by privately procuring a passage in a sloop for Long Island from whence he expected to have got to the Main but unfortunately before the sloop got to the Harbor she was bound for was pressed to join a Fleet of 20 more vessels Bound

for Sagg Harbor on the East end of the Island to take in Hay for New York, that your petitioner then was obliged to pass as a hand on board & was greatly in hopes of having an opportunity of making his Escape, but the third night after our arrival at the East end of the Island Colonel Meggs with 300 Troops under his command, crossed in whale boats from New Heaven, surprised and took the Guard which the Enemy had at Segg Harbor, burnt & destroyed a number of the vessels & made Prisoners of all the seamen. In this affair it was your petitioners misfortune to be on board one of the vessels which was destroyed and not being awakened out of his sleep till the vessel was part on fire, had difficulty in clearing of the flames so that he lost all his money & cloaths and was brought with nothing on but his shirt to New Heaven, where he was Examined by General Parsons & from there conducted to Peekskill where he was confined for 7 weeks on suspicion of Deserting to the Enemy & at last tried by a General Court Martial, who cleared him of the charge brought against him, but broke for other reasons best known to the Court. That by order of General Putnam your Petitioner was sent up Prisoner to this place to render an account to your Honourable Council of the money which he had received from the Treasurer for the service of this State. That your Petitioner from the loss he sustained by the Enemy when sutling for the Army last Summer at Kingsbridge and the late loss he met with at Long Island, is reduced to the greatest poverty having nothing to support him but what he receives from his Charitable friends, but being willing to give the Honourable Council all the satisfaction in his power your petitioner informs them that he has the sum of £75 in Captain Goforths hands now in Philadelphia, which sum he has had in his possession for 14 Month & was to allow a proportionable share of the profits in Trade while the money remained in his hands and what the sum amounts to that is now due from Captain Goforth to your Petitioner he is at a loss to say, but he is willing to give the Honourable House an order for the £75, and the profits arising from it in trade whatever it be. Your Petitioner hopes that the Honourable House will take his case into your serious consideration and grant him his liberty so as to enable him to provide himself with necessaries for his support during the winter which is now drawing on. That your Petitioner from the first of the present War, Engaged himself merely out of Principle, being fully convinced of the Justness of the cause and that during the Campaign to Quibec where he had the Honour of being a Lieutenant under the brave deceased Cap<sup>t</sup> Cheesman, he had the pleasure of giving those in Command satisfaction in the Post he had the Command of at Point Levy that winter, and all the misfortunes & crosses he has met with will never induce him to be guilty of any steps to the prejudice of the United States. Your Petitioner hopes that if the Honourable Court is not at Leisure at present to take his case into their consideration, that they will grant him the liberty of staying at Mr Beckers where they may depend upon his remaining till called for, and your Petitioner as in Duty bound will ever

*Report on Application of John Coe.*

[Miscel. Pap. 36: 791.]

STATE OF NEW YORK IN COUNCIL OF SAFETY Aug<sup>t</sup> 22<sup>d</sup> 1777.

The Committee to whom was referred the application of John Coe Esq<sup>r</sup> reported that the s<sup>d</sup> John Coe being Chairman of the Committee of the County of orange on the South side of the mountains, did in Persuance of Certain Resolutions of the late Convention of this State of the 21<sup>st</sup> Jany last directing a Collection of Stockings & Blankets to be made for the use of the Troops raised in this State, receive from the Collectors appointed for that Purpose in that part of the County of orange which lies to the Southward of the Mountains a considerable Quantity of Blankets & Yarn Stockings which according to the Directions of the said Resolutions he determined to send to the Clothing Store at Fish Kill—That he carried the said Blankets & Stockings to a continental Store House at Kings Ferry of which Cap<sup>t</sup> Sheers had the care—That he delivered them together with a Bill of Parcels to the said Sheers with Directions to send them forward by a safe Opportunity to the Clothing Store aforesaid at Fish Kill, which he promised to do. That ninety Blankets & one hundred & thirty Eight pair of woolen Stockings were so delivered by him unto the Custody of the said Shiers on or about the 17<sup>th</sup> Day of March last That on the 7<sup>th</sup> Day of May last he procured a Certificate from Com<sup>o</sup> Cregier Assistant Commissary to the Clothing Store at Fish Kill in the words & figures following viz<sup>t</sup>

"FISH KILL, May 7<sup>th</sup> 1777.

"Rec<sup>d</sup> of John Coe Esq<sup>r</sup> Chairman of the Committee of orange County on the South side of the Mountain fifty five Blankets Ruggs & Coverleds & one hundred p<sup>r</sup> of Stockings mostly worn which goods were sent by said Committee to Fish Kill Landing and by mistake carried to the Continental Store from which Store I have now rec<sup>d</sup> them by the Hands of M<sup>r</sup> John Keers.

CORN<sup>s</sup> CRYGIER As<sup>t</sup> Com<sup>r</sup>"

That from the above Certificate it appeared that thirty five Blankets & thirty Eight pair of Stockings were missing. That he therefore applied to the said Steers to know how it happened—That Kiers told him he had delivered all the Blankets & Stockings af<sup>d</sup> to Cap<sup>t</sup> Welch to be by him transported to the Cloathing Store af<sup>d</sup> at Fish Kill with the Bill of Parcels af<sup>d</sup>—That he the said John Coe afterwards saw the said Cap<sup>t</sup> Welch who acknowledged that he had rec<sup>d</sup> from the said Kiers the Blankets Stockings & Bill of Parcels af<sup>d</sup> that he carried the said Blankets & Stockings to Fish Kill & delivered them to the care of ——— Bogardus who kept a Store there & that he gave the Bill of Parcels to Cap<sup>t</sup> Dobbs. That the said Bogardus told him the s<sup>d</sup> John Coe that he had rec<sup>d</sup> nine Bundles from Cap<sup>t</sup> Welch, that he did not open them & that he sent them to the continental Store at Fish Kill. GENTLEMEN: Famine more formidable than the Sword and pestilence united, now presents itself to us, the goalar informs us that he has orders to decline supplying us with provisions. Is it possible that a Council of Safety for the State of New York can issue so horrid an order? Perish the ungrateful suggestion, we cannot believe it, to keep men in close confinement with all the precaution practicable by human ingenuity, and at the same time deny them the necessaries of life is unprecedented amongst them we call savages. There are many among us destitute of money, and of every means to preserve existence. There possibly are some who can supply themselves, but let a scrutiny be made, and let not them who cannot, perish. We have not, we will not pursue any violent measures, we trust in God and the humanity of your honorable board and are

IN COMMITTEE OF SAFTY FOR Y<sup>e</sup> COUNTY OF WESTCHESTER, }  
 BEDFORD, Aug. 18<sup>th</sup> 1777. }

SIR: We send you two prisners, perhaps two as Notorious Vilians, as any on Earthe, Viz, William Smith and James Place. S<sup>d</sup> William Smith is one of the heads of the Gang of robbers which has so much Distressed the good people in this county as has been proved by the following Evidence taken before this committe: The wife of Reubin Smith and the wife of Stephan Seaman being sworn, Smiths wife says she knows the s<sup>d</sup> Smith and saw him at there house the Night Capt Seely was robed and Seaman's wife says under oath she saw y<sup>e</sup> s<sup>d</sup> Smith on the Day Capt Seely was robed at Night in the woods, with about Eight more sposed to be the robbers and she spoke to him in perticular and asked him what he thought of himself to be robing about in that manor. He s<sup>d</sup> it was Beter than to be in the Gaurdhouse.

Capt Gideon Seely & his wife, Major Joseph Benedict and his wife, Nathan Benedict, Rhody Benedict, John Shaw, all Duly sworn say they know the s<sup>d</sup> William Smith to be one of the formost men y<sup>e</sup> Broke open the house of Capt Seely & Major Benedict and that he was the most forward in taking away their mooney and Goods. Major benedict says s<sup>d</sup> Smith abused him in particular on account of his having been a committee man, a major in the servis &c., and swor he should be Carried to New York by the Next Night and that He had a hankerchief tied on his head suposed to Hide a certain mark. They all agree that he was one of the heads or foremost man among them. There is a number of other Evidence which will prove that he has robed in several other places.

James Place was taken this morning and brought before this Committee. He said he Left New York two Days ago and was one of General Hows commissioned officers & produced his commission, said he was coming in to resigne himself but it appears Very clear to this committee from the strongest sircumstances that he was out steeling Horses, for these reasons: Last Night our Guard found two men at the Barn of Benj Hoyt, where a number of fine horses were locked up. They had Broken open the Barn and got one Horse out when our Gaurds Challenged them and seeing but one Cought Hold of him and thought to Bring him in but the others came out of the Barn and risqued him. The Gaurds thinks s<sup>d</sup> Place is the Very Man they had the Squabble with as near as they could tell a man in the night by his shape and Dress which they remember well, his shirt and Breaches being torn and his knee hurt, his being found Next Morning Early on the same Hors which he took from the Barn together with the Imperfect account he Gives of himself Leaves not the Least Doubt with this Committee but that he is the verry man that was found at S<sup>d</sup> Barn.

N.B. Said Place says he Lived on Cortlandt Manor, has a wife there and Left there about a year ago, went on board the Phoenex when she Lay in the North River.

*Petition of John Romer.*

[Petitions, 33: 330.]

Unto the Honourable Council of Safety for the State of New York.

The Petition of John Romer of Coxack, Humbly Sheweth,

That by virtue of a Recommendatory certificate signed by the chairman and several members of the Committee of the District to which he belongs, presented to your Honourable House on or about the 16<sup>th</sup> instant, your honours were graciously pleased to consent to his liberation, and desired him to apply to the high Sheriff for a pass. He accordingly left the Goal and went in quest of that Gentleman. At last he found him, but he, regardless of your honours benign intentions to the Petitioner, again ordered him into close confinement. Your Petitioners spouse was then in Town, tarried three Days and from time to time waited on the Sberiff endeavouring by her tears and entreaties to molify the heart of that obdurate man. The sheriff's pretence for this cruel usage is that your Petitioner had been accessory to the escape of some prisoners from the fleet. But of this accusation God knows my innocence, also the guard who were upon duty the night the escape was made. The distress of his family is daily increasing, the only man that took care of his interest now lies on a bed of sickness and the Petitioners spouse is fully employed in attending his small children. Your Petitioner therefore prays that your honours will be pleased to extend your clemency to him. And as in Duty bound he shall ever pray.

*Memorial of John Jay and Gouverneur Morris.*

[Petitions, 33: 288.]

To the Hon<sup>ble</sup> the Representatives of the United States of America in General Congress convened.

The memorial of John Jay &amp; Gouverneur Morris Most Humbly Sheweth,

That the Council of Safety of the State of New York did on the 28<sup>th</sup> day of July last\* direct your memorialists to repair to Head Quarters & confer with his Excel-

\* Journal of New York Provincial Congress, I, 1019.

lency General Washington about the State of the Northern Army, the means of reinforcing it & all such other matters as might respect the defence of that State and to represent to his Excellency the necessity of providing Garrisons for the Forts in the Highlands, as the Term for which the Militia then stationed there were engaged, would soon expire.

That your memorialists have represented to his Excellency General Washington that the Northern Army was far inferior in numbers to that of the Enemy & unable effectually to oppose their further Incursions.

That the late Behaviour of the Militia required to reinforce the Army afforded but little Reason to expect important succour from them.

That one third part of all the Militia of the State of New York between the County of Albany & the District possessed by General Howe, had been in actual service ever since the month of March last, & that the remainder were held in constant readiness to march to the Defence of Hudson River, where it was expected that the Enemy after their Retreat from Jersey would bend the whole Force of their Southern Army. That for these reasons General Schuyler could obtain no aid from thence.

That the western parts of the State of New York were threatned with an Invasion by the way of Oswego and that to oppose it the Council had ordered two hundred Rangers to be raised in the County of Tryon and one third part of the Militia to be embodied.

That from the counties of Gloucester, Cumberland & Charlotte the Council promised themselves little, many of the Inhabitants having been prevailed upon to revolt from the State of New York, and as your memorialists are informed, a considerable number have already submitted to & joined the Enemy.

That the Northern Army cannot therefore rely on any reinforcements from the Militia of the State of New York except that of the County of Albany of which about one thousand were with General Schuyler.

That the northern and Western parts of the State abound in Corn & Cattle & that the Inhabitants spread thro' a great Extent of Country & being feebly supported are dissatisfied & have informed the Council of Safety that without timely assistance the Enemy may without difficulty possess themselves of that Country & thereby obtain ample supplies of provisions, Horses, Carriages & other essential articles.

That should such an event take place, the six nations of Indians would be greatly in the Power of the Enemy, & might probably be prevailed upon to join them.

That the disaffected & men of equivocal character would embrace that opportunity of testifying their zeal against the American cause by acts of outrage & violence & that from all these sources the Enemy would daily derive great accessions of Strength.

Wherefore your memorialists requested of his Excellency General Washington that a further Reinforcement might be sent from his Army to that under General Schuyler, and that Garrisons for the Forts in the Highlands might be otherwise provided than from the Militia of the State of New York who were uneasy at being so frequently & so long called from their Habitations.

That his Excellency assured your memorialists no more Troops than the two Brigades he had already ordered to the Northward could with Propriety be spared from his Army & that the necessity of Drafts from the Militia to Garrison those Forts still existed. That of this your memorialists do not entertain the least doubt, being well persuaded that General Washington would most readily afford the Northern Army & the State of New York all the aid & Relief in his Power, your memorialists therefore deeply impressed with the importance of the State of New York to the common cause & the imminent danger there is of losing it, beg leave to address your Hon<sup>ble</sup> House on this interesting subject. They humbly presume to suggest that the strenuous & unremitted exertions of that State, exclusive of more general & extensive considerations call loudly & justly for the friendly support & assistance of her sister states and that it would neither be right or politic to leave its inhabitants to the fury of a savage & inhuman Enemy whom they had irritated

& incensed by their efforts to preserve the liberty & Independence of all the United States. Your memorialists beg Leave further to hint that should a considerable Corps of Militia from the States of Maryland Pennsylvania & New Jersey be immediately formed & ordered to join General Washington's Army it might perhaps become safe to order a division of Continental Troops and a Regiment of Rifle men to the Northward without which your memorialists are apprehensive that the State of New York will be in the Possession of the Enemy.

IN COUNCIL OF SAFETY FOR THE STATE OF NEW YORK, }

*Resolved* that John Sloss Hobart Esq<sup>r</sup> & Governor Morris Esq<sup>r</sup> be & hereby are appointed a Committee on behalf of this State to meet with Committees from the State of New Hampshire, Rhode Island, Connecticut, & Massachusetts Bay, to hold a conference respecting the State of the paper currency of the said States, & the other matters mentioned in the Resolutions of the House of Representatives of the Massachusetts Bay on the Twenty Seventh of June last.

Extracts from the Minutes,

Attest: Jn<sup>o</sup> McKesson, Sec<sup>y</sup>

Friday, Aug<sup>t</sup> 1<sup>st</sup> 1777.

Met & conferred upon sundry matters & adjourned to Saturday morning 9 O'clock

Saturday, Aug<sup>t</sup> 2<sup>d</sup> 1777.

Met according to adjournment, present the same Members.

The Committee conferred upon the State of the paper Currency of the said Governments, of the expediency of calling in the same by taxes or otherwise of the most effectual, expeditious, & equal method of doing it, & the best means for preventing the depreciation & counterfeiting of the same, & upon full consideration are unanimously of opinion that the quantity of paper currency omitted & circulating in said States, Greatly exceeds what is necessary for a Medium of Trade, & support of the War, whence necessarily follow the depreciation of the Currency, & Stagnation of their circulation, fluctuation irregularity, & extravagance in prices; & if not timely remedied the total destruction of their credit, to the greatest injury of these States. They are also unanimously of opinion that the Great number of Bills circulating upon the credit of the United States & of the several particular States, tend mutually to depreciate each other, not only by the too great quantity; but also by multiplied frauds in counterfeiting the same; which evils as far as is possible to remedy at present & prevent in future.

*Resolved* that it be recommended to the Legislatures of the several States to make provision for drawing in & sinking the bills of credit which are not upon interest by them respectively emitted (small change less than a Dollar only excepted) by the first day of November next either by taxes, or by exchanging them for Treasurers Notes, for sums not less than ten pounds on interest at six per cent per a<sup>n</sup> or for Continental bills of credit & to prohibit the currency of their respective Bills of credit from & after the said first day of November & not to emit any more bills of credit hereafter, except for change not exceeding half a dollar.

*Resolved* that it be recommended to the several Legislatures aforesaid for the future to provide for the exigencies of their respective States, & the support of the War as far as possible by taxation & in order to lighten the burthen & accommodate the taxes to the convenience of the people, & the more effectually to establish the credit of the Continental currency, that those taxes be levied & assessed, at the least once in every quarter of the Year, & to take effectual methods that the several assessments be duly collected & punctually paid into the respective Treasuries.

Adjournment to Monday next 9 o'clock in the morning.

Monday morning.

Met according to adjournment, the same Members present as on Saturday.

The committee took in consideration the Acts against monopoly & oppression, & upon mature deliberation, are of opinion that they are attended with inconveniences, & that the good order proposed thereby may be better attained by the measures herein recommended, whereupon

*Resolved* that it be recommended to the several Legislatures to repeal all the clauses in the aforesaid Acts for preventing monopoly & oppression so far as they relate to affixing the prices at which the Articles therein enumerated shall be sold, & enacting penalties for not observing the same—and

Whereas it may be apprehended that the repeal of the monopoly bill may operate to the prejudice of the non Commissioned Officers & Soldiers who are employed in the Continental Army upon the expectation of being supplied with the necessities of life at the prices affixed by said bill—therefore more effectually to prevent such evil,

*Resolved* that it be recommended to the several Legislatures aforesaid that provision be made for supplying the Troops belonging to the Continental Army, & raised in their respective States, who are in the field, with such necessary Articles as are not supplied by the Commissary General upon the same terms as the several States have stipulated, always taking care that the prices affixed in said bill be considered as the prime cost; & also that provision be made at the expence of the respective States that the families of the non commissioned Officers & Soldiers of the Continental Army residing with them be supplied with provisions & cloathing at the prices set in said bill, to the amount of their wages; & that Committees be appointed in all the towns & districts in said States, whose business it shall be to see that the families of said Officers & Soldiers are duly supplied with such necessities of life as their circumstances may require to the amount of such sum as shall

be lodged by such Officers & Soldiers with said Committee not exceeding their pay respectively & also to provide suitable laws to procure necessary Articles, stipulated to supply the troops & their families, by impressing those Articles when necessity shall require, & paying the owner a reasonable price at the appraisement of indifferent judicious men.

And whereas the ingrossing and withholding from sale of the conveniences and necessities of life, accumulating profits upon the same by repeated sales in large quantities from one engrosser to another are highly prejudicial to the interest of any State, and under the present circumstances of these States are of the most fatal and dangerous tendency,

*Resolved* that it be recommended to the Legislatures aforesaid to prohibit and prevent such practices from time to time under severe penalties, as the nature and circumstances of the case may require, and to make provisions for enforcing the sale of the commodities so engrossed or withheld in small quantities and at reasonable prices for the use of the inhabitants.

Then adjourned to Tuesday morning nine o'clock.

Tuesday met according to adjournment, present the same members as on Monday, and conferred on Sundry matters and adjourned.

Wednesday morning nine o'clock met according to adjournment, present the same members as on Tuesday.

Whereas it may sometimes be necessary to prohibit the transportation of certain Articles by land from one State to another,

*Resolved* that it be recommended to the respective Legislatures to form their laws made for that purpose so as not to prevent the free transportation of any articles that can be spared from their respective States to supply the inhabitants of any of the other States nor to prevent the inhabitants of other States from carrying out the property they were possessed of in such State at the time of making such Laws, or which they may have afterwards imported by sea, or brought in from any other State by Land, and also that no unnecessary interruption be given to a free commercial intercourse between the inhabitants of the several States.

Whereas the concurrence of all the United States in the Measures aforesaid, will render them much more effectual for attaining the good ends proposed,

*Resolved* that a copy thereof be transmitted to the Honourable Congress of the united States, that such measures may be taken for that end, as they in their great wisdom shall think meet, and that a Letter signed by the President accompany the same—and

Whereas the State of Rhode Island have represented the necessity that a body of troops be kept up to guard the shore round Rhode Island, under the direction of the General Officers stationed there, and have manifested a desire, that the Committee should consider the same, and express their opinions of it to their respective constituents; therefore,

SPRINGFIELD, August 6<sup>th</sup> 1777.

SIR: The Committee from the several States of New Hampshire, Massachusetts, Rhode Island, Connecticut & New York, in pursuance of the proposal of the State of Massachusetts Bay have met and conferred upon the several subjects therein

recommended, and have passed a number of Resolutions, a copy of which I am directed to transmit to you to be laid before the Hon<sup>ble</sup> Congress for their consideration, the first four of those States the last winter passed Acts to prevent monopoly and oppression in order to support the Credit of their paper Currency but the other united States not judging it Expedient to enact Similar Laws hath in a great measure prevented their answering the good purposes for which they were intended, & has rendered it very difficult, if not impracticable, fully to execute the same, other measures therefore have now been agreed upon for the same purpose, the success of which we apprehend will greatly depend upon the Concurrence of the united States in the same—we are so fully impressed with the Importance of drawing in & sinking the Bills of Credit emitted by the several States, & of the necessity of large & frequent Taxations to supply the Continental Treasury & to defray the Charges of Government, that we have earnestly recommended it to the several States we respectively represent, and we apprehend it will be absolutely necessary for similar measures to be adopted by the other united States in Order to support the Credit of the paper currencies, and to prevent any further Emissions for the purpose of defraying the Charges of the War & the support of internal Government, we submit the whole to the Honorable Congress, that such measures may be taken for that End, as they in their great wisdom shall think proper I am in behalf of the Committee,

Sir Your most obedient & most humble servant,

STEPHEN HOPKINS.

IN COUNCIL OF SAFETY, Aug<sup>t</sup> 27<sup>th</sup> 1777.

State of New York, ss.—A. M. Read & Referred to his Excell<sup>cy</sup> the Governor & that he be requested to lay the same before the Legislature at their first meet<sup>g</sup>.

*Convention of the State of New York to Ja. Sullivan, Chairman of Committee of the House of Representatives of Massachusetts Bay.*

[Miscel. Pap. 29: 438.]

Sir: The Convention rec<sup>d</sup> your favor of the 9<sup>th</sup> Feb<sup>r</sup> last together with the enclosed acts of your Legislature by which the mischiefs consequent upon a depreciation of the Continental currency are attempted to be remedied. How far the mode therein prescribed will answer that valuable purpose must depend upon the circumstances of the several States to which they extend, & of these without doubt the respectable Legislatures by whom the laws were framed are the best Judges.

We have also seen with pain the evils you point out & have endeavored if not wholly to remove, at least to lessen them by means that we should much earlier have fallen upon had not the variety of cares incident to an invaded State distracted our attention. we do ourselves the honour to enclose our resolutions on that subject, & will endeavour to explain the principles on which they are founded.

We conceive that money merely as such has no intrinsick value, & is only so far useful as it represents the circulating property of a state, or in other words serves to measure the value of those Commodities which are exposed to sale. Thus in the infancy of states one commodity is bartered for another & that for which there is the greatest demand & which is most frequently bartered becomes the money of the State. Thus at Athens oxen & at Rome sheep were the currency of the country & the purchaser of a piece of Land or other commodity cast up in his mind the number of sheep or oxen that it was worth & from thence ascertained its value. But as barter is attended with many obvious inconveniences specie was substituted, which represents the whole transferable property of a State, & is of course in the hands of the buyer either Sheep, oxen, corn or anything else which the seller prefers to that which he has to dispose of.

Money then being only the representative of the transferable property of the

State in which it circulates, its value can never exceed that of the whole quantity of property in circulation. If therefore by any extraordinary incident one half the merchandize of a state was to be annihilated at a time when it could have no communication with any other country, the money must depreciate exactly in the same proportion, or in other words, merchandise would rise to the double of its former price. So likewise if the same quantity of merchandise remained & a double proportion of money was emitted at once the effect would be the same because the property of a State & the representative of that property, must always be exactly alike. Both these things have happened to us. By the stoppage of our trade the quantity of transferable property is lessened & the large emissions of paper for the necessary purposes of the war encreased our money. Happily for us the timidity & disaffection of many induced them to draw out of circulation all the Gold & Silver & even the bills which had been current before the commencement of the war considering them as more valuable than those which have been since emitted, By which room was made for the continental Bills & no immediate mischief arose from their emission.

But this could only operate to a certain degree. At present we see with sorrow in the rise of every necessary of life that the Continental emissions have greatly exceeded the quantities of money which were by the above means drawn out of circulation.

The depreciation of the money being then the root of the evil, which we lament, the question recurs how it is to be prevented—that what we shall now say may not be understood to imply the most distant censure upon the measure which the wisdom of the New England states have thought fit upon the most mature deliberation to adopt, we beg leave to premise that we argue merely from the present situation of our State in which the evils above mentioned arise from the causes we have hinted at—where they were occasioned merely by the spirit of monopoly which your laws seem to suppose without doubt your remedy is the most efficacious that can be applied.

But sir with us its operation would be directly contrary to what we could wish. For as the evils we complain of arise from our having more money than is necessary for the purposes of circulation, whatever lessens that circulation will increase the evil.

That the limitation of the prices of merchandizes will have that effect is obvious from an attention to the above principles. For if, as has been asserted, all the money in the State represents all the transferable property of the state, it must follow that every part of that money represents a proportionate part of such property & of course is of some value. thus if one hundred thousand bushels of wheat & nothing else were to be sold in a state whose cash was 100,000 dollars, each dollar would represent a bushel of wheat—double the number of dollars & each dollar represents half a bushel of wheat. In such a state declare by law that no more be given for a bushel of wheat than  $\frac{1}{2}$  a dollar it must follow (if the law is executed) that 150,000 dollars each of which before represented  $\frac{1}{2}$  a bushel of wheat now represent nothing, & are of course worth nothing nor can it be said that this deficiency is made up by the encreased value of the other 50,000 for when a man sells a bushel of wheat for  $\frac{1}{2}$  a dollar he knows not whether he will be able to bring it into circulation & since it is three to one that he cannot it is three to one that he receives waste paper instead of money.

But the evil does not stop here. As the difficulty of bringing this money into circulation renders it hazardous to receive it—it can no longer be considered as the stated representative of any property & the people unwilling to exchange for it commodities which have an intrinsic value will instead of selling barter them for other necessaries. When this takes place all the merchandize of a state become its current cash, & not only operate as an emission of money equal to the whole circulating property of such state but from its intrinsic value destroys the currency of money whose precise worth is unknown.

Lest what we have said should be carried further than we would wish you will give us leave Sir to observe here that the above principles are applicable only to money considered merely a medium of trade. It may so happen that the article

commonly used as a medium has an intrinsic worth even when out of circulation, as in the case of precious mettals, when in our Idea they loose the name of money and become a merchandize. So likewise the Continental bills have an intrinsic worth, even when they do not circulate & must be considered as notes payable by the Continent at a future day in which case their worth must be determined by the certainty of the payment, the distance of the period, the loss of interest, & the hazard of keeping them and in some measure by the present wants of the possessor, which while his money ceases to circulate it cannot satisfy.

We would further observe that where the spirit of monopoly does not render it necessary the limitation of prices operates as a heavy & partial tax upon Sellers—For if in the State last mentioned where two dollars are the just representatives of a Bushel of Wheat, you lower the price to  $\frac{1}{2}$  a dollar you immediately tax the seller three  $\frac{1}{2}$  dollars & if you take into consideration the chance of his not being able to pass his half dollar you deprive him of  $\frac{3}{4}$  thereof. Add to this that such tax generally falls upon the enterprising & industrious, thro whom alone a state can increase the quantity of merchandize on which the value of money depends. Besides that, Laws of this kind cannot without extreme severity be carried into execution, as when eluded serve only to weaken the authority of Government & introduce a spirit of chicane totally repugnant to that open virtue, which is the bases of a free constitution.

It is an old observation that restrictions on trade always increase the price of those articles which are the object of such restrictions, since the Seller never fails to add to his profits a certain Sum adequate to the risk he incurs.

These reasons & others that apply more peculiarly to the situation of this State as the granary for the Continental Army obliges us to give every encouragement to husbandry which has met with very severe checks in the almost continued demands for the Militia & which w<sup>d</sup> be totally ruined were we to venture on the experiment you recommend.

You will therefore observe that our sole object in the resolutions enclosed is to draw as much money as possible out of circulation & we greatly lament that we have not yet been able to proceed (for want of an organized government) to taxation which is in fact the only adequate remedy for the evils we complain of. Nor can it be burthensome to the people (as might easily be demonstrated) while so much remains as is sufficient to answer the purposes of circulation since all that is taken adds to the value of what is left—and there are even some cases in which not only the publick, but individuals would gain by being taxed 15s. in the pound.

We make no observation on your embargo upon every article necessary for our Subsistence. The States of America are independant of each other, Massachusetts bay has had some experiance of the calamities of war—all the Continent pitied and contributed to her relief. We too have severe trials. If she lost her Capital the rest of her Country remained untouched & the sea was open to her ships. We, Sir, have seen our Country ravaged our people flying from their habitations & by the loss of our Capital are excluded from the sea and deprived of every foreign necessity of life which we do not receive from our sister States.

As we doubt not the sincerity of the affection that you (in the name of your State) profess for us, we are inclined to believe that you have not in your Letter done full justice to the reasons which induced your Legislature to deprive us of this last resource, since we can not but persuade ourselves, that those must have been infinitely more cogent, which could silence the voice of humanity pleading in behalf of an ally involved in all the calamities of war. If we were disposed to retaliate you are sensible, sir, that by a similar restrain upon the exportation of our commodities we could greatly distress your State. But our humanity & affection are not limited by the boundaries of States. We consider all America as one community & shall ever take a pleasure in relieving the wants & alleviating the distresses of every part thereof.

Give us leave however before we conclude to observe that many of our merchants whose prizes were brought into your ports who had purchased goods in your State previous to your embargo must be great sufferers thereby unless they are permitted

to remove them, nor can we see any reason to withhold such permission tho' we should admit that Coffee, Chocolate & Sugar are essential to the supply of your Troops, since from the great number of captures we are induced to believe that enough will remain for their support even after the removal of any that may have been purchased by the Inhabitants of this State. I am sir &c.

*Petition of James Shuter.*

[Petitions, 33: 378.]

To the Honourable Council of Safety of the State of New York.

The Humble petition of James Shuter of Schenectady of the County of Albany, Humbly Sheweth,

That your Humble Petitioner agreed with Capt Peter Van Beuren to bring your petitioner and family down to New windsor Comeing Down as far as Esopus Landing where Capt Van Beuren as some goods to unload. Capt Van Beuren in conversation with some of the Esopus people was inform'd that at New windsor all the vessels that were to be got or seen were pressed to convey Troops to Albany and therefore Refused to proceed on his voyage down to New windsor with your Petitioner and family unless your Humble Petitioner cou'd obtain for Capt Van Beuren of the Council of Safety a certificate or pass by and under which the said Capt Van Beuren may go Down and come up again free from being impressed into the service of conveying Troops, and another Reason which the Capt gives to your Humble Petitioner which makes him fearfull of being impressed is that said Capt Van Beuren has sundry goods on board of the Inhabitants at Albany which he was to leave at Kinderhook in his coming Down with your Petitioner, which he has not done, your Humble petitioner therefore prays the Honourable Council to grant a free pass to Capt Van Beuren to excuse him from being impressed as aforesaid, that your humble petitioner and his family may proceed on their voyage, and not be detain'd. And your humble petitioner shall ever pray.

JAMES SHUTER.

[Miscel. Pap. 37: 461.]

WESTMINSTER, 4<sup>th</sup> Septem<sup>r</sup> 1777.

SIR: it gave me peculiar satisfaction when I found not only by your letter but by the Resolves you therein mention that our affairs have been upon the Carpet in Congress but it by no means answers the end (at Present) to stop the progres of the faction respecting a new State. I would have sent you one of the Connecticut Papers wherein is contained the Construction those people put upon the Resolves of Congress, but I conclude you have seen it so that it will be kneedless if they had Resolved they would break their necks if they Did not Desist. I dont Now but those people might have thought they were in earnest but the Hon<sup>le</sup> Congress and Council of this State will become more senceable (I trust) of the Temper and Disposition that actuates those people than they have been and I am sorry they hant before now if it had been seen sooner it in all Probability might have been Effectual but the Event now I am unable fully to Determin altho I can conjecture & is what

I should Dread, my opposition has rendered my situation somewhat unhappy at Present but trust shall find the old maxim true in the end (viz) honesty is the best policy. I have been a sort of a micajah in the affair and I beleive many would be glad I were in the house of Jonathan and have reason to expect this will be my fate if something is not done very soon for I find I am highly threatned but if sumthing is not Done soon shall be obliged to give up the Point. As to News I have nothing special to write only it is a verry sickly time among us and in Neighbouring Towns should be glad of a Line from you whereby I may understand what your Sentemens are about our affairs as I want to act with safety and prudence both for my self, State and Country.

Sir, I am with Due respect your most obedient serv<sup>t</sup>

JOHN SESSIONS.

That your memorialist's case is singularly hard haveing been a prisoner to the Civil authority since the Commencement of the present war—sent to divers parts and places of confinement at his own Expence, and having at the same time a wife who for many years hath lost the use of Limbs, to be maintained and attended at Albany, all this on the small pittance of his pay as Lieut<sup>t</sup> and not considered by the Military as under their directions, hath no prospect of Exchange or Release, Restricted by parole from making his case known to any of the British Generals. The premisses duly considered, your memorialist hopes from the Candor & Humanity of your Honourable Board that you will indulge him with the like permission as hath been granted to several British officers at the Commencement of the War, that is to give him the opportunity and leave to Quite the American States with his family under the same restrictions with those who went, or whatever other restrictions your Honourable Board may think proper.

To the Honourable the Council of Safety.

Your Committee having consulted the minutes of the late Convention and that of the Council of Safety relative to the appointment &c of Major John Wheelock by which as well as by every information they have received concerning the same, it appears to them that the said Major John Wheelock has not fulfilled his contract with this State, by raising a corps of men consisting of 150 within the time limited although at his request the said time was twice protracted to a longer day. That the officers commissioned in the said Corps was the Major, under him were Cap<sup>t</sup> paine & Lieut Wheelock. That Capt paine has done his Duty & has had his acc<sup>t</sup> audited. That Lieut. Wheelock & part of non-commissioned officers & privates belongs to Capt Paine. That another part of a company under the command of Capt paine arrived at Kingston, and were put under the command of Capt Schoonmaker until the said pain should return to from the Northward whither he was sent by the late Council of Safety to collect the remainder of the said company, and that the said men so put under the command of Capt Schoonmaker soon after deserted. Therefore

*Resolved* that the said major Wheelock do forthwith attend on the Auditor General of this State and account to him for the several Sums of Money advanced to the said Major Wheelock out of the Treasury of this State to enable him to raise the said Corps destined to be commanded by him.

[Assembly Pap. 32: 23.]

IN CONGRESS, Nov. 17, 1777.

Congress having agreed upon a plan of Confederation for securing the freedom, sovereignty, and independence of the United States, authentic copies are now transmitted for the consideration of the respective Legislatures.

This business, equally intricate and important, has in its progress been attended with uncommon embarrassments and delay which the most anxious solicitude and persevering diligence could not prevent. To form a permanent union accommodated to the opinion and wishes of the Delegates of so many States differing in habits, produce, commerce, and internal polic, was found to be a work which nothing but time and reflection, conspiring with a disposition to conciliate, could mature and accomplish.

Hardly is it to be expected that any plan in the variety of provisions essential to our union, should exactly correspond with the maxims and political views of every particular State. Let it be remarked, that after the most careful inquiry and the fullest information, this is proposed as the best which could be adapted to the circumstances of all, and as that alone which affords any tolerable prospect of a general ratification.

Permit us then earnestly to recommend these articles to the immediate and dispassionate attention of the Legislatures of the respective States. Let them be candidly reviewed under a sense of the difficulty of combining in one general system the various sentiments and interests of a Continent divided into so many sovereign and independent communities under a conviction of the absolute necessity of uniting all our councils and all our strength to maintain and defend our common liberties—let them be examined with a liberality becoming brethren and fellow-citizens surrounded by the same imminent dangers, contending for the same illustrious prize and deeply interested in being for ever bound and connected together by ties the most intimate and indissoluble; and finally, let them be adjusted with the temper

and magnanimity of wise and patriotic legislators, who, while they are concerned for the prosperity of their own more immediate circle are capable of rising superior to local attachments, when they may be incompatible with the safety, happiness and glory of the General Confederacy.

We have reason to regret the time which has elapsed in preparing this plan for consideration—with additional solicitude we look forward to that which must be necessarily spent before it can be ratified. Every motive loudly calls upon us to hasten its conclusion.

More than any other consideration—it will confound our foreign enemies, defeat the flagitious practices of the disaffected, strengthen and confirm our friends, support our public credit, restore the value of our money, enable us to maintain our fleets and armies, and add weight and respect to our councils at home and to our treaties abroad. In short, this salutary measure can no longer be deferred. It seems essential to our very existence as a free people, and without it, we may soon be constrained to bid adieu to Independence, to Liberty and Safety—blessings which from the justice of our cause and the favor of our Almighty Creator, visibly manifested in our protection, we have reason to expect, if, in an humble dependence on His divine providence we strenuously exert the means which are placed in our power.

To conclude, if the Legislature of any State shall not be assembled, Congress recommends to the Executive Authority to convene it without delay; and to each respective Legislature it is recommended to invest its delegates with competent powers ultimately in the name and behalf of the State to subscribe articles of confederation and perpetual union of the United States, and to attend Congress for that purpose on or before the tenth day of March next.

By order of Congress,

HENRY LAURENS, *President.*

#### *Deposition of Michael Devon.*

[Miscel. Pap. 37: 432.]

MARBLETOWN, Saturday Night, 8<sup>th</sup> Nov. 1777.

Michael Devon of the precinct of New Paltz being duly sworn deposeth and saith That on Wednesday the Fifteenth of October last a Certain Captain Clark belonging to the Enemy came to the landing belonging to the Deponent and presented a firelock at him desired him to come aboard his boat. That the Deponent then went on board the said boat because he could not help himself. That the deponent was then asked if he had heard any news about Burgoyne to which he replied that he had for that he had heard that Burgoyne had retreated beyond the Fish Creek & that our people had taken some Guns from him to which some of the enemys answered it was a damned lie. The Deponent was then asked if he stood for the King; he answered he did and partly for the Country. they told him he was reported as a damned Rebel and ought to be hang'd on the yard arm; but since he the Deponent and his wife were at home they would not burn his house otherwise they would have burnt his house and Barn to ashes. That the Deponent was carried up to Sabatie and then to New York in a row Galley without stopping by the way excepting at the Cheveux du frize where the Galley stayed for about a day and a half. That when arrived at New York the Deponent was immediately put on board the Commodore man of war of fifty guns. That on the complaint of the Deponent for want of clothes and of his being an old man of sixty years of age he was sent ashore to General Jones who asked his name. That a woman at that time interposing with a complaint against a soldier the deponent took the opportunity and escaped to the house of Andrew Loshe behind the College where he staid four days and exchanged clothes with the said Loshe while he stayed at his house. That

he re-exchanged clothes with said Loshe and on a Sunday evening the 2<sup>d</sup> instant about 7 o'clock he got a canoe and about 12 o'clock the same night landed near Fort Lee traveling through the mountains to Tappan then took the public road and traveled to Clarkstown where he was challenged by Continental officer and giving them satisfaction Major John Smith gave him a pass to Esopus. That the Deponent went to Kings ferry being the best road and crossing the ferry he landed at Verplanck's Point where he found two officers who desired him to go and inform Gen<sup>l</sup> Putnam that he was come from New York. whilst the Deponent was going to the Generals he met an officer who went with him to the Gen<sup>l</sup>s Quarters and was there examined by one of the Generals aid de camps who gave the deponent another pass to carry him to Doctor Bards which is almost opposite to the Deponents house where he arrived on Wednesday night last.

The deponent further saith that when he got down to New York there was about 100 Transports vessels and 5 men of war in the north river; that by the time he left New York there lay about 70 transports in the said River with the 5 ships of war and that he saw several at the watering place. That he heard from the aforesaid Loshe that several transports with soldiers had gone off while the Deponent was in town, to the Delaware. That the Deponent saw between six and seven hundred regulars on parade in New York about the half which were Hessians. That while the Deponent was on board the Galley going to New York news was brought that General Putnam had by one shot from Doctor Bords land killed a Lieut and 5 privates; that another Lieut was shot through the head at Livingston's Manor and That Capt Clark and six men on setting fire to Tunis Houghtalings house near the strand at Esopus were terrible burned by the explosion of some gun powder which they said had been in the said house. The Deponent saith that about a dozen of large cannon about 18 pounders were mounted at the Bridwell. That he had heard that a number of the green Coat troops had marched to Kings Bridge and were making forts there and that they were much afraid of an attack from the Yankees and further this deponent saith not.

*Objections of Cadwallader Colden and Roelof Elting.*

\* [Petitions, 33: 326.]

Cadwallader Colden & Rulloff Elting object to their signing the Paroles produced to them by Mess<sup>rs</sup> Thompson & Miller for this express Reason, viz, that they are not Conformable to the order of the Council of Safety upon which they are founded. The order directs that we shall be confined on Parole until the further order of *this Council or the Legislature of the State*, whereas the Parole mentions only the *Legislature*, so that should the Legislature be long in meeting or sett at a distance which would render an application to them difficult, we apprehend we might in that case be still much longer under confinement, we also could wish that the gentlemen to whose care we are assigned had it put in their power (in case of any sudden emergency such as sickness in either of our familys or the Like) to give us leave of absence for a time for if the Council of Safety should Remove to a more Distant Place, an applycation to them on such occasion would be attended with Difficulty & Loss of time. We also should be glad to have our Limits a Little enlarged but this last is not a matter that gives us much concern.

N. B. We give our words to Mess<sup>rs</sup> Thompson & Miller to abide at the house they should appoint till they could hear from the Council of Safety, and they promised to write to the Council & send a copy of the above w<sup>ch</sup> it seems they have not yet done.

The Petition of Isaac Van Vleck, Humbly Sheweth,

That in consequence of your Resolve of the 19<sup>th</sup> Oct<sup>r</sup> last, discharging your Petitioner from confinement & permitting him to go at large he returned home where he has Remained ever since, that your Petitioner is again under a Necessity of applying to your Honb<sup>le</sup> Board having been credibly informed that the Commissioners of Sequestration are going to proceed to the sale of your Petitioners Estate under a supposition that your order aforesaid does not Exempt him from the penalty of Confiscation, but as your Petitioner humbly conceives that the said order admitting him to his personal liberty does intend & Necessarily imply that his former conduct was to be buried in oblivion and that his Estate should be preserved to him. He humbly prays your Honb<sup>le</sup> Board will signify to your Petitioner your sense of this matter so as to enable him to remove any Doubts which the Commissioners may have relative to it. IN COUNCIL OF SAFETY, 28 Nov. 1777.

SIR: A formal complaint has been lodged before the Council against you charging you with selling your Bar Iron at £17 p<sup>r</sup> Hundred and refusing even to dispose of it at that price except only in Exchange for Produce. Justice requires that you should be informed of this accusation and that you should be allowed an opportunity of defending yourself.

WAR OFFICE, Dec<sup>r</sup> 1777.

SIR: It is with great concern I inform your Excellency, on Behalf of a Committee of Congress appointed in addition to the Board of War, of the alarming situation of the Army from the want of Provisions which have produced from General Washington several Letters expressing his apprehension that unless speedily relieved it must "*starve, dissolve or disperse.*"

Congress having directed the Committee to adopt effectual measures for immediately removing the imminent Danger with which we are threatened, they esteem it their Duty to request in the most urgent Manner that you will be pleased without any Delay to cause all the cattle which can possibly be collected within your State forthwith to be taken and sent forward under proper conductors to General Washington's Army without Delay, paying to the persons from whom the cattle are so taken as yourself and the Council of Safety shall deem reasonable, and drawing upon Congress for the necessary sums or giving them certificates expressing the quality, age and weight so taken as nearly as possible, which certificates will be hereafter paid at such prices as shall be fixed on by the Convention of the Committees of the States to be held agreeably to the Recommendation of Congress of the 22<sup>d</sup> Nov<sup>r</sup> last.

The Committee have likewise to request that you will give your utmost assistance to Mr. J. Cuyler, Commissary of Northern Department in laying up plentiful magazines of Flour and Pork in such parts of the State as shall be thought best adapted for that purpose, and that you will likewise be pleased to co-operate for the same purposes with the Governor and Council of Connecticut who are desired to superintend the Commissary Department on the East side of Hudson's River.

The Middle Department is exhausted of Cattle fit for the use of the Army, & the obstructions which have been met with in removing a timely and sufficient supply of Salt from the Eastern States have baffled all Prospects of laying in any large Quantities of Pork in the States of Pennsylvania & Maryland. Without therefore the most Speedy Exertions are made use of immediately to throw in a supply of cattle to General Washington's Army and to lay up Magazines immediately the most fatal consequences cannot but ensue.

The vigorous Exertions made by the State of New York at a period when the affairs of America wore the most alarming aspect, afford us the most pleasing assurances that at this Crisis their Exertions in the Great Cause will not be exceeded by any State in the Union which has been wrote to on this occasion by the Committee.

I have the honor to be with great respect your very obed<sup>t</sup> serv<sup>t</sup>

*Case of William H. Ludlow.*

[Miscel. Pap. 36: 654.]

Dec. 1, 1777.

The Commissioners of Sequestration for the Lower District of the County of Albany beg leave to Lay before the Hon<sup>ble</sup> Council of Safety the following Cases Viz:

The case of William H. Ludlow in Regard to the Effects of Mess<sup>rs</sup> Shaw & Ludlow, stated by Judge Morris & Will<sup>m</sup> H. Ludlow in the paper N<sup>o</sup> 1, Together with the Resolutions of the Committee of Albany which the paper N<sup>o</sup> 2 is a Copy.

The Commissioners conceiving the effects of said Shaw & Ludlow to come under their Cognizance have once and again called on William H. Ludlow & Henry Ludlow to give them information of said goods, they having Refused to give any other information than what is contained in said paper N<sup>o</sup> 1 which is no way satisfactory to the Commissioners, and although the Commissioners have a Power to Committ said Ludlow untill they shall give more perfect information, yet they conceive their might some mischief arise from the Resolution of the Committee on such Commitments without the opinion of the Council first had thereon & the Commissioners being accused (by the common People) of Discrimination in Proceeding to take the Effects of the poorer people, and leaving the aforesaid effects in the State above mentioned, are therefore constrained to Beg the direction of Council in the Premises. it may be added to the above Relation made by Judge Morris s<sup>d</sup> Ludlow pleads said Shaw did obtain from the Convention an Exempt from Military Duty for which and the above Reasons they conceive those Effects to be out of the Pale of the Commissioners Instructions and is the Reason they wont Discover them.

The said Commissioners further want to know what they shall do in the case where the Estate of a Person with the Enemy Lieth in common with another Person Resident on said Estate. Also whether the Commissioners are fully impowered to open houses, sellers, or the ground as the case may be on their having knowledge or cause of Suspicion of goods being secreted their.

The Commissioners further beg leave to acquaint your Honor that they find the allowance made them for wages & Expences is not equal to their expences alone.

*Petition of Catherine Kittel.*

[Petitions, 33 : 439.]

To the Honourable the Council of Safety for the State of New York.

The Petition of Catharine Kittel, Humbly Sheweth,

That your Petitioner is the wife of Andrus Kittel who is gone over to the Enemy in consequence of which his Estate is now seized by the Commissioners of Sequestration, and as she supposes will shortly be disposed of. That your Petitioner has ever during this unhappy war been friendly and well affected to the American cause, and has frequently endeavoured to dissuade her husband from his Evil course and repeatedly warned him of the impending ruin and destruction that would be the inevitable consequences of the unnatural part he was acting, all which she is abundantly able to prove by a variety of circumstances and a number of Evidences of undoubted veracity. That some of the Estate now seized is derived from and she thinks in equity appertains to her, to lose which and be reduced to Poverty and want with a lame and infirm child thro' the misconduct of her Husband, contrary to her inclinations and advice, she can not but consider as the greatest Hardship, and would in Effect be punishing the Innocent for the sake of the Guilty. Your Petitioner therefore most Humbly prays that your Honourable House, considering her friendly disposition to the American cause, and actuated by Principles of Humanity will be pleased to favor her so far as to allow her to retain to herself that part of her husband's Estate that is derived from her, and grant her such other Relief to enable her to support herself and helpless family as to them may appear proper, And your Petitioner as in duty bound shall ever pray.

CATHERN KITTLE.

KINDERHOOK, 2 December 1777.

[Miscel. Pap. 37 : 311.]

Albany, ss.

Jacobus McNeal of the District of Kinderhook and County of Albany weaver, being duly sworn deposeth and saith in the two years last past he has often worked in the House of Andreis Kittle whom this Deponent understands has lately gone over to the Enemy. That he has frequently heard the said Andreis Kittle in discourse with Catharine his wife upon public matters and found that said Kittle was unfriendly to the measures pursued by the Americans in defence of their Liberties but that the said Catharine on the contrary always evinced the most steady attachment to this country. That their difference in sentiments upon this head was often the occasion of disputes between them and further saith not.

That the said Catharine informed this Deponent that she was much against her Husbands conduct and had repeatedly advised him to return home and to surrender himself but that he would not. *President Laurens to the New York Assembly*

[Assembly Pap. 32: 43.]

YORKTOWN, 23<sup>d</sup> December, 1777.

The Honourable the Speaker of Assembly, or President of the Council of Safety.

SIR: I am directed by Congress to transmit to your honourable body the enclosed resolutions which the pressing wants of the Army & the arts and avarice of engrossers & extortioners have rendered indispensibly necessary to the general welfare.

It is with deep concern that Congress, after having for some time contemplated in painful silence the mischiefs which threaten this extended Continent from the growing avarice of the times, feel themselves constrained to recommend measures which the virtue of all classes of men rendered not long since unnecessary, and which a scrupulous regard for the security of property to every citizen of these States has hitherto restrained them from adopting; but (unhappy the case of America) laws unworthy the character of infant republics are become necessary to supply the defect of public virtue & to correct the vices of some of her sons; & she is called upon by the grand principle of self preservation to guard against the parricide of those, whom she has fostered in her bosom.

To minds, whose reflections are employed on the importance of the cause in which we are engaged, & which feel for every circumstance which may affect the Honor & Safety of these States, it must give the most painfull sensations to consider that at a time when the late signal successes we have been blest with, the reduced numbers of the enemy, the difficulties they meet with in procuring foreign levies, & the

political complexion of affairs in Europe, have deprived Britain of many of those resources on which she has so much depended when the numbers and improving discipline of our army, the prodigious augmentation of our military stores, the quantity of Provisions with which this country abounds, & the large supplies of cloathing which have of late been imported by private persons, afford not only the opportunity but the means under Divine Providence of establishing our liberties by a few exertions—this bright prospect should be clouded over, & this great & glorious event endangered by the languor of too many & by the arts and avarice of designing individuals who like the British nabobs of the East are corrupting the manners of a whole nation and building vast fortunes on the destruction of the liberties of the Western World.

It is to be hoped however, that the wise & spirited laws of the different States, aided by the influence & exertions of the real patriots, will apply effectual remedies to these alarming evils; that the old and hardened offenders will be punished; that those in whose bosoms the sparks of public virtue are not yet extinguished, will be reclaimed; the languid roused from their present apathy, & that all classes of men will unite with their former spirit & virtue against an enemy whose progress is marked with every vestige of barbarity, & whose determined object is to establish a tyranny of the most dangerous and debasing nature over the Inhabitants of a vast continent.

Congress flatter themselves that the resolutions herewith submitted will tend to accomplish some of these valuable purposes, & they therefore deem it their duty to recommend them to the serious consideration of your Honourable House, and that they will be carried into execution as expeditiously and secretly as possible.

By order of Congress,

HENRY LAURENS, *President.*

#### *Petition of Catherine Kittle.*

[Petition 31: 1.5.750]

To the Honourable the Council of Safety for the State of New York.

The Petitioner of Catherine Kittle, Humbly Sheweth,

That some difficulties having arisen in the construction of your order of the 3<sup>rd</sup> Instant upon your Petitioner's memorial whereby the favourable Intention of the said Order in your petitioner's apprehension of its true Intent and Meaning will in a great measure be defeated, she is obliged to apply for an explanation which will remove the said difficulties and fix the clearer understanding of them & state of her case is herewith transmitted. That your Petitioner having received the opinion of Counsel to the following purport. That altho' from the novelty of the present case which under all its circumstances is of the first Impression, no settled rule in point can be adduced, yet considering that liberality which is always allowed in the construction of acts of Legislature in support of their true Spirit and Meaning and that it appears evident that the present order granted the Prayer of the Petition presented in favour of a person not necessary to the practice of the Delinquent but averse from his Principles which has not only been suggested but proved and also in favour of a helpless Infant labouring under peculiar infirmities of Body. Considering also the hardship of punishing the Innocent for the sake of the guilty which seems peculiarly reprobated by the Constitution of this State in that Article wherein the corruption of Blood even in cases of Treason is removed. That upon these considerations, even if the Matter was in doubt, an opinion ought to incline to enlarge and not to abridge the Grace extended by the Council. But in the case of the *Increase of the wealth* the Petitioner's application seems to be supported by correct Principles since it is well known that in Instances of Marital Contracts where the wife is permitted to retain her property separate from her Husband's (which seems to be parallel to the present question wherein M<sup>rs</sup> Kittle's Effects brought in Marriage are held up as distinct from her Husband's) she has a right not only to the

specific things but to the Increase and Produce thereof also free from the Control and not forfeitable for the Crimes of the Husband which is a Point established in the Courts of Chancery. That the order of Council therefore upon the first question is decisive in favour of Mr Kittle, but as to the second altho' it be equally clear that she has a right to retain the money she brought her Husband in some shape or other yet as from the changes it has undergone it can not now be specified and as the order of Council is not perhaps sufficiently explicit to be a Rule for the Commissioners, applications should be made for an explanatory Resolve, And as Mr Kittle is desirous of having the benefit of her money in the use of the Farm in the Eike Boss for a Habitation for herself and her Child the value of which it is said is about equal to the money she brought him it might probably have weight in obtaining this request, that part of the Identical money was invested in the purchase of that Farm, and that her Husband before any Act of Delinquency, Declared his Intention of conveying the said Farm to the use of his wife and Child. And the rather as the granting of this case can be of no Prejudice to the Publick, as it is immaterial the value being ascertained, whether she has it in one article or another, upon the foregoing principles and such other as the favourable disposition of the Council shall suggest. Your Petitioner Humbly prays that they will direct the Commissioners, First, Not to sell the said Negro children and secondly to admit her to hold the said Eike Boss Farm, or Grant her such Relief as they shall think proper, And your Petitioner as in duty bound shall ever pray.

CATHARINE KITTLE.

KINDERHOOK, 24<sup>th</sup> December, 1777.

#### Case of Catherine Kittel.

Catharine the wife of Andries Kittel who is gone over to the Enemy, in consequence of which his Estate was liable to sequestration, Having presented to the Honourable the Council of Safety for the State of New York, her Humble Petition bearing date the 2<sup>nd</sup> of this Instant and the affidavits of James McNeil and Jacob Van Hoesen, setting forth her steady attachment to the Cause and Liberties of America, and by the said Petition praying to retain to the said Catharine that part of her Husband's Estate which was derived from her.

Whereupon the said Council were on the 6<sup>th</sup> Instant pleased to Resolve and order that the Commissioners of Sequestration in the Southern District of the County of Albany, Do by the Examination of the said Catherine Kittel on oath, and by the Examination of such other persons on Oath as they may think proper, ascertain the Effects which the said Andries Kittel derived from or acquired by his said wife Catherine. That they Inventory the same accurately but defer the sale thereof and permit them to remain in the Care and Custody of the said Catherine untill further Order, &c

It appears that the said Andries Kittel at the time of his Intermarriage with his said wife Catherine acquired by her one negro wench of whom were afterwards born two negro Girls now alive. It also appears that the said Andries acquired by his said wife Catherine, Bonds and obligations against good and sufficient people to the amount of about £500, the Greatest part of which has been paid to him in Cash and the remainder made payable to him by obligations taken in his own name.

It also appears that the said Andries since his intermarriage with his said wife Catherine did purchase a Farm of Land at a place called the Eike Boss in the District of Kinderhook for the sum of £ part of which said purchase money he paid with money he acquired by her.

It can further be made to appear by the oath of the said Catharine Kittel that her said Husband Andries frequently told her that he purchased said Farm for her and her Child and promised to convey it to their use when ever she would get the said Conveyance Drawn.

*Quere*, Is not the said Catherine entitled by virtue of the aforesaid Order of Council to retain the Increase of the said negro wench which the Commissions claim a Right to dispose of.

2. *Que.* How will she obtain satisfaction for the monies derived from her, and by her Husband applied to his own use? and has she any Claim to the Land in the Eike Boss in the purchase of which some considerable part of the aforesaid money was invested for which and other Considerations the said Andries promised to Convey the said Land to the use of his said wife and his Child by her whose Infirmities were probably one Inducement to the promise?

(Indorsed.) Referred to the Legislature, Jan. 1778.

*Petition of William Frazer and William Cameron.*

[Miscel. Pap. 33: 434.]

The Petition of William Frazer and W<sup>m</sup> Cameron Prisoners of State at Stony Bridge Marbletown to the Hon<sup>ble</sup> Convention of the State of New York now sitting, Humbly Sheweth,

HEAD QUARTERS, VALLEY FORGE, Dec<sup>r</sup> 29<sup>th</sup> 1777.

SIR: I take the liberty of transmitting you the enclosed return, which contains a state of such of the New York Regiments as are in the army immediately under my command. By this you will discover how deficient, how exceedingly short they are of the compliment of men, which of right according to the establishment they ought to have. This information I have thought it my duty to lay before you, that it may have that attention which its importance demands; and in full hope the most early and vigorous measures will be adopted not only to make the Regiments more respectable but compleat.

The expediency and necessity of this procedure are too obvious to need arguments. Should we have a respectable force to commence an early campaign with, before the enemy are reinforced, I trust we shall have an opportunity of striking a favourable and happy stroke. But if we should be obliged to defer it, it would not be easy to describe with any degree of precision what disagreeable consequences may result from it. We may rest assured that Britain will strain every nerve to send from home and abroad, as early as possible, all the Troops it shall be in her power to raise or procure. Her views and schemes for subjugating these States and bringing 'em under her despotic rule, will be unceasing and unremitted. Nor should we, in my opinion, turn our expectations to, or have the least dependence on the intervention of a foreign war. Our wishes on this head have been disappointed hitherto, and I do not know that we have a right to promise ourselves from any intelligence that has been received, bearing the marks of authority, that there is any certain

prospect of one. However, be this as it may, our reliance should be wholly on our own strength and exertions. If, in addition to these, there should be aid derived from a war between the enemy and any of the European Powers, our situation will be so much the better. If not, our efforts and exertions will have been the more necessary and indispensable. For my own part I should be happy if the idea of a Foreign Rupture should be thrown intirely out of our scale of Politics, and that it may have not the least weight in our public measures. No bad effects could flow from it, but on the contrary many of a salutary nature. At the same time I do not mean that such an idea ought to be discouraged among the People at large because the event is probable.

There is one thing more to which I would take the liberty of soliciting your most serious and constant attention, to-wit, the cloathing of your troops and the procuring of every possible supply in your power for that end. If the several States exert themselves in future, in this instance, and I trust they will, I hope that the supplies they will be able to furnish in aid of those which Congress may immediately import themselves, will be equal and competent to every demand. If they do not, I fear I am satisfied the troops will never be in a situation to answer the public expectation and perform the duties required of them. No pains or efforts on the part of the State can be too great for this purpose. It is not easy to give you a just and accurate idea of the sufferings of the army at large—of the loss of men on this account—were they to be minutely detailed, your feelings would be wounded and the relation would probably be not received without a degree of doubt & discredit. We had in camp on the 23d instant, by a field return then taken, not less than 2898 men unfit for duty by reason of their being barefoot and otherwise naked. Besides this number, sufficiently distressing of itself, there are many others detained in hospitals and crowded in farmers' houses for the same cause. In a most particular manner I flatter myself the care and attention of the States will be directed to the supply of shoes, stockings & blankets, as their expenditures from the common operation and accidents of war is far greater than that of any other articles. In a word, the united and respective exertions of the States cannot be too great—too vigorous in this interesting work, and we shall never have a fair and just prospect for success till our troops (officers and men) are better provided than they are or have been.

The return transmitted comprehends only such troops of your State, as are at this camp, I imagine all the regiments stand nearly upon the same footing in point of deficiency, and from it you will be able to form a pretty just estimate of the men that will be necessary to fill the whole.

Before I conclude, I would also add that it will be essential to inoculate the recruits or levies as fast as they are raised, that their earliest services may be had. Should this be postponed, the work will be to do most probably at an interesting and critical period and when their aid may be very materially wanted.

I have the honor to be, with great respect, Sir, your most obedient servant,  
G<sup>o</sup> WASHINGTON.

P. S. We have taken post here as the most convenient place to restrain the ravages of the enemy, and are busily employed in erecting Huts.

pr order of Com<sup>tee</sup> of Safety &c.DAN<sup>LL</sup> KINNE, Chairman.*Memorial of William Foster.*

[Assembly Pap. &amp;c., 14: 530.]

To the Honorable the Senate and the house of Assembly of the State of New York.

The Memorial of William Foster, a Private Soldier, in the Seventeenth Regiment of Militia, of the County of Albany, of which William B. Whiting Esquire is Colonel, Humbly Sheweth:

That your Memorilist has been from time to time, called out in the Defense of the Liberties of his Country, in the Present war; that he so early as the commencing of Hostilities, did enter into the Service of this State, in one of the Companies that composed Col Van Schaack's Regiment.

That your Memorilist, always most Cheerfully, submitted to the hardships he was called to endure, for the Defense of his Country, and Readely Obeyed such Orders, as he Received from his Officers at all times.

That your Memorilist, was out in the Militia, after the Taking Ticonderoga, by the enemy, the last year, and was in the Retreat from Fort Edward, and on the 30<sup>th</sup> day of July last, was most unfortunately for himself, wounded by a musket Ball in his face, by which he entirely lost one of his eyes, and was at the same time made a Prisoner, and carried into the enemy's camp, from whence he made his escape, before General Burgoyne's captivity.

That your Memorilist lost by being Taken a good Beaver Hatt, his Gun and accouterments.

That your Memorilist yet Remains under the Doct<sup>r</sup> care, and that he has lately consulted one of the Principle Doct<sup>r</sup> of the Continental Hospital at Albany, who tells your Memorilist, that he must not Labour for a year to come, for if he doth his wound will not be well.

Your Memorilist begs leave further to observe, that he has at Present, no way that he can subsist himself, nor Discharge his Doct<sup>r</sup> Bill, which is annexed hereto, that his Parents are in such low Circumstances, in Life, that they are not able to afford him any Relief.

Now your Memorilist, after Resiting these facts (the truth of which Col Whiting is knowing to) Humbly Prayes, that your Honorable Body, would take his case into your wise consideration and as your Memorilist has in the way of Divine Providence, met with his Distress through his Zeal and Love for his Country, he Humbly Prayes that he may have the Compassion of it in Relieving his Necessities, so that he may be enabled to Live without the Disagreeable way of Begging for Charity which he is encouraged to ask for, from the ample provision the Honorable Congress have made for the wounded in the Continental army, and also, from what other States have done for the Relief of their wounded Militia in their Service. Which as your Memorilist in Duty Bound shall ever Pray.

KINGS DISTRICT, 29<sup>th</sup> May 1778.

*Petition of Libbeus Mead.*

[Assembly Pap. &c., 14: 528.]

To his Excellency the Gov<sup>r</sup> and the Hon<sup>bl</sup> the Senate and Assembly of the State of New York:

The Petition of Libbeus Mead of the Manor of Cortlandt in Westchester County in said State humbly Sheweth—

That your Petitioner in the spring of the year 1774 Removed from Greenwich in the State of Connecticut and settled on the said Manor, and there set up his Buisness of Tanning and Shoemaking, and by his peaceible and quiet behaviour, obtained the affection and good will of his neighbours, and by his Industry and economy, had obtained an agreeable prospect of living in decency, plenty and repute among the good people there, and so continued to prosecute his buisness, untill in June 1775, when the usurpations of Great Britain and her Military attacks upon America, rendered it necessary for the preservation of our Invaluable Rights and privileges to have recourse to arms. Your Petitioner out of a sincere regard for the cause of his Bleeding country, quited his buisness, and all his hopeful prospects, and Voluntarily Enlisted into Col Charles Webb's Regt, and faithfully served therein, at Cambridge and Elsewhere untill it was discharged, and then your Petit<sup>r</sup> returned home, and in the spring of 1776 your Petit<sup>r</sup> still animated by the same love for his country, again enlisted in Capt Slawson's Comp<sup>r</sup> and Col Drake's Regt of this State, and in like manner faithfully served therein until he was properly dis-

charged—that he then again returned home, but in a very weak and low state of health, he having been long sick; but as soon as he had recovered, he with the greatest cheerfulness turned out with the Militia in the defence and protection of the country whenever called upon, and that in April 1777 when the Enemy made their tour to Danbury, your Petitioner then again Voluntarily turned out with the Militia his neighbours under the command of Capt Seeley, and the Petit<sup>r</sup> was in the Battle at Richfield, and pursued them quite to Campehill, and that on his march down from Richfield, the Petit<sup>r</sup> in persute of the Enemy accidentally got seperated from the s<sup>d</sup> Comp<sup>y</sup> to which he belonged, and he then joined a company of Rangers under the command of Capt Silvan<sup>r</sup> Mead of Greenwich, which company was by General Arnold ordered into the front of the attack, and was in the action on Campehill, the foremost in attacking the Enemy, when and where the Petit<sup>r</sup> being one of the advanced guard, he received a ball from the Enemy near his hip, which entered his body and lodged near the backbone which took all sensation and motion from him below the wound, and immediately bro<sup>t</sup> the Petit<sup>r</sup> to the ground; the Enemy pushing hard on our party with treble our number, for want of seasonable reinforcements our party was obliged to retreat, and leave the Petit<sup>r</sup> to fall into their merciless hands; they came up to the Petit<sup>r</sup> and he then resigned his arms, and himself to them a prisoner, and begged for quarter, but with their usual Inhumanity they refused to give any, but with Bayonets stabbed your unfortunate and helpless Petit<sup>r</sup> in the side of his face and cleaved the cheek from the jaw bone. Then again they stabbed him under his ear, then in his Head, then turning him over stabbed a bayonet into his back, then roaling him over, stabbed him twice in his arme, then into his side, and also into his Belly, all which more than savage cruelty exercised on the Petit<sup>r</sup> in his helpless condition, he was compelled to bear, and they then supposing him to be dead, stripped him where he lay in the greatest pain and anguish untill our men came on again, and discovered the Petit<sup>r</sup> to be alive and carried him to a house, from whence, in a few days, in a Horse litter he was conveyed to Greenwich, where he lay in a Languishing and helpless condition untill the next November, being all that time with and taken care of by his friends, and although by the blessing of God the Petit<sup>r</sup> wounds are healed and appear well, yet he has lost the use of his feet, and but little probability of his ever recovering the use of them. The Petit<sup>r</sup> further begs leave to observe, that he has very little Interest left to support him, and that he is by his before rescited wounds, rendered incapable of supporting himself, and his prospects in life cut off, all which concur to present a gloomy scen before him—the Petit<sup>r</sup> thereupon humbly prays his Excellency and the Hon<sup>ble</sup> Legislature out of their great goodness and Compaition to take his distressed case into their wise and benevolent consideration, and be gratically pleased, either by themselves, or appoint two or three wise faithful and judicious gentl<sup>n</sup> to enquire into the truth of the fact herein mentioned, and Report make, that the suffering state of the Petit<sup>r</sup> may have and obtain relief, either in the way provided by the Hon<sup>ble</sup> the Continental Congress, or in some or such other way, as in your great wisdom shall seam meet and suitable, and he as in duty bound shall ever Pray.

Dated at the Manor of Cortlandt this the 3<sup>d</sup> day of June 1778.

*Petition of Major Robert Cochran.*

[Assembly Pap. 14: 513.]

To his Excellency GEORGE CLINTON, Esq<sup>r</sup> Governor of the State of New York, general and Commander-in-chief of all the Militia, and Admiral of the Navy.

The Petition of Robert Cochran Major in the Third New York Regiment of New York Forces in the Continental Service, humbly sheweth:

That your Petitioner is a Freeholder and Inhabitant of this State. That he has a wife and six children with whom he lived at Lake Champlain (opposite Gilliland's Creek), on some of his lands there, until the operations of the war to the northward, rendered it necessary for him to leave his Habitation and retire with his family into the more interior parts of the country.

That your Petitioner being convinced of the just Rights of this Country in its Contest with Great Britain, and of the Justice as well as Expediency of opposing by Force of Arms their tyrannical usurpations, was one of the first in this State who stood forth and entered into the service of his Country.

That as early as in May, 1775, your Petitioner was one of the Officers (a captain) of the Party of troops that took at Crown Point one Serjeant and one Commissary and twelve Privates of the British Army who were sent down to Albany as Prisoners of war and have since been exchanged.

That your Petitioner have ever since been in the Continental service, and humbly presumes it is not in the Power of Man to alledge any Thing against his Character as an officer, a gentleman, or a soldier.

That in Virtue of a Resolve of Congress the officers and soldiers in the Continental Army are each to have a certain Proportion of Lands according to their respective Rank & Stations, as a Reward for their services.

That a Major, by that Resolution, is entitle to four hundred Acres.

That there is at Crown Point a Tract of vacant Land of about four hundred Acres, and part of which has been heretofore reserved by the Crown of Britain, as your Petitioner has been informed, for the use of a garrison there in Time of war.

Your Petitioner therefore most humbly prays your Excellency to take these matters into consideration and to grant your Petitioner a Patent of the said Land under such Conditions, Restrictions, & Limitations as your Excellency shall deem necessary or expedient. And your Petitioner will ever pray &c.

ALBANY, 18 May, 1779.

ROBERT COCHRAN.

*Petition of Captain John Doughty.*

[Assembly Pap. &c., 14: 483, 485, 487, 489, 490, 493, 497.]

To the Hon<sup>bl</sup> Senate & House of Assembly for the State of New York.

The Petition of Capt John Doughty of the State of New York, in Behalf of himself and the officers, non-commissioned officers and matrosses belonging to the State of New York, now serving in Coll Lamb's Regiment of Artillery, humbly sheweth:

That your Petitioner hath been engaged in the Corps of Artillery in the service of his country since the Beginning of the year 1776.

That your Petitioner now has the Honour of commanding a company raised by the Provincial Convention of this State in the year 1776, then raised during the present Warr, and commanded by Lieut-Coll. Hamilton, now Aid-D'Camp to the Commander-in-Chief.

That your Petitioner and the officers and men under his command, & also the officers and men belonging to the company raised at the same Time, and under the same circumstances, lately commanded by Maj. Beauman, now by Capt George Fleming, have struggled in the service of their country together with many other officers and soldiers since raised, & now in the same regiment with your Petitioner (as will appear by the Returns handed to your Hon<sup>bl</sup> House herewith) under all the Disadvantages of a hard service & a depreciated currency.

That your Petitioner and his Brother Soldiers, impelled by the same laudable Principles, which first induced them to step forth in the glorious cause in which they are now engaged, feel anxious to continue and persevere therein so long as their country may have a call for their services.

That your Petitioner and his Brother Soldiers from the Peculiarity of their Situation, in not being adopted by the State to which they belong, have more severely felt the Hardships of Warr and the Effects of the Deprivation of our Currency than their fellow-soldiers serving in the same cause and belonging to the same State.

That your Petitioner and his Brother Soldiers almost borne down by their Disadvantage, have petitioned the Hon Congress and the Commander-in-Chief, as well as the Legislature of this State, for Relief in the Premises. In Answer to which your Petitioner and his Brother Soldiers have always been promised that the same Justice should be done, and allowance made to them that was done and made to the Troops belonging to the same State.

Having the good of the service and the hopes of this future Recompense in View, your Petitioner and his Brother Soldiers have drawn money upon the credit thereof from their friends, or else from the Smallness of their Finances they could not have subsisted.

Your Petitioner and his Brother Soldiers, looking up to the Justice of your Hon<sup>l</sup> Houses, do therefore beg that they may be adopted as Part of the Troops of this State; and that the same Benefits that have been *enjoyed* and that *may be enjoyed* by the Troops of this State, may be extended to them, or some Equivalent such as in your Wisdom you shall deem Just & Right may be granted to them. And your Petitioner as in Duty bound will ever pray.

*Petition of Adjutant Hoogland and Colonel Dickinson.*

[Assembly Pap., &c., 14: 501.]

To His Excellency the Governor, the Senators & Assembly of the State of New York.

GENTLEMEN: To bear afflictions without repining has in all Ages been Deemed a Mark of Fortitude worthy of Commendation; but in a Land where Freedom has been the object, and proposed as the Reward of so Bloody and severe a Conflict as this country has felt, to suffer under Grievances without Remonstrating, is so far from proving its Principle a Virtue, that it Degenerates into a Vice too odious to be acknowledged by any Inhabitant in these *Free and Independent States*.

From this *Preamble* it will easily be conjectured that we suppose ourselves aggrieved, and wish Redress. The conjecture is Just, and we feel a Degree of Satisfaction not easy to be expressed, that we have an opportunity to lay our complaints before a Legislature chosen of Freemen from amongst ourselves, whose only aim can be the Prosperity and well being of those they Represent.

In the course of the arduous struggle in which we have been engaged, a Variety of Calamities have befallen Individuals not in the power of any Legislature to fore-

see or avert—But that some who now stand foremost and most exposed in this contest, suffer peculiar hardships, is a truth which, we trust, none will deny. The depreciation of our continental currency has now become so greates and apparent, that to pretend to conceal or Disbelieve it, would rather be thought to Proceed from an *Obstinate* than a *Patriotic* Principle—the next question then arising is who are the principal sufferers—so long as the Intercourse between man and man subsists, and one Commodity bears pace with another, the Farmer and Merchant do not so readily feel the loss which the Public credit Sustains; but those whose *Salaries and Services* are fixed, feel the full weight of this Burthen, and must with *groaning bear up*, or with *bitterness sink under* the Load. It will not be Difficult to point out the men who more Immediately suffer in this Conflict; That the army have sacrificed much, none will Deny, but where the sacrifice will end it is hard to predict, while the Depreciation so rapidly continues. To whom then must we look for Redress? Certainly to our Constituents whose battles we are fighting, and whose Freedom we are Defending Jointly with our own—To you therefore we look up, in behalf of those in our Corps, which belong to this State, and while we give you our most Faithfull Services, we ask but the fulfillment of your most Solemn assurances—The Promise and Obligation on both Parties are mutually binding. We ask that General Justice may be done to the Troops of this State at large, and then that we may be considered among them; Reason pleads in favor of the Former; of the Latter a Resolution of the Hon<sup>ble</sup> Continental Congress of March 15th 1779 a copy of which is herewith enclosed—By this it appears that we are accounted as part of the Quotas of those States to which we respectively belong, and of course equally entitled to the advantages they afford.

We further beg leave to lay before the House the enclosed copy of an act of the Hon<sup>ble</sup> Assembly of the State of Connecticut, passed in Consequence of the aforesaid Resolution of Congress.

Our situation is certainly very critical and trying, and after Duly stating our case, we trust we have Discharged that duty which we owe ourselves and those under our command.

Wishing your earliest Decision on this Subject, we remain gentlemen, with every mark of esteem and regard

Your most ob't and Very Humble Sv<sup>ts</sup>

CROMPOND, June 14<sup>th</sup> 1779.

JERONEMUS HOOGLAND,  
*Lieut & Adj't 2<sup>d</sup> Reg't Light Dragoons,*  
SILVANUS DICKINSON,  
*Com<sup>d</sup> 2<sup>d</sup> Reg't L. Dragoons.*

The Committee to whom was referred the petition of Jeronomus Hoogland & Silvanus Dickinson of the second regiment of light dragoons, in the service of the United States, in behalf of themselves and others, report,

That provision ought to be made for the petitioners and others, and beg leave to recommend the following resolutions, to-wit:

*Resolved*, That the same provision be made for the officers, non-commissioned officers, and soldiers, now belonging to the corps of light dragoons and artillery and infantry, and the corps of artillery artificers, which are or may be considered as part of the Quota of troops raised within this State, agreeable to a resolution of Congress passed the 15<sup>th</sup> of March, 1779, which hath been made for the officers, non-commissioned officers and privates in the five continental Battalions, raised under the direction of this State, by an act entitled *an act for the payment of the several officers of Government, and for other purposes therein mentioned*, passed the 13<sup>th</sup> March, 1779.

*Resolved*, That in every future provision to be made by this State, the said respective corps be provided for in like manner, with the five continental battalions raised within this State.

[Assoc. 30: 511.]

SIR: Among other Resolutions of Congress one of the 5<sup>th</sup> of May last relative the Settlement of accounts of the late Commissary Gen. Trumbull has been laid before the Legislature.

An Act of the Legislature of this State passed the 5<sup>th</sup> day of March 1779, Entitled [An Act to enable the Recovery of the Continental Demands, and for punishing the Misbehaviour of Persons in Continental Employ] is perhaps as ample and full for this purpose as any Law that can be passed. If on perusal of the said Act any further provision would be tho't necessary, it will be necessary for some Gentleman at Congress by a private Letter to some person here to suggest what may be most conducive to such settlement. An Act passed as early as the 30<sup>th</sup> of March 1778, appointing persons to take in Subscriptions for Loans on Loan office certificates, has hitherto been ineffectual because the persons appointed cannot afford, at their own Expense & risque to receive large Sums of Money Convey the same to the Treasury Office and obtain & distribute the Certificates.

Dirck Ten Broeck, Esq<sup>r</sup> Commissioner of the Continental Loan office in this State, (on account of his ill state of Health) has sent to the Legislature a resignation of that office. An Act will speedily pass to enable the appointment of a Successor with proper Sureties.\* As there are several Candidates for the Office I can't yet inform you who will be the officer, tho I presume it will be either Abraham Yates, Jun. Esq<sup>r</sup> Joseph Gasherie Esq<sup>r</sup> or Colo Lush.

If Congress would make it the duty of the Commissioner of the Loan Office, or some other provision to deliver the loan office Certificates to those who take the Subscriptions and to receive the money and convey it to the Office large sums might be obtained.

I am of opinion that by proper Measures and attention much more than half the money in the State might be speedily brought into the Loan office.

CAMP ORANGE TOWN, 16th Aug. 1780.

SIR: Your Excellency's favor of y<sup>e</sup> 20th ult. directed to General Clinton, I had the honor to receive, the General being absent; and have agreeable to your Excellency's request, referred the affair of Mr Glenny to the field officer of the brigade. If your Excellency, by the particular reference of Mr. Glenny's case to us, intended that we should determine what the General Practice of the army has been in like cases; we are not sufficiently informed to give a determinate and satisfactory answer;—if we were to confine our inquiry to the practice of the Brigade, several instances might be added in favour of Mr Glenny's claim—but if we were to speak our minds on the propriety of his claim, abstracted from precedent—and mention the particular point of time that his promotion should on strict military principles be dated, we must declare that it is our clear and unanimous opinion that, while Mr White continued in service, Mr Glenny could have no claim to an elder vacancy, but that his promotion should be dated on the day of Mr. White's resignation.

Should the council of appointment be influenced by our opinion and adopt it as a rule for future promotions, beginning with Mr. Glenny, we would recommend it to them to attend to Mr. Bagley's appointment, who is in the same predicament with Mr. Glenny, and date his promotion on the 31st day of March 1780, the day of Mr. Spoor's dismissal from service.

Capt. Wiley in a letter which I have lately received, mentions a necessity of appointing an Issuing Commissary which the law of y<sup>e</sup> Legislature makes no provision for; and requests that I would suggest the matter to your Excellency; that some temporary appointment may be made to prevent any delay of our receiving those stores which are to be at Mr. Guysbert Schenck's at Fish Kill the 20th inst. As we have no particular person in view, for this place, we submit the appointment to your Excellency.

I have the honor to be your Excellency's most ob<sup>t</sup> hum. serv<sup>t</sup>.

PETER GANSEVOORT.

*Petition of Officers of the New York Continental Regiments.*

[Assembly Pap. 1: 223.]

To the Honorable the Senate and Assembly of the State of New York:

Conceiving ourselves impelled by Principles of Patriotism, love of Freedom, and attention to the Public Weal, to announce our Sentiments on the present important subject of the Public Finances; We the Officers of the New York Line who hold our appointments under the Legislature of our State, beg leave to remark:

That though we have with no small degree of pain and anxiety observed the Daily and Rapid Depreciation of our Currency whereby the joint and collected

Efforts & Exertions of the Continent have been in some measure baffled, the object of the War delay'd, and the event in a small degree made doubtful; we do with no less pleasure behold the genius of America, happy in invention and fruitfull in its expedients, pointing to a measure which at the same time that it seems calculated to prevent an increase of those Mischiefs that threatened from a farther depreciation, appears to us the only eligible means to effect the important object of its Design at this interesting Period.

Had we been actuated by those motives that have unfortunately characterized so large a class of People, and like them basely prefer'd the Amassing of Wealth to the Public and General Good, or having receiv'd large sums of the present circulating money at an early period of the Controversy, and from a Persuasion of its ultimate Appreciation, had we quietly retained it to the present day, perhaps in either of those cases a *Slight* and *Partial* Enquiry into the subject might induce a Wish repugnant to the laudable Design of the Resolutions & Recommendations of the Honorable the Congress of the 18th of March last.

But unembarassed with the Fetters of Interest, we conceive ourselves competent to the task of Judging on this Subject, and are well convinc'd that it is not only the Measure which reason and good Policy dictate, but that it is so necessary for the Preservation of the Public cause, that it should be adopted by the several Legislatures without Delay, to the end that the public Measures pursuing by Congress may not be Deranged nor the service Impeded.

We therefore in our own names as Inhabitants of the State, most earnestly solicit that the Resolutions and Recommendations above alluded to, may meet the Countenance and Concurrence of your Legislature, and be by you adopted as early as convenient.

We have the honour to be, with due respect, Gentlemen,

JAMES STEWART, *Capt. Commanding.*

averse to every uniting System of Policy, and studiously shunned the Paths to Harmony and Peace.

But it is not my Aim to call them to a hopeless and mortifying Review of their Conduct. Can they want Evidence at this Day of the Detestation of their Measures, by an increasing Majority of their own Countrymen? And having every Thing to fear from their exhausted Patience, I warn them to desist from any future Attempts to restrain and seduce the Loyalty of others, and wisely to provide against their Resentment, by signaling themselves, as heretofore in exacting, so now in closing the Scene of their intollerable Calamities. And I hereby give the strongest Assurances of effectual Countenance, Protection and Support to all Persons who avail themselves of the Proclamation issued by his Excellency Sir Henry Clinton, dated at James Island the third Day of March.

Less inclined to reproach than to conciliate, to aggravate than to forget even the Guilt of those, who, privy to the repeated Calls of Great Britain to Friendship, upon Terms adequate to the Desire and Expectation of their Constituents, yet nevertheless forbore to reveal them that they might with the greater Ease, press the Antient Enmity of foreign Foes, to the Aid of their own Ambition and Avarice, I exhort them to seek an Early Refuge in the abundant Clemency of the Crown from the Perils to which they have exposed themselves, by Measures fraudulently concerted and tyrannically enforced, and affording by the complicated Miseries they have brought upon their Country, and the mighty Ruin still impending irresistable Evidence of the Folly and Malignancy of the Councils by which its affairs have been conducted.

Towards redressing the Disorders, arising from the Loss or want of Charters, I recommend it to all concerned, to apply without Delay in the ordinary Course for Charters, which shall be granted as soon as Civil Authority takes Place.

As to the Public Books of Record, so important to your Titles and Estates in all Parts of the Colony and formerly lodged in the Secretaries Office, I understand that they were separated from the Rest by the provident Circumspection of my Predecessor, whose Merits are above my applause and have often had yours; and having been afterwards sent Home for safe Custody, you may rely upon their being carefully preserved, and duly returned as soon as the Common Tranquility is restored.

I now call upon every Individual in the Colony to shew his Allegiance, Fidelity and Patriotism, by affording his Assistance towards accomplishing the Kings most gracious Design of restoring the Blessings of Peace and Good Government; and they who shall most distinguish themselves by their laudable Efforts for those good Purposes will most assuredly best recommend themselves to the Royal Approbation and Favour.

Given under my Hand and the Great Seal of the Province of New York, in the City of New York, the Fifteenth Day of April 1780, in the Twentieth year of his Majesty's Reign.

JAMES ROBERTSON.

By His Excellencys Command,

SAM BAYARD, Jun<sup>r</sup> D. Secry.

GOD SAVE THE KING.

To his Excellency JAMES ROBERTSON, Esquire, Captain General and Governor in Chief, in and over the Province of New-York, and the Territories depending thereon, in America, Chancellor and Vice Admiral of the same, and Lieutenant General of his Majesty's Forces, &c.

*Petition of the Executor of the late General Montgomery.*

[Assembly Pap. &c. 14: 214.]

To the honorable the Legislature of the State in Senate and Assembly convened:

In behalf of Lady Ranelagh sister and heir to the late Major General Richard Montgomery the Petition of Robert R. Livingston Ex<sup>r</sup> of the Last will & Testament of the said Richard Montgomery deceased Humbly Sheweth,

That in the year 1775, the Farm of the Late Gen<sup>l</sup> Montgomery situate near Kings Bridge was fixed on by the Hon. the Provincial Congress of this State as a proper situation for a fort; that in the same year fort Independence was accordingly erected there with its Dependencies by which means the Dwelling House, Barn, Outhouses, Woods, and a very fine Orchard situate on the said farm were utterly destroyed and the Farm itself, containing upwards of seventy-five acres so much impaired by being repeatedly stripped of its sod and cut up with Ditches as to be of little or no value. Now therefore your Petitioner prays that in consideration of the premises your honorable Body will be pleased to make such compensation to the said sister and heir of the said Gen<sup>l</sup> Montgomery either in specie or in unappropriated Lands as to your honors shall seem meet.

And your Petitioner shall ever pray, &c.,

NEW YORK, March 1st, 1785.

ROB<sup>t</sup> R. LIVINGSTON.

*Petition of the Executor of the late General Montgomery.*

[Assembly Pap. 29: 211.]

To the People of the State of New York represented in Senate and Assembly:

The Petition of Robert R. Livingston surviving Ex<sup>r</sup> of Richard Montgomery late a Maj<sup>r</sup> Gen<sup>l</sup> in the service of the United States of America, humbly sheweth,

That the said Richard Montgomery was in his life seized in fee of a certain farm near Kingsbridge whereon fort independence was erected that he had expended

considerable sums of money in building fencing planting & otherwise improving the same. That during the late war the said farm was occupied by the troops of the United States who erected a fort thereon by order of the provincial Congress of this State and as your petitioner has understood on an express promise from them that the injury the said Richard sustained thereby should be repaired by this State — that in consequence of the erecting of said fort & the long occupation thereof by the troops of the United States the said farm is so injured as to be at present of little value the houses being pulled down the timber and fruit trees destroyed, the fences even those that were made of stone levelled with the ground & the sods and soil of the meadows and pasture grounds being in many parts dug up. And your Petitioner further sheweth that the Viscountess of Ranelagh the sister of the said Richard was by his last will and testament constituted his residuary Legatee & devisee & thereby became intitled not only to the said farm but to all the compensation which the said Richard Montgomery had he lived, w<sup>d</sup> have been entitled to receive from the State for the injury his estate sustained by the destruction of the said farm. Your petitioner therefore prays in behalf of the said Viscountess of Ranelagh that you would take these facts into consideration and if the circumstances of the State should render it inconvenient to compensate in money the loss she has sustained to make her such allowance out of the unappropriated Lands of this State as to them shall seem just and reasonable. And to enable her and her heirs to hold the same notwithstanding their not being natural born subjects of this State or in a situation to be naturalized therein. And that said provision may be extended to such Lands as the representatives of the late Gen<sup>l</sup> Montgomery might be entitled to by a former law of this State. Your Petitioner is induced to make this request not only from the meritorious services of the said Richard Montgomery but from the loss his family have sustained by the note given for his pay while in the service of the United States & by the discharge of a considerable sum of money debts due to him in continental bills of credit which have depreciated in the hands of his representatives.

And your Petitioner shall ever pray &c.

R. R. LIVINGSTON.

In Senate Dec. 31 1788. Read & Committed to Mr Duane, Mr Yates and Mr Morris.

#### Report.

[Senate Jour. 12 Sess. 30.]

IN SENATE, Saturday morning, January 10, 1789.

Mr. Duane, from the committee to whom were referred, the petitions of Robert R. Livingston, Esquire, in behalf of the Countess of Renelagh, sister and devisee of the late Major-General Montgomery; and the petition of Erneste Guillaume Baron de Rottenborough, in behalf of himself and Louisa Henrietta his wife, sister of Capt. Charles Willyamoes, and of Maria Francoisa Judith Willyamoes; having examined the said petitions and several papers communicated to them on the subject thereof, reported, that it appears to the committee, that the said Major-General Montgomery was seized at the time of his death, of certain lands and tenements in this State. That his farm at Kingsbridge, whereon Fort-Independence was erected, with the buildings thereon, were occupied by the troops of the United States, during the late war, and thereby greatly injured. That the said General Montgomery, among other Officers of his rank, would have been entitled to a gratuity of acres of land from this State. That the Viscountess of Renelagh is, as represented to your committee, by his last will and testament, constituted his residuary devisee, and entitled to his real estate. That the said Viscountess is a subject of Great-Britain, resident in the kingdom of Ireland. That the said Captain Willyamoes, before the revolution, resided in this country; that he was a native of the Canton of Bern, in Switzerland, and became naturalized by a law of the then Legislature, as represented to your committee, and purchased lands and tenements both in New-York and New-Jersey; and died intestate and without issue, at Paris, on his way to settle in this State of New-Jersey, in the year 1785. That it is represented to

your committee, that he left two sisters, the said Louisa Henrietta, the wife of the said Baron de Rottenborough, and Maria Francoisa Judith Willyamoes, who appear by the documents produced to your committee, to be coheirresses of his real estate, but that the said Maria hath transferred her right therein, to her said sister, who hath authorized her husband, the said Baron de Rottenborough, to manage the rights and estate which appertained to the said Capt. Willyamoes, in these United States, and to secure the legal title thereto.

That the principal object of both the said petitions, is to obtain a provision by law, that the two ladies respectively claiming the said estates, and their heirs, may enjoy the inheritance thereof; although they are not natural born subjects of this State, nor in a condition to be naturalized therein: And that the said Countess of Renelagh may have a provision made for her by law, for securing to her such lands as the said Major-General Montgomery may be entitled to by a former law of this State, with such addition thereto as they may think fit to grant, as a compensation for the injury alleged to be done to his property, in the manner aforesaid, and as a mark of public regard for the great and eminent services which he has performed for the United States, in the course of the late war, and the great loss his family have sustained, by his fall in storming the lines of Quebec.

That several other cases have come to the knowledge of the committee, under similar circumstances, with respect to the obstacle of claimants not being natural born subjects of this State, nor in a condition to be naturalized therein, and that it is highly probable, that a Legislative interposition will be sought for in those instances likewise: That the committee are therefore of opinion, that it will be best at once to provide a remedy, by a general law. It also appears to your committee, that it will induce to the emolument of the State, to facilitate the transfer of all such lands, claimed under the circumstances above mentioned, to citizens of this State, whose interest it will be to attend to the improvement and cultivation thereof.

That therefore, in the opinion of the committee it may be proper to direct a bill to be brought in, for the relief of all persons holding or claiming lands, tenements and hereditaments, within this State, under titles derived from the late Colony now State of New-York, before the nineteenth day of April, 1775; thereby enabling them to grant, bargain, sell and convey any such lands, tenements and hereditaments, to any of the citizens or subjects of any of the United States; and providing that such grants, sales and conveyances, with respect to such lands, tenements and hereditaments, shall be good and valid in the law, to all intents and purposes, notwithstanding the obstacle of alienism, or any doubt respecting the same, and as if such deeds and conveyances had been granted or made by a natural born citizen, of one of these United States, having the same right and title: Which report he read in his place, and delivered the same in at the table, where it was again read and agreed by the Senate. Thereupon,

*Ordered*, That the same committee do prepare and bring in a bill for the purpose.
